RE: PC# 91-0983, J. T. Repairs, 1800 E. Old Williamsburg Rd.

Dear Mr. Marshall:

This is in regard to the Department of Environmental Quality, Piedmont Regional Office site investigation for the above mentioned site.

Based on our review of this report, this investigation is considered to be closed and corrective action is not required at this time. Be advised that should environmental problems develop in this area, additional testing and/or corrective action may be required in accordance with the applicable State and Federal regulations.

If you require additional information, please contact Ms. Alisa Remington at (804) 527-5309.

Sincerely,

A handwritten signature in cursive script, appearing to read "A. L. Willett".
