open...
...your eyes to human trafficking!

Take a few moments to read through this information...

We want you to be aware that trafficking of men, women and children is very active here in the UK.

You may be sickened to know that this is happening in your neighbourhood... maybe even next door!

Human Trafficking exists because it indulges some people's sexual fantasy and a greedy desire to purchase products at the cheapest prices... this compromises many vulnerable people to work for little or no money and to live in fear for their lives.

Take a stand against this modern-day form of slavery. Together we can combat it... please read on to find out how!
