

BULK SHIPPING YOUR BATTERIES IS SAFE, EASY AND FREE!

GUIDELINES FOR CANADA BULK SHIPPING

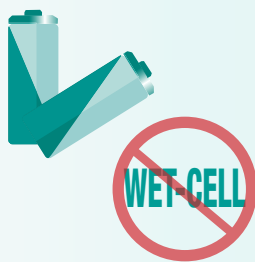

1 227 kg Or More

Check that you have a MINIMUM of 227 kg total for your shipment.

2 Dry-Cell Only

Ensure that you are shipping only dry-cell alkaline, Ni-Cd, Ni-Zn, SSLA/Pb, Ni-MH, lithium primary or Li-Ion batteries weighing 5 kg each or less.

3 Verify Transport Canada Requirements

Verify that batteries are packaged to meet Transport Canada (TDG) requirements.

SSLA/Pb, lithium primary and Li-Ion must be individually bagged or have taped terminals or meet Transport Canada's short circuit protection requirements.

4 Shipping Documents

Log in to:
www.call2recycle.ca/bulk
Follow the instructions specific to your province to fill out the appropriate documents.

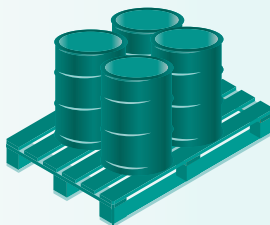

You will need your Call2Recycle Site ID & your 6-digit postal code. If you need assistance please call 888-224-9764.

5 Place On Pallets

Shipment containers must be placed and secured to pallet(s). Individual pallet's weight must not exceed 1,135 kg.

After you print the container template(s), update accordingly, affix updated copy to each container and ensure it is visible at all times.

6 Pick-Up

Once your shipment is ready and meets all the requirements, follow the online instructions specific to your province.
