BUYING? ALWAYS

Nothing gives us more pleasure than buying. We are in need of notes to offer in our fixed price lists all the time, so please don't forget us when you have an extra note or a whole collection to sell. We still hold the world's record price paid for a piece of U.S. paper money with our purchase of the \$100 Value Back for \$25,000. We would love to have you offer us a note we could pay more for and there are some, if they would come to light. But really, we need to buy to stay in business, so let us know what you have. You will find us knowledgeable and fair buyers of whatever you offer.

Third Sealed Bid Mail Auction

CLOSING DATE: NOV. 7

TERMS OF SALE

Welcome to our third mail bid sale. We hope you will find notes and information of interest to you and that you will approve of and support our effort to make this sale fair and equitable to all.

To have all bidders an equal opportunity, bids will not be opened until the closing date of the sale. In other words, we will not know ourselves, and therefore cannot reveal, where the high bid is until the sale is over. To help us segregate bids from our regular mail, we are providing envelopes for use only for the mail bid sale. Please mark any other envelope you may use on the outside so we can know it is a bid. Skeptics are invited to inspect the unopened bids up to the closing date.

Bids must be in writing and postmarked no later than November 3, 1977. We will be pleased to discuss and further describe any of the notes by phone, but we must insist that telephone bids be confirmed in writing before the deadline. Bids will be opened November 7, 1977.

1. Each lot will be sold to the highest bidder unreserved at a slight advance over the next highest bid. In the event of identical mail bids, the earliest postmarked bid will receive the lot.
2. As in all legitimate auctions, the second highest bidder will set the price. Up to the \$1,000.00 level, advances will be 10% with \$50.00 maximum. At \$1,000.00 and over, advances will be 5%. This method will permit a bidder to make a liberal bid with the assurance that his bid will be reduced to the indicated amount above the next highest bid.
3. All lots are guaranteed genuine and as described. Please be sure you are bidding the correct amount on the proper lot.
4. All successful bidders must remit payment immediately upon receipt of the invoice and/or lots. The cost of postage and insurance will be added to the invoices of successful mail bidders. Lots delivered in Iowa are subject to State Sales Tax of 3% unless a resale number is given. *Terms* are available, see your bid sheet.
5. Only signed, *written* bids are acceptable.
6. All photographs are of the actual lots being sold.
7. Prices or estimates given reflect the opinion of the cataloger as to what the lots should bring. Higher rather than lower valuations are expected to prevail.
8. Alternate bids are acceptable.

Lots will be available for viewing in Iowa City, Iowa, by contacting Dean Oakes (319) 338-1144 or by writing c/o of Box 1456, Iowa City, Iowa 52240, until the day before the sale closes.

A FEW WORDS ABOUT THE ESTIMATES

Cataloging these great notes has been a real pleasure. We must confess, however, that estimating the value has been difficult. In the end, your own judgment is the primary consideration. Bid what the note is worth to you. If you bid all you want to pay, whether you are successful, or unsuccessful in getting the note, you will feel better. You won't feel badly seeing the note offered for more later if you've already made your best offer. If you are successful, you will know that your appreciation of the note translated into more dollars than anyone else's. Good luck.

INTRODUCTION

Thanks to your support and acceptance of our first two sales and the great success they enjoyed, many advanced collectors have expressed their approval and have consigned some rare and superlative notes to us. We are enabled, therefore, to offer our clients a veritable banquet of super condition and rare notes such as are seldom available in a single sale.

Virtually all denominations and all series are represented in several grades. Rare and interesting banks and towns as well as notes of wide appeal are yours to choose from.

A collection of well over a dozen number 1 notes, Mr. Phil's "King Bee" mismatched charter number, a large consignment of Troy, N.Y. notes, the discovery specimen of the First Charter Period Star note from Boston, as well as a really superlative selection of 1929 notes in top grades are only a few of the highlights of this sale.

Many collectors have not only commented on the fairness of our sales, but have told us that if we were willing to offer our own notes for sale by this method, they have nothing to fear in offering theirs. We invite you to learn the favorable terms we can offer you in disposing of a single note or a complete collection. Let us hear from you.

We begin our banquet with an hors d'oeuvre of die proofs and peripheral material. Several state seal proofs are listed in their proper order.

As we say on all our fixed price lists—Happy Hunting!

Lot 68
(Described
on
following
page.)

- 68 \$5 1902DTS The N.B. of Savannah S-3406 VF
Different charter numbers. Named "The King Bee" by Wm. A.
Philpott, Jr., this great error was featured in several articles in 1967
shortly after it was discovered. We quote Mr. Phil in Coin World of
10-11-67, "I class this as a "King Bee" error—much more difficult to
find than the double-denomination note and other 'wild' errors. Un-
doubtedly the note shown here is 'one-of-a-kind' and the other three
notes on this sheet did not have this transposition error." We under-
stand the Chase Manhattan Bank owns a similar specimen, but we
know of no others. Valued by him then at \$1000 and sold for that
figure, the mere adjustment for interest and inflation would put this
great note at — \$1500. - \$2000.

This note is about as nice as these come. Cut a little close at lower
right, but bright and fresh with better sigs than are usually found on

Donlon's sale of November, 1975. This specimen should realize in
the range of — \$750. - \$800.

- 136 \$1 Orig. The N. Union B. of Boston 985 VG
Repaired top $\frac{3}{8}$ inch tear. Pin holes and paper separation at center.
Variety with charter number, otherwise evenly circulated with good
margins and brown pen sigs. Worth about — \$100. or so.

- 137 \$5 1875 The State N.B. of Boston 1028 F
This may well be a very significant note. We purchased it over 2 $\frac{1}{2}$
years ago. We honestly did not know what the star next to check
letter meant, but we decided to retain the note until we found out.
Thanks to Dr. Glenn Jackson, who uncovered the information and
revealed it to us at the Memphis Paper Money show we now know that
it indicates that a new, or replacement plate was used to print the
note. We had observed later issues where the check letter was
advanced, and in the case of very large banks, a double check letter,
or a combination of a check letter and a numeral were used. The sig-
nificance of this discovery specimen is that it is evidence of the *earliest*
use of a star on our paper money to indicate a replacement. We have
information that suggests as many as 55,000 impressions were possible
before a die was no longer fit to print notes. We feel this is a very high
figure and was seldom achieved. The serial number of this specimen,
even when added to the 15,565 sheets issued in the original series
equals only 41,199. This would prove that this plate was replaced long
before 55,000 impressions. A more probable figure is closer to 20 to
25,000 impressions. Very few First Charter period banks exceeded
that number of sheets in any single denomination. We don't know
what this note is worth, but as a First Charter Period \$5 in presentable
condition, we value it about \$150. Possible double for the star might
be realistic.

SEALED BID MAIL AUCTION RECAP

National Bank Notes attracted wide spread participation and keen competition among bidders in the Hickman and Oakes third sealed bid mail auction that closed November 7, 1977.

Over half of the nearly 250 bidders were successful in acquiring at least one lot in the sale.

Mr. Bob Cohen, professional numismatist from Rockville, Maryland, served as monitor and impartial observer in the sale. Tie and alternate bids were decided by Mr. Cohen. He also assisted in posting the bids and calculating the amount each lot realized. "The strength of the bidding appeared to be in top condition, CU small size western and mid-western notes", remarked the dealer-collector.

High water mark was set by a VF+ \$100.00 Original Series note issued by the Pocasset National Bank of Fall River, Massachusetts, which realized \$5460.00.

A mismatched charter number note, widely known as "Mr. Phil's King Bee" error note, realized \$1680.00 on a \$1500-\$2000.00 estimate.

A series of number 1 notes revealed strong collector demand, led by a 1902 Red Seal note from the First National Bank of Polk County at Copperhill, Tennessee, which realized \$2400.00. A one dollar original from the Bank of New York, National Ass. realized \$710.00. The only note ever reported on the Merchants National Bank of Binghampton, N.Y., a number 1 Lazy \$2. in Extra Fine condition realized \$1250.00., resulting in a savings of over \$500.00 to the enthusiastic collector who made the successful bid.

(cont. on back)

An Uncirculated \$5. 1882 Brown Back reached \$500.00. It was issued by the Elk County National Bank of Ridgway, Pa. and signed by the President who we understand is still in office.

The note receiving the largest number of bids was a \$10. 1929 note issued by the First N. B. & Trust co. of Oklahoma City, with 29 bids, and the \$50.00 bidder with the earliest postmark won the lot.

A number of die proofs and vignettes of state seals were featured. The West Virginia Seal vignette brought \$121.00 and a die sunk partial plate proof of the left half of the third charter \$100. note brought \$550.00. These prices are indicative of the competition from bidders to secure one or more of the lots.

The catalog and the prices realized are still available @ \$2. Same for the first and second sales \$2. per catalog and prices realized. A bound copy of the first sale of state capital and state seal notes is offered at \$7.50. Orders for above to Hickman - Oakes Drawer 1456, Iowa City, Ia. 52240

We thank you for your bids and your support.
