**JFE Franchising, Inc. Recalls A Limited Number of Cucumber Products
Because Of Possible Health Risk**

Houston, TX (May 23, 2025) - JFE Franchising, Inc. of Houston, TX, is recalling a limited number of fresh-cut cucumber items and sushi products containing cucumber because they may be contaminated with *Salmonella*.

Salmonella is an organism that can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with Salmonella often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with Salmonella can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), endocarditis and arthritis. Symptoms of salmonellosis usually start 6 hours to 6 days after infection and last 4 to 7 days.

There have been no illnesses or consumer complaints reported, in connection with the specific products listed below, to date.

This action is in response to the May 19, 2025, recall issued by Bedner Growers, Inc., whose cucumbers were supplied to retailer partners and used as ingredients in our fresh-cut cucumber products and sold through Kroger, Roundy's (Pick n Save and Metro Market), and Weis Market retail locations in Indiana, Kentucky, Illinois, Michigan, Tennessee, Mississippi, Arkansas, Alabama, Wisconsin, New Jersey, Pennsylvania, West Virginia, Delaware, Maryland, Virginia, and New York.

Our recall was initiated on May 20, 2025, in alignment with our commitment to consumer safety and regulatory compliance.

Affected Product List by Retailer

All items were sold in plastic containers under the SNOWFRUIT or SNOWFOX label with the following descriptions and product codes:
