Hickman—Oakes 16th Mail Bid Auction

Closes March 24, 1982

INTRODUCTION

Welcome to our sixteenth sealed bid auction. Many of the notes offered in this sale have only recently surfaced and are offered here for the first time. Once again, we have a good selection from most areas of the country.

We are very pleased to announce that we have received our first significant consignment for our June sale, which will take place at the International Paper Money Convention in Memphis. The James M. Wade collection of five dollar third charter notes, one from each state, Hawaii, and the District of Columbia, completed over twenty-five years ago, has been consigned to us. Several low charter number notes and fractional sheets were included.

Since we will have two sessions this year, we hope to offer up to 1200 lots made up of approximately half Nationals, one third Type Notes, and a representative selection of Colonials, Obsoletes, and Fractional.

As has been said before, no better opportunity exists today to offer paper money than the Memphis convention. We urge all of you to give this opportunity careful consideration and to contact us as soon as possible. We must have the material in hand by March 15.

We wish to thank all of you for your continued support of our auctions and wish you all — Happy Hunting!

Dean and John

TERMS OF SALE

To give all bidders an equal opportunity, bids will not be opened until the closing date of the sale. In other words, we will not know ourselves, and therefore cannot reveal, where the high bid is until the sale is over. To help us segregate bids from our regular mail, we are providing envelopes for use only for the mail bid sale. Please mark any other envelope you may use on the outside so we can know it is a bid. Skeptics are invited to inspect the unopened bids up to the closing date.

Bids must be in writing and postmarked no later than March 19, 1982, or received no later than March 24, 1982. We will be pleased to discuss and further describe any of the notes by phone, but we must insist that telephone bids be confirmed in writing before the deadline. Bids will be opened March 24, 1982.

1. Each lot will be sold to the highest bidder unreserved at a slight advance over the next highest bid. In the event of identical mail bids, the earliest postmarked will receive the lot.
2. As in all legitimate auctions, the second highest bidder will set the price. Up to the \$1000 level, advances will be 10% with \$50.00 maximum. At \$1000 and over, advances will be 5%. This method will permit a bidder to make a liberal bid with the assurance that his bid will be reduced to the indicated amount above the next highest bid. In cases where only one bid is received, the estimate will be used as the underbid.
3. All lots are guaranteed genuine and as described. Please be sure you are bidding the correct amount on the proper lot. Only signed, written bids are acceptable.
4. All successful bidders must remit payment immediately upon receipt of the invoice and/or lots. The cost of postage and insurance will be added to the invoices of successful mail bidders. Lots delivered in Iowa are subject to State Sales Tax of 3% unless a resale number is given. Terms are available; see your bid sheet.
5. All photographs are of the actual lots being sold.
6. Prices or estimates given reflect the opinion of the cataloger as to what the lots should bring. Higher rather than lower valuations are expected to prevail.
7. Alternate bids are acceptable.
8. GRADING—The standard grades are used as outlined below. An overall grade is given to take into consideration the note's appearance. A grade of F/VG means that the reverse of a note is not as nice as the face of the note. A grade of VG/F is a grade for the complete note. Such defects are margin tears, pin holes, stains, abrasions, or other appearance are not mentioned in grades of Fine and below, unless, in the cataloger's opinion, it affects the value of the note enough to make mentioning necessary. In other words, a very valuable note will have a more complete and detailed description than a note, say, not even worth double face. In notes grading VF and above, we will try to mention, within reason, all unusual defects such as named above. As a condition to your bids you may wish to say that you do not wish any lots that might contain a pin hole or whatever.
9. If you receive a note by mail that you feel you should return for any reason, you may do so, if within 3 days of receipt and you state your reason for dissatisfaction. If it is a grading problem, please state the grading guide that you are using (if you are) to support your position. We are firm believers in 'Satisfaction Guaranteed', and we intend that you be satisfied. If we make an error, we want to know about it.
10. We reserve the right to reject any bid of 60% of estimate or less, or any bid of less than 15% over face.

Lots will be available for viewing in Iowa City, Iowa, by contacting Dean Oakes, (319) 338-1144 or by writing c/o Box 1456, Iowa City, Iowa 52240, until the day before the sale closes.

LARGE & SMALL SIZE TYPE NOTES

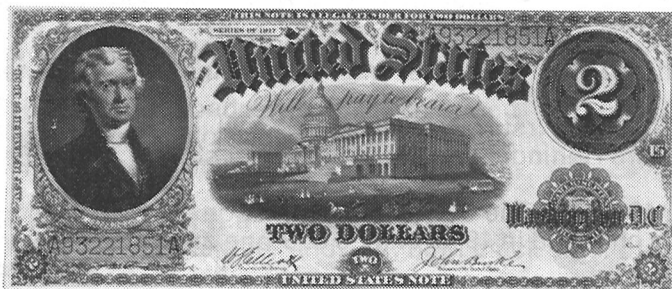

We are changing our listing this time to include first the large size and then the small size notes in each category of issue.

U.S. NOTES

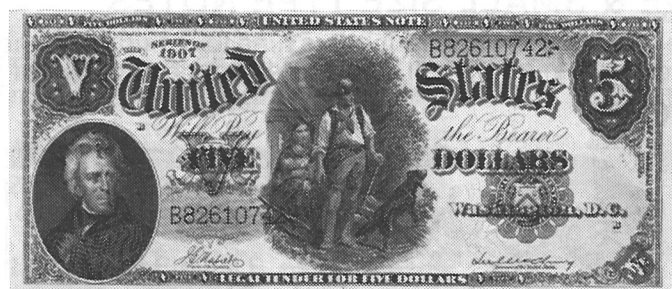

- 320 F16 \$1 1862 CU. As fine an example of the 1st issue as one could expect. Very bright inks, far above average margins. Notes like this are quoted as high as \$1000

- 321 F17a \$1 1862 XF. Bright, a very nice example of the grade. Bold colors, margins free of outside design line. I'd rather have this note than many AU's I've seen. Est. \$250 +
- 322 F40 \$1 1923 AU. No folds noted on this crisp note but a slight stain is noticeable in seal area at left. Est. \$100
- 323 F40 \$1 1923 CU. Bright, well centered. Catalog value of \$450 - might not be too high on this full "65+" grade note.
- 324 F57 \$2 1917 AU. Little soil on reverse middle fold shows on this attractive note. Est. \$65

- 325 F58 \$2 1917 Crisp Unc. Bright, crisp paper was very receptive to the ink producing an excellent copy. Est. \$275
- 326 F60 \$2 1917 Unc. Close bottom margin uneven. Just lite handling shows on top margin near middle. No folds. Should easily be worth \$100

- 327 F85 \$5 1907 CU. Little uneven in margins but such a perfect note otherwise. Crisp and bright. Est. \$350
- 328 F91 \$5 1907 AU+. A very faint middle fold shows and margins close, but a bright and desirable note. Est. \$150

- 329 F91 \$5 1907 Unc. with top margin so close but not touching design. Squarely cut. Bright and vivid. Part teller fold at middle right end but so fresh and crisp. Est. \$300
- 330 F121 \$10 1901 Fine honest circulation on this popular Buffalo note. No impairments. Est. \$75
- 331 F141 \$20 1880 G/VG. Full of pin hones and carried so long corners are rounded off. Not bad color and no real noticeable folds. Your bid will set the price.
- 332 F147 \$20 1880 Ab F. Used but no abuse. Est. near Cat. of \$75

SMALL SIZE U.S. NOTES

- 333 1928A \$2 C.U. Scarce Est. \$120

We want to thank you for your bids in this sale. We are quite pleased with the Prices Realized. Even though this sale did not have as many and as varied lots as normal, we feel that it was quite successful. The Iowa collection that was featured drew good response from many of the Iowa collectors with most lots going at or near estimate.

We are now desperately trying to complete the Memphis catalog so that it can be in the mail early in May. We expect to have around 1,300 lots in that sale. Undoubtedly there will be something for everyone's collecting tastes in currency. Hope to see you at that sale in person!

Until then ----- Happy Hunting.
