To: Dustin Berger & Minto Team

Re: Sharon & Roger Gibbs

We wanted to take this opportunity to THANK YOU & the entire team for the most incredible, fun & exciting experience in building our new home. We could not be happier!

From the moment we toured the FUN Sales Center it has just continued with each phase. The first smile was from you Dustin & the excitement you shared with us! You have been in contact throughout the process & so helpful. You introduced us to Joe Beeson with Wells Fargo & the fun just continued. Most home builds & loans are a bit stressful, but not this one! Joe was in contact with us often & every time we saw him it was just a delight! The Design Center was a blast! Amy was our consultant & she was amazingly helpful in assisting with all our selections. They turned out just beautiful!!!!

So the build began...it was so exciting to hear from our Building Superintendents & see pictures. Jack Easters was our final Superintendent & we just need to express how awesome this guy is! He was right on with his weekly updates, pictures & immediate response back to us if we had a question. He made sure things were ready for us and our move in has been amazing! We are so impressed with the build & love our new home.

Even the official closing was FUN! Brandon Holley with Watersound Title Agency did a great job & made it so simple! And then here comes "Joanne" with HOA to explain things to us & give us the organized packet of information. We head to the new house & "Nancy" greets us with our keys & lots of surprises! WOW! What a welcome!

We thought this just can't get better & then Dave Brewer & Jared Thomas with Planet Secure follow up with us and we are getting new TV's & a great sound system! We're ready to enjoy this beautiful life in Latitude Margaritaville Watersound!

Once again, THANK YOU SO MUCH to this amazing TEAM!!!! We are so appreciative!

Sharon & Roger Gibbs
