

Equipping Leaders for God's Ministry

The Leaders of Women's Ministries throughout India met in Coonoor for a week of training. 'Equipping leaders for God's ministry' was the theme. The training was conducted by Commissioner Sue Swanson (World President for Women's Ministries) and Commissioner Lalhimpuii (Zonal Secretary for Women's Ministries South Asia).

The aims of the teaching were:-

To learn more about Anti human Trafficking

To develop the skill of leadership and administration

To learn how to grow in the Bible knowledge and in spirit in order to become change agents

It was a very rich, inspiring and encouraging week as the ladies deepened their knowledge, and engaged in Bible Study. During the week the women shared a remarkable time of testimony when they were each able to share how God is doing great and wonderful things. Many women listened with tears in their eyes as they gave Glory to God and witnessed to His work.

The fellowship shared was incredibly rich as they enjoyed a Cultural evening and a very special bond was made as the Holy Spirit was so evident during their time together.
