

TRAXN-C

Heavy Duty Anti-Slip Cleaner

DESCRIPTION

Falls are a risk in any type of commercial building, but are more prevalent in the restaurant, food & beverage processing facilities. In these areas, greasy soil on hard floors can make walking surfaces as slippery as ice! This anti-slip cleaner/degreaser reduces the incidence of slips and falls on quarry tile, terrazzo, flagstone, unglazed ceramic tile, brick and concrete. Use in kitchens, food and beverage processing plants, fast-food establishments, swimming pool and shower areas, malls, building lobbies and other areas where hard floors can present slip problems. For use also on pool aprons, bath floors and shower-room floors.

BENEFITS

- *REDUCE INCIDENCES OF SLIPS & FALLS.*
- *SUPERIOR FLOOR CLEANER.*
- *WORKS ON THE TOUGHEST KITCHEN GREASES AND OILS.*

HOW TO USE

For regular use, add 6 to 8 ounces of product for every gallon of water. Hot water speeds cleaning.

Wear rubber gloves if hands will be submersed in solution. Spread over an area about 10 feet by 10 feet. Cover with enough solution to stay wet and let soak for about two minutes. Scrub floor. Use a mop or on extremely soiled floors, scrub with deck brush or floor machine. Pick up solution with a mop or wet vacuum. Rinse with water - hot if possible. Squeegee to remove any excess water.

SPECIFICATIONS

APPEARANCE.....Natural
ODOR....."Butyl"
SPECIFIC GRAVITY.....1.050 ± 0.005
DENSITY.....8.76 ± 0.05 lb/gal
BOILING POINT.....Near 212°F
pH.....Over 14 + 0.5
BIODEGRADABILITY.....Completely

PRODUCT CODE.....TRC

MATERIAL SAFETY DATA SHEET
 (Prepared According to 29 CFR 1910.1200)

KEY CODE 012

SECTION 1 - PRODUCT IDENTIFICATION			
Trade Name	TRAXN C	Product Type	Anti Slip Cleaner
SECTION 2 - HAZARDOUS INGREDIENTS			
CHEMICAL NAME/COMMON NAME	CAS NO.	PERCENT(optional)	TLV(Source)
Dipropylene Glycol Methyl Ether	34590-94-8		100 ppm(skin) TWA(OSHA); 100 ppm(ACGIH)
Sodium Hydroxide	1310-73-2		2mg/m3(ceiling)(OSHA); 2mg/m3 (ceiling)(ACGIH)
Other ingredients in this product are : <input checked="" type="checkbox"/> Less than 1% by weight or less than 0.1% for carcinogens <input checked="" type="checkbox"/> Not hazardous <input checked="" type="checkbox"/> Declared to be Trade Secret			
SECTION 3 - PHYSICAL DATA			
Boiling point(°F.)	near 212	Specific Gravity(H2O=1.0)	(± 0.005) 1.050
		pH (± 0.5)	Over 14
Vapor Pressure(mm Hg)	Unknown	Vapor Density(Air=1)	Unknown
Solubility in water	<input checked="" type="checkbox"/> Complete <input type="checkbox"/> Insoluble <input type="checkbox"/> Emulsifiable (or Dispersible)		<input type="checkbox"/> Slight (or Partial)
Evaporation Rate(vs. H2O)	<input type="checkbox"/> Faster <input type="checkbox"/> Slower		<input checked="" type="checkbox"/> About the Same
Appearance and Odor	Liquid, "butyl" odor		
SECTION 4 - FIRE AND EXPLOSION HAZARD DATA			
Flash Point(T.C.C.)	°F. <input checked="" type="checkbox"/> None to Boiling	Flammable Limits	Upper Unknown Lower Unknown
Extinguishing Media	CO2, dry chemical, foam, water spray.		
Special Firefighting Procedures	Do not enter confined fire-spaces without protective clothing and self-contained air supply.		
Unusual Fire and Explosion Hazards	None known.		
SECTION 5 - REACTIVITY DATA			
Stability	Stable	Incompatibility	Strong oxidizers
Hazardous Decomposition Products	Carbon monoxide and other unidentified organic gases may occur during incomplete combustion.		
SECTION 6 - HEALTH HAZARDS			
Primary Routes of Exposure	<input checked="" type="checkbox"/> Eye <input checked="" type="checkbox"/> Skin <input checked="" type="checkbox"/> Oral <input checked="" type="checkbox"/> Inhalation <input type="checkbox"/> Other		
Signs and Symptoms of Overexposure (Acute)	Prolonged or repeated contact of concentrated product with skin and/or eyes can cause chemical burns. If taken internally, concentrated product may cause damage to mouth, throat or stomach. Inhalation of mist or spray may cause irritation to nose, throat or lungs if adequate ventilation is not employed.		
Signs and Symptoms of Overexposure(Chronic)	None known		
Medical Conditions Aggravated by Overexposure	None known	Carcinogen/Suspect Carcinogen Ingredients	<input type="checkbox"/> NTP <input type="checkbox"/> OSHA <input type="checkbox"/> IARC <input checked="" type="checkbox"/> NONE
SECTION 7 - EMERGENCY AND FIRST AID PROCEDURES			
Eyes	Flush immediately with water for at least 15 minutes. Call a physician.		
Skin	Flush skin with plenty of water for at least 15 minutes. Remove contaminated clothing/ shoes. Call a physician. Wash clothing before reuse.		
Ingestion	If swallowed do NOT induce vomiting. Give large quantities of water, followed by one oz. of vinegar in an equal amount of water. Call a physician.		
Inhalation	No known ill effects from inhalation. If breathing becomes difficult, remove exposed person to fresh air. Treat symptomatically and investigate other possibilities.		
SECTION 8 - SPECIAL PROTECTION INFORMATION			
Respiratory Protection	Not needed under normal conditions of use.		
Ventilation Requirements	<input checked="" type="checkbox"/> Local Exhaust <input type="checkbox"/> Mechanical <input type="checkbox"/> Other		
Protective Gloves	Rubber	Eye Protection	Safety glasses/goggles
		Other Protective Clothing	May be needed where likely exposure may occur
SECTION 9 - SPILL OR LEAK PROCEDURES			
Steps to be Taken if Released or Spilled	Small spills: flush area with water. Neutralize spill with dilute acids. Large spills: Remove as much material as possible, then neutralize residue as under small spills.		
Waste Disposal Methods	Dispose of in accordance with applicable Federal, State and Local ordinances.		
SECTION 10 - STORAGE AND HANDLING INFORMATION			
Precautions to be Taken in Handling and Storage	Do not get in eyes, on skin, on clothing. Avoid breathing vapor or mist. Keep container closed. Use with adequate ventilation. Wash thoroughly after handling.		

The health hazards given on this Material Safety Data Sheet apply to this product in its concentrated form(as supplied) and may differ significantly at use dilution. The signs and symptoms of overexposure apply only to negligence in handling or misuse of the concentrated product and not to the routine exposure to the product, if diluted, under conditions of ordinary use.
