

PRIZE

Cream Cleanser For Porcelain, Tile, Enamel & Metal

DESCRIPTION

A mildly abrasive, highly effective liquid scouring compound. Contains no acids and will not scratch surfaces. Quickly and effortlessly removes soap film, grease, stubborn scuff marks, rubber burns, rust stains, etc. Easy to use, easy to rinse. No powdery film and leaves surfaces sanitary.

BENEFITS

CONTROLLED DISPENSING: The flip top on the bottle releases just the desired amount to do your job.

CLEANER CLEANING: Unlike dry scouring cleansers, there is no powder to disperse beyond the job you are doing.

WATERPROOF CONTAINER: Prize is packaged in plastic bottles, not spiral cardboard that gets wet and deteriorates.

POLISHES AS IT CLEANS: Brings porcelain, ceramics and similar surfaces to a high shine.

NON-SCRATCH: Made with abrasives graded to remove stubborn soil without damage to surfaces.

LEAVES SURFACES SANITARY: Removes dirt, grease and other contaminants.

HOW TO USE

Squeeze a few drops into a damp cloth or sponge, or directly on the surface to be cleaned. Rub soiled area lightly in one direction with cleaner. Rinse off with water or wipe with a wet cloth or sponge.

USES

Cleans sinks, tubs, shower stalls, wall tile, drain boards, toilets, urinals, water fountains, stoves and appliances. Safe to use on porcelain, ceramics, enamelware, stainless steel, chrome, aluminum, brass and other metals.

SPECIFICATIONS

APPEARANCE.....	White cream
ODOR.....	Floral
SPECIFIC GRAVITY.....	1.250 ± 0.005
DENSITY.....	10.43 ± 0.05 lb/gal
BOILING POINT.....	Near 212°F
pH.....	12.0
FLASH POINT.....	N/A
STABILITY.....	One year minimum

PRODUCT CODE.....PRZ
