SIXTH SEALED BID MAIL ACTION

HICKMAN & OAKES

CLOSING DATE: NOVEMBER 30, 1978

TERMS OF SALE

To give all bidders an equal opportunity, bids will not be opened until the closing date of the sale. In other words, we will not know ourselves, and therefore cannot reveal, where the high bid is until the sale is over. To help us segregate bids from our regular mail, we are providing envelopes for use only for the mail bid sale. Please mark any other envelope you may use on the outside so we can know it is a bid. Skeptics are invited to inspect the unopened bids up to the closing date.

Bids must be in writing and postmarked no later than Nov. 27, 1978. We will be pleased to discuss and further describe any of the notes by phone, but we must insist that telephone bids be confirmed in writing before the deadline. Bids will be opened Nov. 30, 1978.

1. Each lot will be sold to the highest bidder unreserved at a slight advance over the next highest bid. In the event of identical mail bids, the earliest postmarked will receive the lot.
2. As in all legitimate auctions, the second highest bidder will set the price. Up to the \$1,000.00 level, advances will be 10% with \$50.00 maximum. At \$1,000.00 and over, advances will be 5%. This method will permit a bidder to make a liberal bid with the assurance that his bid will be reduced to the indicated amount above the next highest bid.
3. All lots are guaranteed genuine and as described. Please be sure you are bidding the correct amount on the proper lot.
4. All successful bidders must remit payment immediately upon receipt of the invoice and/or lots. The cost of postage and insurance will be added to the invoices of successful mail bidders. Lots delivered in Iowa are subject to State Sales Tax of 3% unless a resale number is given. *Terms* are available, see your bid sheet.
5. Only signed, *written* bids are acceptable.
6. All photographs are of the actual lots being sold.
7. Prices or estimates given reflect the opinion of the cataloger as to what the lots should bring. Higher rather than lower valuations are expected to prevail.
8. Alternate bids are acceptable.

Lots will be available for viewing in Iowa City, Iowa, by contacting Dean Oakes, (319) 338-1144 or by writing c/o of Box 1456, Iowa City, Iowa 52240, until the day before the sale closes.

A FEW WORDS ABOUT THE ESTIMATES

Cataloging these great notes has been a real pleasure. We must confess, however, that estimating the value has been difficult. In the end, your own judgment is the primary consideration. Bid what the note is worth to you. If you bid all you want to pay, whether you are successful, or unsuccessful in getting the note, you will feel better. You won't feel badly seeing the note offered for more later if you've already made your best offer. If you are successful, you will know that your appreciation of the note translated into more dollars than anyone else's. Good luck.

BOOKS & ALBUMS & HOLDERS

SPECIAL — JUST RECEIVED — Paper Money of the United States by Friedburg is now available, and you won't want to miss this latest edition. Values for star notes are included for the first time, as well as quantities produced on small size. Covers all large and small U.S. notes from 1861 to date and their values, and fractional and encased postage stamps. This 9th edition to our customers, \$17.50 retail, only \$15.75 postpaid.

NATIONAL BANKS OF THE NOTE ISSUING PERIOD, 1863—1935 by Louis Van Belkum. Still the most comprehensive source of national bank data for the money. We have a few copies again of this now out of print book at \$14.00 postpaid.

The Central States National Bank Notes by Counties by C.E. Hilliard. An attractive hard bound directory of the 13 central states, alphabetically arranged by counties. Non issue banks are identified. Towns and banks can be quickly located with this directory. We support all such work and we are happy to make this book available to our clients postpaid for \$25.00.

NEW BOOK — The Encyclopedia of United States Fractional and Postal Currency by Milton R. Friedberg. This recently published soft cover book has it all about fractional currency! Postpaid to you at \$15.00.

The Comprehensive Catalog of U.S. Paper Money by Gene Hessler, 2nd edition. 503 pages in standard book size. Covers all standard U.S. issues and also mentions issues of 1815 and Colonials. Complete coverage of errors, stars, counterfeits, Philippines, military issues, uncut sheets, fractional and encased postage stamps. There is also a chapter on unissued and rejected designs and a lot of history. Notes are grouped together by denomination rather than issue, so all \$1 notes are compared on 20 pages together — the same up through \$10,000. Many of you have asked for this book when we were sold out. We now have a good supply, so order at the same low price (retail \$25.00) only \$20.00 postpaid.

National Bank Note Issues 1929-1935 by M.O. Warns and the Society of Paper Money Collectors. 212 pages, hard bound. The "Blue Book" of small size nationals. Lists known notes and sheets. Retail \$12.50, still only \$9.00 postpaid to our clients.

NEW BOOK

A new book on national bank notes from a major city, Houston, Texas, is available from Bill Logan, 518 Pine Shadows, Houston, Texas 77056, at \$20. Bill's collection has every Houston bank represented, which is a first in itself on a major city. Bill, in addition to giving information on issue data and bank dates, has brought out the local history behind the notes, and has set a standard of excellence on how a book about nationals should be done. Anyone who appreciates national bank notes is sure to love it, and will never get a better bargain.

The Anco currency album, with slip case, holds 78 notes. Order in blue, red, brown or green at \$12.50 each or two for \$23.00, postpaid.

Currency holders for above album or to use alone, open ends, fold over top, same as we use, \$5.75 per 100. Specify large or small size.

A WORD ABOUT GRADING

Most bidders in auction sales are aware of the difficulties in properly describing the notes so that mail-bidders will not be at a disadvantage. To help this understanding, we want to point out two or three things about our grading. Unless otherwise noted, a note's faults and plus qualities are taken into consideration in giving the note its grade. If the note is circulated, it might have a written mark, a loss of signature, or even a margin break without being noted in its description. Always noted are tears further than the border, pieces of the note gone, or something that makes the note look unusual for the grade. So our grading of material is for notes that are "AVERAGE" as normally found on the retail market, and the grade is an average of the note's good and bad points.

PLEASE NOTE: John Hickman will be glad to discuss any notes in this auction with you. You may contact John at (515) 225-7070 from 2-10 p.m., November 6 - 29th.

Thank you for your bids. Dean & John

December 20, 1978

Dear Customer,

Your prices realized are enclosed. Another successful sale concluded with 63% of those bidding receiving at least one lot. Your bids do count if you are realistic at all. A few lots went at bargain prices, but on the average lots sold very near the estimate or over.

We do try to proofread the descriptions but errors do get by and result in withdrawn lots. This time the dates got switched on a few lots, 1902 instead of 1929, or a grade was left out or wrongly stated. These lots will be offered in our next Sale correctly described.

The lot that had the most attention and resulted in a new high for the note, I believe, was Lot #598 a 1901 \$10 legal tender "Buffalo note" which brought \$1100.00 on an estimate of \$800.00. The Red Seal South Carolina note had a tie bid of \$1550.00 against a \$1650.00 estimate. Lot #344 Davis Indian Territory brought 20% over estimate selling at \$1210. There were 20 lots that received no Bid which is not surprising to us since we had so much depth in some areas. The South Carolina, Louisiana, and Utah National Bank notes offered seemed to have the least interest from bidders.

Our next Sale is planned for March 1979 and we need Consignments in our hands By January 15th. Please mail to John Hickman at Box 260, Des Moines, IA, 50372 or call John at (515) 225-7070. if you have notes to consign. The next sale catalog will be mailed to all Bidders of this 6th Sale, but they will be mailed 3rd Class. Only those paying \$1.00 will receive 1st Class catalogs, so if your catalog has been coming late you might want to consider sending \$1.00 or \$2.00 for prices realized.

Only with your help can we make those sales a success and we wish again to offer our sincere thanks for your contribution to the success of this and future auctions.

Sincerely,

Hickman-Oakes Auctions, Inc.
