

Updates to Call2Recycle's GreenTrax web portal effective January 2018

Banners:

Specific to Canada Members: You will now be asked to confirm the Commercial Banners (subsidiary, division or store name that is covered under your Call2Recycle Canada Agreement) that you are currently selling under. You will be required to list at least one banner - which may be your company name:

Add a New Banner

Add new Banners to your list of reportable items for this contract.

Banner Name

Banner Name

+ Add Banner

Confirm & Continue

Once you have confirmed, added or set the 'Stop Selling Date' for each of your Banners please click below to continue.

Confirm Banners >

To add a banner: Place the subsidiary, division or store name in the Banner Name field and select *+Add Banner*.

To confirm banners: If your banners are already listed and no changes are needed, select *Confirm Banners >* to continue.

Brands:

A minimum of one brand is now required before you can confirm brands and move on to reporting:

Add a New Brand

Add new Brands to your list of reportable items for this contract.

Brand Name

Brand Name

+ Add Brand

Confirm & Continue

Once you have confirmed, added or set the 'Stop Selling Date' for each of your Brands please click below to continue.

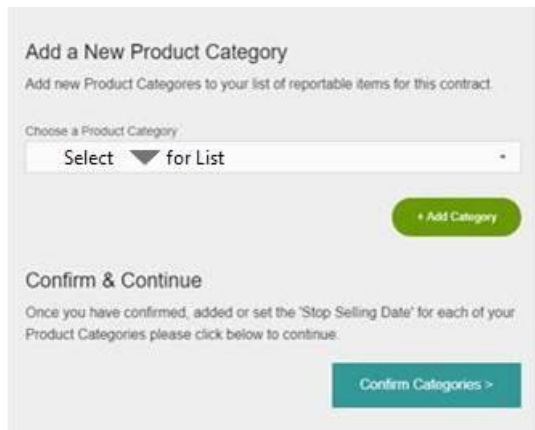

Confirm Brands >

To add a brand: Place the name of the brand in the Brand Name field and select *+Add Brand*.

To confirm brands: If your brands are already listed and no changes are needed, select *Confirm Brands >* to continue.

Categories:

Specific to Rechargeable Battery Stewards: A minimum of one category is now required before you can confirm categories and move on to reporting

To add a category: Once you have chosen a category from the drop down list select *+Add Category*.

To confirm categories: If your categories are already listed and no additions are needed, select *Confirm Categories >* to continue.

New Fees:

Specific to MB and QC members: New reportable categories have been added. For these categories, please report the number of *products* sold and NOT the number of *batteries* contained in the product.
