Camp Constitution 2019 is our 11th anniversary year. We welcome all our campers and Staff to Lakeside Christian Camp and Conference Center. ★

Camp Constitution 2018

Welcome to Camp Constitution's Annual Family Camp. We celebrate our 11th year; our second at the very, hospitable Lakeside Christian Camp and Conference Center. We are grateful to Lakeside staff for the excellent accommodations and welcoming hospitality.

Dear Campers, Parents and Staff:

I want to welcome you to our 11th Annual Family Camp. We have an incredible line up of instructors as we do every year including Mr. Bill Glenney, one of the last of U.S. Army guards at the Nuremburg Trials, and a live class via Skype by Janine Turner, an actress who is the founder of Constituting America. Janine had a powerful role in the movie "Gosnell The Trial of America's Biggest Serial Killer."

Mrs. Edith Craft returns to run the Junior Camper program with a few special guests including "Dr. Benjamin Franklin."

Camp Constitution Director

Mr. Hal Shurtleff

In addition to our classes, we have plenty of recreational opportunities and a field trip to the Springfield Arsenal Museum, home of the M1 Garand, and a hike of Mt. Greylock, the highest elevation in Massachusetts.

Thank you for attending our camp. We hope that it will be a life changing and/or life affirming experience for your entire family. May God Bless our week at this special place.

-- Mr. Harold Shurtleff, Camp Director

CABIN ★ INSPECTIONS

Did I read that right?

Yes there are daily cabin inspections. Obviously, the inspectors are looking for clean and tidy quarters, however, the returning campers will show you how to really rack up the points. Traditionally, the campers who most creatively capture the spirit of our camp through theme based decorations, tasteful humor, and patriotism score **big** in the contest. Make it fun! **Hint:** The inspectors are not above the occasional bribery attempt. ☺ Points from 0-10 are awarded each day for your participation in this contest. At the end of the week the cabin with the most points will get **"FREE PIZZA"** during the pizza party.

Newspaper Participation

The newspaper is looking for lecture reviews, free-time fun stories, campfire tidbits, lake-front occurrences etc. Who, what, where, how, why and when are the concepts to keep in mind as you write your stories. Last year the newspaper was lacking in details on the following recurring events: Flag participants including Scripture reading and grace before meals. Also, don't forget polar bear and morning run as well as campfire participants. We also want to see direct quotes from our speakers.

Your cabin will earn 0-2 points each day for your submissions during the week. Your participation will require submissions from multiple campers on multiple topics. Quality, quantity, number of submitters and diversity of topics are the four criterion on which your bonus will be awarded 0-.5 points in each criterion per day. If multiple cabins cover the same topics, the Editor of the newspaper may combine the stories and weave the details but credit will be awarded whether the story is used or not. The bonus is 1/6 or 17% of your total points. Make sure all newspaper submissions have your name and cabin number on them so your team gets credit for the contribution. The bonus will be a running total updated daily.

Visit the news office for a list of story options or create your own.★

DAVE KOPACZ

Dave was born and raised in Western Mass. He has a degree in environmental sciences from the University of Massachusetts, Amherst. He serves as The Town of Ware's Environmental Officer where the protection of private property is his first priority. He has conducted numerous presentations exposing Agenda 21. He is the host of the radio show "Red Pill Politics". He also served as President of the Massachusetts Republican Assembly (MARA) a member of the National Federation of Republican Assemblies (NFRA). ★

Lord Christopher Monckton

Christopher Monckton, Third Viscount Monckton of Brenchley, has held positions with the British press and in government and as a press officer at the Conservative Central Office. He is a policy advisor to The Heartland Institute. Lord Monckton was Special Advisor to Margaret Thatcher as U.K. Prime Minister from 1982 to 1986.

In 1986 he was among the first to advise the prime minister that "global warming" caused by carbon dioxide should be investigated. Two years later she set up the Hadley Centre for Forecasting; but she, like him, later changed her view.

On leaving 10 Downing Street, he established a successful specialist consultancy company, giving technical advice to corporations and governments. The first of his two articles on global warming in The Sunday Telegraph in November 2006 crashed its website after attracting 127,000 hits within two hours of publication.

A speech by Lord Monckton to 1,000 citizens of St. Paul, Minnesota in October 2009, in which he drew public attention to a then little-known draft plan by the U.N. to establish an unelected world government at the (now-failed) climate summit at Copenhagen in December 2009, received 1,000,000 YouTube hits in a week – thought to be the fastest-ever YouTube platinum for a political speech. Some five million have now seen the presentation on various websites.★ <https://www.heartland.org/>

As such, she created child-friendly materials and lessons to teach young children about the Constitution. Mrs. Wilder is now the Educational Resource Chair for Maine DAR, a position created by the National Society of the DAR to assist teachers and youth leaders. The new resources allow anyone to use lessons submitted by and for teachers, which feature American history, civics and patriotism, in addition to materials for September 17-23 Constitution Week studies.★

Dr. Willie Soon

Dr. Soon earned his bachelor's and master's degrees in science and his Ph.D. in aerospace engineering from the University of Southern California. He was a speaker at the Heartland Institute's 9th International Conference on Climate Change, a gathering of many of the world's top climate scientists and researchers who challenge the IPCC's increasingly discredited claim that human activity is causing a global crisis that demands draconian global regulations under an increasingly powerful United Nations.

Born in Malaysia, Dr. Soon immigrated to the US in 1980. In 2004, he received the Petr Beckmann Award for outstanding contributions to the defense of scientific truth.★
