DESCRIPTION AND BACKGROUND HISTORY INCLUDING CONSTRUCTION DATE(S), PHYSICAL DIMENSIONS, MATERIALS, MAJOR ALTERATIONS, IMPORTANT BUILDERS, ARCHITECTS, ENGINEERS, ETC.

Vernacular Residence. Wood frame set on post and block foundation;

L-shape (20' x 36') with 1-story gable roof addition to west facade; 3 bays wide; 1-story; wood shingle siding with clapboard siding on addition; asphalt-shingled gable roof with cross gable on east facade; off-center entrance in ell on east facade; exterior end chimney on south facade. Exterior features include multi-pane/1 double-hung sash with plain surrounds; plain frieze board; small gable roof vent on roof line; brick landing with center stairs to front entry with plain surround.

This house was built in 1927 as a much smaller structure. Mrs. Muldar lived in the house until it was sold to Polly Harpole in the mid-1930's. For the next twenty years, the structure housed Polly Harpole's Maternity Home. There was no hospital in Coupeville at that time, so most children were born at this maternity home. The building was extensively remodeled and expanded during this time. Since the mid-1950's, the house has had a variety of owners and has been used as a private residence. It is currently used as a rental house.

1995: one contributing building and one contributing structure.

SIGNIFICANCE This structure has local significance due to its use as the Polly Harpole Maternity Home. A generation of local children were born in the home prior to the establishment of a hospital in Coupeville. *This building is eligible under National Register criterion B, for its association with Polly Harpole, and her importance to the community.*
