INSTRUCTIONS FOR USE:

Connect power cord to Owl Soother. Place Owl Soother in an upright position on a flat level surface, out of children's reach. Connect power plug to domestic main socket.

WARNING: This is an electric lamp, not a toy. To avoid risk of fire, burns, electric shock and injury, it should not be played with or placed where small children can reach it.

To reduce the risk of electric shock: always unplug the appliance from the electrical outlet immediately after using and before cleaning; do not reach for an appliance that has fallen into water - unplug it immediately; do not place or store appliance where it can fall or be pulled into a tub or sink; do not place in or drop into water or other liquid. To reduce the risk of burns, fire, electric shock or injury to persons; close supervision is necessary when appliance is used by or near children.

Cord may be a strangulation hazard. Keep out of reach of children. Do not use with extension cords. Discard packaging materials properly.

IMPORTANT SAFETY INSTRUCTIONS: The Soother is only to be connected to the included power adapter. No serviceable or replacement parts inside. Misuse can cause electrical shock. The ventilation should not be impeded by covering the product with other objects. No naked flames, such as candles, should be placed on the apparatus. Do not use in tropical areas. The apparatus shall not be exposed to dripping or splashing and that no objects filled with liquids, such as vases, shall be placed on the apparatus. Do not use if liquid has entered the product. Inspect entire product frequently and discard at first sign of damage.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This appliance is intended for indoor use only. No naked flame sources, such as lighted candles, should be placed on the apparatus. Do not use in tropical areas. The apparatus shall not be exposed to dripping or splashing and that no objects filled with liquids, such as vases, shall be placed on the apparatus. Do not use if liquid has entered the product. Inspect entire product frequently and discard at first sign of damage.
