Do Not Sell List

In an ongoing effort to support and enforce our MAP policy, The Carlstar Group, LLC (“Carlstar”) regularly updates and publishes a DO NOT SELL LIST. This list contains retailers that are knowingly in violation of Carlstar’s MAP policy and are now subjected to the consequences as outlined in the policy. Through our MAP policy, Carlstar is able to protect our value proposition to you, our wholesalers and distributors, which in turn protects your margins and bottom line. Any retailer on the DO NOT SELL LIST will be removed as soon as they come into compliance with the MAP policy for 10 consecutive business days.

As a reminder, Wholesalers and Distributors (“resellers”) are responsible for informing their retailers of the policy. Resellers currently selling to any retailer(s) on this list are also subject to enforcement, as outlined in the policy.

Below is the most up-to-date DO NOT SELL LIST.

Seller Name	Effective Date
Unbeatable Sales	January 1, 2019
