

REFLECT

Spray Buff, Cleans, Polishes, Restores

DESCRIPTION

Removes imbedded dirt, black marks and stains from floors, and in the same fast, easy operation, deposits a tough, clear, high gloss, "safe to walk on" finish that resists scuffing, black marks and water spotting.

BENEFITS

EASY TO USE: Management and custodians both like spray buffing with Reflect because it produces outstanding results with little physical effort.

BEAUTIFUL FLOORS: Removes soil, fills scratches, leaves a thin protective film without build-up and polishes to a terrific gloss.

COMPLETELY DRY SYSTEM: No mop and bucket. No water to slip on or to get under and pop tiles.

EXTENDS TIME BETWEEN RECOATING: Regular spray buffing with Reflect eliminates the need for periodic coats of finish.

EXTENDS NEED FOR STRIPPING: Regular spray buffing with Reflect can substantially reduce your cycle of stripping.

HOW TO USE

Reflect Spray Buff needs no mixing. Do not dilute.

1. Set sprayer to "medium" and spray to cover an area about 4' x 4'.
2. With a floor machine and nylon buffing pad, immediately buff sprayed area until clean and dry. Change pads as they become clogged.
3. Spray buffing alone will produce an attractive gloss. If higher gloss is desired, polish again with a clean, softer pad.

NOTE: Spray buffing gives best results on floors with a good foundation of seal and/or finish to keep marks on the surface for easy removal.

SPECIFICATIONS

APPEARANCE.....	Milky liquid
ODOR.....	Mild polymer
SPECIFIC GRAVITY.....	1.005 ± 0.005
DENSITY.....	8.39 ± 0.05 lb/gal
BOILING POINT.....	Near 212°F
pH.....	8.5 ± 0.5
FLASH POINT.....	None to boiling
STABILITY.....	One year minimum

PRODUCT CODE.....SPB
