

WASH & WAX

Vehicle Wash Cleans, Shines & Protects

DESCRIPTION

A liquid concentrate formulated especially for washing vehicles of all kinds. It is harmless to all modern finishes including the newest acrylics, lacquers and enamels. Also harmless to chrome, glass and plastics. Wash & Wax "sheets" as it cleans to avoid spotting and it leaves a microscopic protective film that enhances the gloss of any vehicle.

BENEFITS

SUPERIOR CLEANING: Removes sticky oily road film and just plain dirt.

FREE RINSING: Floats away soil to leave surfaces spotless and streak free.

SUBSTANTIVE FILM: The Wash & Wax solution contains a wax-like ingredient that attaches to the surface of the vehicle as if magnetized to leave a glossy, protective film.

PROTECTS: This magnet-like film protects against salt, rust and the like that would normally affect vehicle finishes.

HOW TO USE

1. Use approx. 1/2 oz. to 1 oz. concentrate to two gallons of water. Use a jet of water or stir to create heavy foam.
2. Apply solution liberally with a sponge or towel. Rub lightly to remove stubborn dirt.
3. Wash one section of car at a time. Then rinse thoroughly with clean water before area dries.
4. Properly rinsed, the car will drain dry. However, to avoid water spots, wipe areas with a sponge or chamois.

IMPORTANT - DO NOT WASH CAR IN THE SUN, OR WHEN THE FINISH IS HOT. DRAINS DRY WITHOUT STREAKING, HIGHLY CONCENTRATED

SPECIFICATIONS

APPEARANCE.....	Slightly viscous blue liquid
ODOR.....	Pleasant
SPECIFIC GRAVITY.....	1.010 ± 0.005
DENSITY.....	8.43 ± 0.05 lb/gal
BOILING POINT.....	Near 212°F
pH.....	7.5 ± 0.5
FLASH POINT.....	None to boiling
STABILITY.....	One year minimum

PRODUCT CODE.....WNW
