

SILK ESSENCE

Liquid Hand & Body Soap

DESCRIPTION

A superior quality, creamy white, pearl-like liquid soap for washing the hands, the full body and shampooing the hair. It is made with pure coconut oil and has great cleaning ability, yet kind to the skin. Silk Essence is lotionized to prevent drying, and is viscous so that a little goes a long way in hand washing, showering and shampooing.

BENEFITS

HIGH QUALITY: Looks like and feels like silk. Radiates an image of quality whenever it is used.

PURE COCONUT OIL BASE: Made with 100% pure, cosmetic grade coconut oil. Still the very best ingredient for rich lather and superior cleaning.

GENTLE TO THE SKIN: Contains special emollients and lotionizers to soften the skin.

FULL BODIED: Just the right viscosity. Spreads like a lotion so that one uses only a drop or two at a time.

ECONOMICAL: A superior quality soap that offers significant savings when one fills their own dispensers.

HOW TO USE

HAND CLEANING: Pour or dispense a small amount into the palms of dry hands and massage into skin, then add a small amount of water, work up a lather and rinse away when soil is loosened.

BODY SHAMPOO: Use in similar fashion, applying to entire body a little at a time.

HAIR SHAMPOO: Wet hair, pour a small amount of Silk Essence into hands. Massage into hair and scalp. Work up a lather to clean, then rinse away.

USES

Excellent for use in refillable hand soap dispensers and for use with squeeze bottles or pump dispensers for showering and shampooing.

SPECIFICATIONS

APPEARANCE.....	Pearly viscous liquid
ODOR.....	Almond
SPECIFIC GRAVITY.....	1.020 ± 0.005
DENSITY.....	8.51 ± 0.05 lb/gal
BOILING POINT.....	Near 212°F
pH.....	9.5 ± 0.5
FLASH POINT.....	None to boiling
STABILITY.....	One year minimum

PRODUCT CODE.....SEH
