

Because...You Deserve More

Why choose Virtual Academy for your training needs?

Because our program is designed by experts...for experts. Our courses are created and taught by industry leaders, including LTC. Dave Grossman, Dr. David Corderman, Gary Klugiewicz, and Al Malinchac.

Because you can choose from more than 250 hours of training – anywhere, anytime. Whether you train as an individual or as a department, Virtual Academy gives you more of what you need to better serve your community.

Because you'll use a fraction of your training budget. Eliminate costly travel expenses and overtime pay associated with training conferences and out-of-department events, allowing your resources to be allocated elsewhere.

Because you'll have U.S.-based support whenever you need it. Our representatives offer personal guidance and support 24/7. We're there beside you every step of the way!

“ I'm pleased to endorse Virtual Academy because **they have built outstanding training, for cops, by cops.** Their courses are built to count towards college credit, as well as in-service training. We all want the best training we can find. My friends at Virtual Academy have done it, and done it well. ”

Captain Philip Kemper
Jackson Police Department, Tennessee

Virtual Academy Courses Are Transferable for College Credit

- Virtual Academy is the exclusive Savant Learning Systems partner in Public Safety. This partnership allows for Virtual Academy **hours to be transferred to college credit in Criminal Justice** programs at select universities around the country.
- Officers using Virtual Academy have **saved thousands of dollars** towards their college degree.

We Break Down Barriers to Training— Bring Your Own Courses Online

- **Virtual Academy's Course Creator** allows your department to build training, create General Orders, and other forms.
- The **Training Management System** allows you to assign courses, track progress, and manage training, allowing you to view real-time reports or digitally submit your training records instantly.
- **Ensure compliance and reduce liability** by managing policies, procedures, and departmental resources within an integrated communication hub.
- Choose from categories such as: Leadership, General Patrol, Telecommunications, Investigations, School Safety, Administrative, Corrections, and Constitutional Criminal Law.

“ I have used three different training programs in the past and have found Virtual Academy to be the most user friendly. Virtual Academy classes provides flexibility and personalization, while allowing us to more accurately and quickly track our training hours. **This saves us valuable data-entry time and reduces costly errors.** ”

Lynn Gutwald (Retired)

Macomb County Sheriffs Office, Michigan

“ The value of this partnership comes down to providing opportunities to departments so that communities have officers with the most current and up to date training at their fingertips. **The ultimate beneficiary is the public.** ”

Jennifer Duffy

Kansas Association of Chiefs of Police
