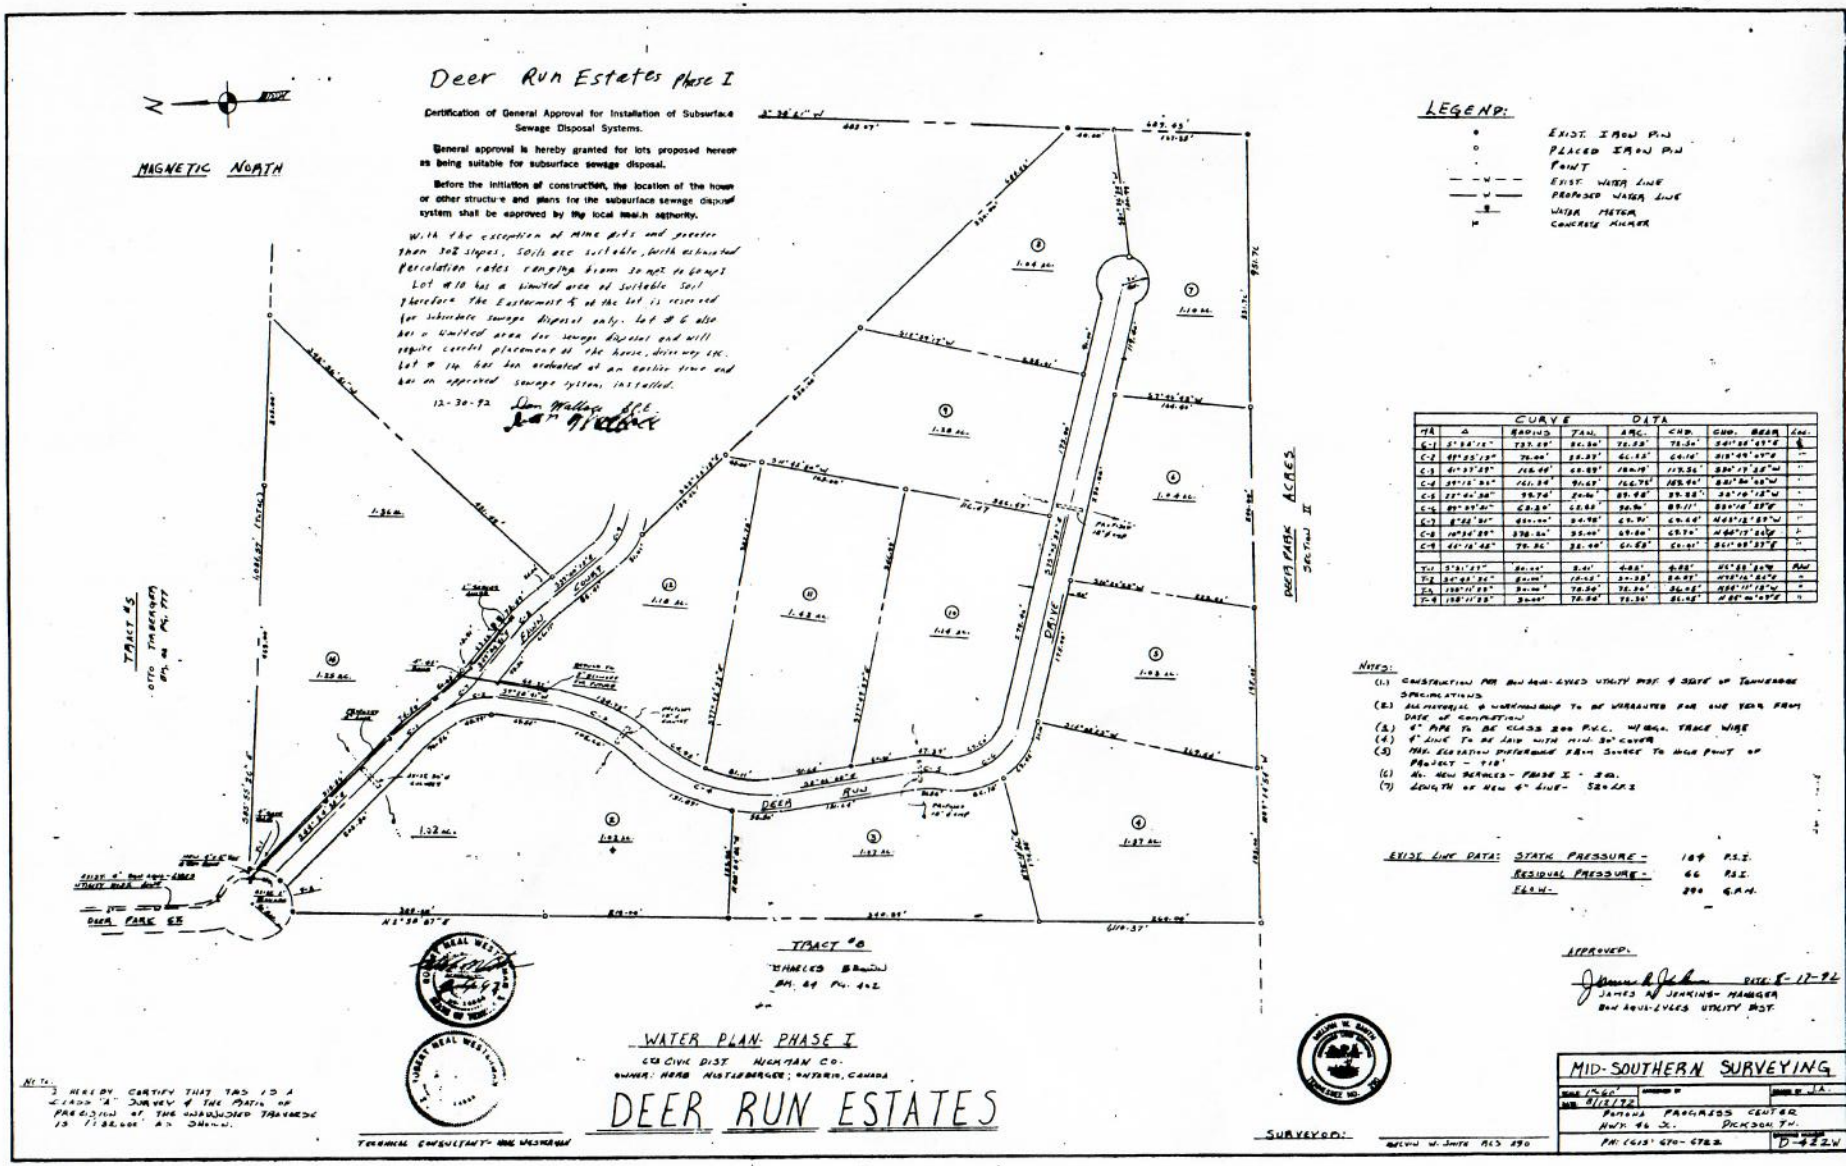
# Deer Run Estates Phase I



MAGNETIC NORTH
Certification of General Approval for Installation of Subsurface Sewage Disposal Systems.
General approval is hereby granted for lots proposed hereon as being suitable for subsurface sewage disposal.
Before the initiation of construction, the location of the house or other structure and plans for the subsurface sewage disposal system shall be approved by the local health authority.
With the exception of mine pits and greater than 30% slopes, Soils are suitable, with estimated percolation rates ranging from 30 MPI to 60 MPI.
Lot #10 has a limited area of suitable Soil therefore the Easement # of the lot is reserved for subsurface sewage disposal only. Lot # 6 also has a limited area for sewage disposal and will require careful placement of the house, driveway etc.
Lot # 14 has been graduated at an earlier time and has an approved sewage system installed.
