Image: Worksheet 2

Read the flyer and observe the images in this section of the Created Equal website. These documents were all created in 1962 during “Operation Clean sweep,” a direct action organized by Brooklyn CORE.

1. The first image was taken by a member of CORE and the second was taken by a news photographer. How do these two images offer different perspectives on the same protest?

2. If you were a CORE activist, which image would you choose to publicize your group’s campaign for equal sanitation services? Explain why the image you chose would best represent CORE.
