Hickman-Oakes 12th Mail Bid Auction

Closing Date:
November 20, 1980

INTRODUCTION

Welcome to our twelfth sealed bid auction. Once again we are pleased to offer our clients a wide selection of common, scarce and rare notes from most areas of the country.

Among the highlights of this sale are a large and small note from both Arizona and Nevada; a \$100 1882 Date Back from Trinidad, Colorado; a \$1 from Farmer City, Illinois; a large selection of notes from Aurora, Illinois, Paris Missouri, and Cincinnati, Ohio; as well as an unusually extensive selection of New York and Ohio notes. Included in New York is a \$100 1875 note from the National Bank of Commerce. Also, a superlative \$10 1882 Brown Back from Vicksburg, Mississippi, and a \$100 1902 from Lubbock, Texas. Many other notes of interest are in this sale.

We would like to thank all of you, consignors, bidders and boosters, for the support you have given our sales over the last four years. We have tried very hard to be both truthful and fair to all concerned, and feel that we have largely succeeded. We feel that our method of sealed bid auction gives the seller the advantage of unpredictable and sudden increased interest in certain notes, and the buyer the assurance that someone else values the note at only 5% less than he does. We send you our best wishes for the holiday season and wish you all, 'Happy Hunting'!

TERMS OF SALE

To give all bidders an equal opportunity, bids will not be opened until the closing date of the sale. In other words, we will not know ourselves, and therefore cannot reveal, where the high bid is until the sale is over. To help us segregate bids from our regular mail, we are providing envelopes for use only for the mail bid sale. Please mark any other envelope you may use on the outside so we can know it is a bid. Skeptics are invited to inspect the unopened bids up to the closing date.

Bids must be in writing and postmarked no later than Nov. 16, 1980. We will be pleased to discuss and further describe any of the notes by 'phone, but we must insist that telephone bids be confirmed in writing before the deadline. Bids will be opened Nov. 20, 1980.

1. Each lot will be sold to the highest bidder unreserved at a slight advance over the next highest bid. In the event of identical mail bids, the earliest postmarked will receive the lot.
2. As in all legitimate auctions, the second highest bidder will set the price. Up to the \$1000 level, advances will be 10% with \$50.00 maximum. At \$1000.00 and over, advances will be 5%. This method will permit a bidder to make a liberal bid with the assurance that his bid will be reduced to the indicated amount above the next highest bid. In cases where only one bid is received, the estimate will be used as the underbid.

3. All lots are guaranteed genuine and as described. Please be sure you are bidding the correct amount on the proper lot. Only signed, written bids are acceptable.
4. All successful bidders must remit payment immediately upon receipt of the invoice and/or lots. The cost of postage and insurance will be added to the invoices of successful mail bidders. Lots delivered in Iowa are subject to State Sales Tax of 3% unless a resale number is given. Terms are available; see your bid sheet.
5. All photographs are of the actual lots being sold.
6. Prices or estimates given reflect the opinion of the cataloger as to what the lots should bring. Higher rather than lower valuations are expected to prevail.
7. Alternate bids are acceptable.
8. GRADING--The standard grades are used as outlined below. An overall grade is given to take into consideration the note's appearance. A grade of F/VG means that the reverse of a note is not as nice as the face of the note. A grade of VG-F is a grade for the complete note. Such defects as margin tears, pin holes, stains, abrasions, or other appearance are not mentioned in grades of Fine and below, unless, in the cataloger's opinion, it affects the value of the note enough to make mentioning necessary. In other words, a very valuable note will have a more complete and detailed description than a note, say, not even worth double face. In notes grading VF and above, we will try to mention, within reason, all unusual defects such as named above. As a condition to your bids you may wish to say that you do not wish any lots that might contain a pin hole or whatever.
9. If you receive a note by mail that you feel you should return for any reason, you may do so, if within 3 days of receipt and you state your reason for dissatisfaction. If it is a grading problem, please state the grading guide that you are using (if you are) to support your position. We are firm believers in 'Satisfaction Guaranteed', and we intend that you be satisfied. If we make an error, we want to know about it.
10. We reserve the right to reject any bid of 50% of estimate or less, or any bid of less than 15% over face.

Lots will be available for viewing in Iowa City, Iowa, by contacting Dean Oakes, (319)338-1144 or by writing c/o Box 1456, Iowa City, Iowa 52240, until the day before the sale closes.

U.S. TYPE NOTES

Demand Note

- 350 F2 \$5 New York. Overall, a VG-F note with a close top trim cutting into 'Bank Note Company' at top of note. All of this Demand issue were redeemable 'on demand' into hard money, and few survived redemption. Other than the middle worn fold, the note has good body and would grade Fine, having the appearance of a full Fine note.
Est: \$900-\$1000

U.S. Legal Tender Issues

- 351 F23 \$1 1875 Uncirculated. The scarce 'C' series missing in many collections. Good margins, full color, and crispness. Slight counting smudge noted at right end. We have seen similar notes advertised at \$3500, and feel this one may bring close to that figure.

- 352 F63 \$5 1863. From a Donlon sale as uncirculated, and it surely is. Close trim along top margin (see photo), resulting in a generous margin at bottom. The note has good original body, crispness and brightness. Worth in today's market
\$2500

- 353 F67 1875 series 'B'. Beautiful Unc. Large engraved area of red around 'V' makes this note extra attractive. Uncirculated with a hint of rounded corners. Ex-Donlon. Estimated to bring
\$2000 +

- 354 F95A 1863 Chittenden-Spinner type with two serial #'s. This note was illustrated in a Donlon sale. Uncirculated with close end margins. Top margin shows part of plate number. This note should bring in the area of
\$3500-\$4000

- 355 F114 \$10 1901 series Buffalo note. Crisp Unc. Well centered with top corners showing a trace of rounding. Bright and vivid. Estimated just under \$4000

- 356 F124 \$20 1862. Type with 1st obligation on reverse. Counting smudge and old folds keep it from a full VF. In all respects, an above average note for this scarce issue. Est: \$900-\$1000

Silver Certificates

- 357 F225 \$1 1896 Educational. Note is uncirculated, downgraded because of an irregular top trim, and because it was wet and threads in note bled ever so slightly. Not to be confused with a note that has been washed, this note retains its crispness and appearance of a new note, and is new. Est. about 1/2 of a choice note, or \$1600

- 358 F247 \$2 1896 Educational. Uncirculated Crisp note with average margins. Top margin is irregular and a top left corner fold in margin is noticeable. You can win first place in any display with it, and save a lot in the purchase over a Choice CU. Est: \$2500

\$5 Educational:

- 359 F269 \$5 1896 Educational, AU + . Counting smudges on the right end will save the purchaser a lot of money on this note over a CU. No folds evident, but general handling and slightly rounded corners puts this note into the AU category. Est: \$1200-\$1500

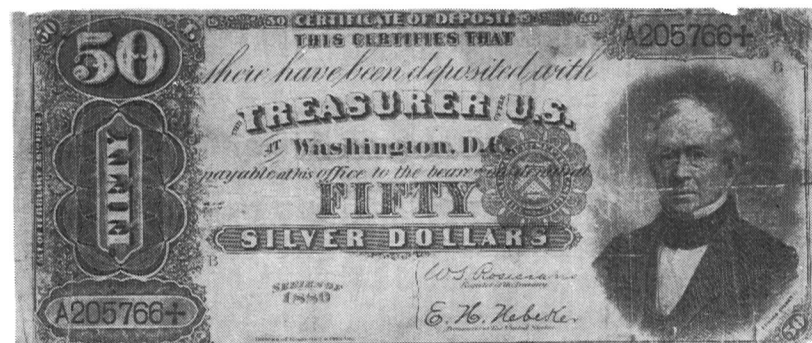

- 360 F270 \$5 1896. Brighter than either of above and, like the two dollar, has been cut; fibers in paper show it ever so slightly. Excellent centering, good body, and crispness. Uncirculated. Est: \$3500

- 363 F311 \$20 1880. A scarce, tough note to locate in circulated high grade XF, as this one is. End margins trimmed slightly. Three folds and corner fold noted on reverse. A very ornate note. Hard to estimate. With CU notes bringing over \$10,000, an XF should be close to \$2000

- 361 F282 \$5 1923 Lincoln. Very close trim to top margin. Uncirculated, but reverse shows a margin fold at top where margin was folded over, about 1" long, just along the very edge. A very pleasing type note, which should bring \$1200-\$1500

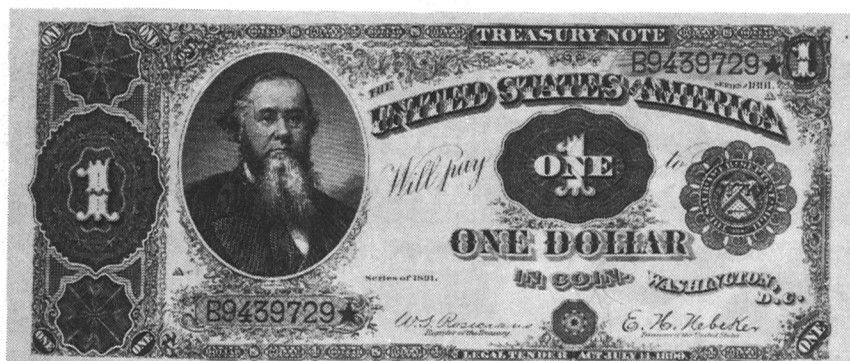

- 364 F329 \$50 1880, small red seal. VG with a couple of nicks out of border and one small tear 3/8" into Everett's shoulder at lower right. Top right corner is repaired and glued together, but a very rare note. Good seal color and good detail overall. Listed in Friedberg in Fine at \$5000. Hessler lists five known notes, of which this is not included, I suspect. Note could easily bring \$2000 or more, if collectors are on their toes.

- 362 F274 \$5 1899. AU with evidence of a middle fold, very light. Next to new and very displayable. With XF+ going for several hundred, this note may sell for \$750

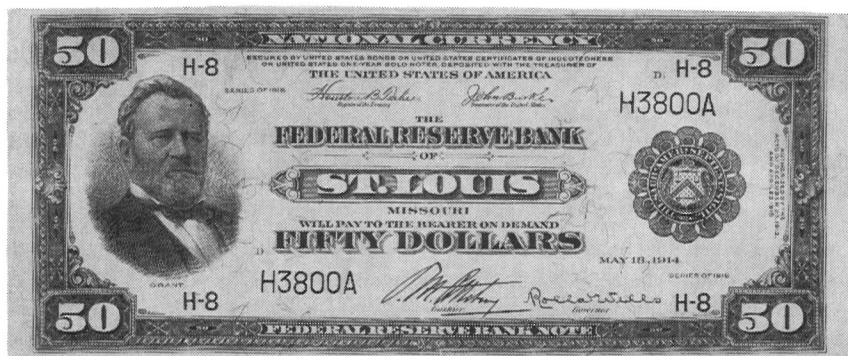

- 365 F331 \$50 1891, VG, from the Mississippi Hoard. This note has rounded corners; it saw little actual circulation, just was carried for a long time. Scarce. Est: \$300

Coin Note

- 366 F350 \$1 1891. Crisp Unc. Bright, crisp, good margins. One top note of reconstructed sheet and lower reverse margin shows some glue or residue from that. Could easily cut the value by $\frac{1}{2}$, but still will bring in the high hundreds.

Rare Federal Reserve Bank Note:

- 367 F831 \$50, #H3800A. If we have only one FRBN to offer, this is the one to have. A very scarce note, and strictly Fine+ condition. Good margins, 5 or 6 pin holes. Estimate, conservatively, to bring \$3000+

page 48

Gold Star Note

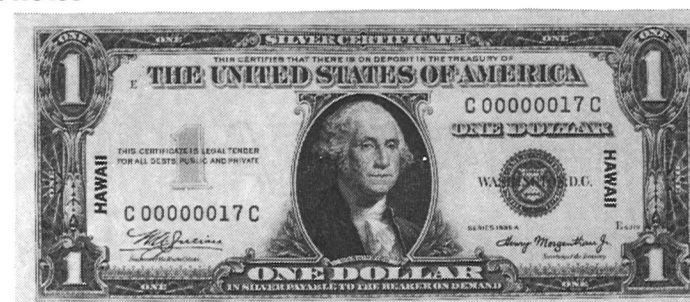

- 368 F1187 \$20 Gold note. The only large gold note in the sale, a star to boot, and in AU+ condition. A closed pin hole in portrait is noticeable, otherwise looks like a new note. Close cut, top right, and lower border, left end. Back is brilliant gold color. Could bring \$750

Packs of Small Size Silvers and Legals

- 379 \$1 1934A Silvers, S-C pack of 89 notes, two of which are stars. Then, 11 T-C block notes were added at the end, making 100 Crisp Unc notes. Strap date of 6/23/44. Est: \$250
- 380 \$5 1934D Silvers. 100 consecutive notes of the narrow group, back check #2009. O'Donnell lists these singly at \$60, each in CU. I feel this is a good investment for someone and will sell over the \$10 buy price noted for singles. Est: \$2000
