represents a period of community development, 1871-1910, followed by a period of economic stability, 1911-1945, during which the military played a key role. It

retains integrity of location, setting, materials, design, workmanship, feeling and association.

Hussey, John A. A Short History of Fort Casey. June 1955.

CONTINUED: decorative wrought-iron rail and decorative panelled door; string course; water table; stepped parapet with finial on south facade; 3-story lighthouse tower connected to arcade on south-west corner: 2/2 double-hung sash with arched lintel and keystone; circular viewing deck.
