CONFIDENCE COURSE

High & Low Element Pricing (based on groups of 8-12)

Time spent on our ropes courses can focus on team building, bettering communication, strengthening decision-making, deepening trust, or perhaps you just wish for your team to laugh and enjoy each other on a personal level outside of the boardroom. High elements bring a sense of adventure and encouragement to push past comfort levels. Safety is our number one concern followed by offering a memorable and rewarding experience. At all times participants are double clipped onto cables with only the best equipment in the industry, and are always under the supervision of our certified facilitators. High elements typically take a minimum of 3 hours and include a safety school. Low elements are surprisingly fun with their focus being heavy on strengthening communication and team building skills. A group of 12 would experience around six elements during a three-hour period.

AXES AND ARCHERY

\$250

Archery and ax throwing make great break-out activities for corporate groups. Participants are transported to the course where they are trained on safety and equipment use. Each participant will have ample time to practice with a guide and achieve success using one of our recurve bows or Wasp axes made in Zac's Southern Grind knife shop. These activities successfully bring participants and teams together as they share a common goal to hit the bullseye. Ax throwing is especially memorable as it is a new experience for most, and is unique to Camp Southern Ground. This experience is for up to 12 participants and will last an hour +.

BONFIRE

\$500
