TERMS OF SALE

To give all bidders an equal opportunity, bids will not be opened until the closing date of the sale. In other words, we will not know ourselves, and therefore cannot reveal, where the high bid is until the sale is over. To help us segregate bids from our regular mail, we are providing envelopes for use only for the mail bid sale. Please mark any other envelope you may use on the outside so we can know it is a bid. Skeptics are invited to inspect the unopened bids up to the closing date.

To insure your efforts are not wasted, mail this bid early. We will be pleased to discuss and further describe any of the notes by phone, but we must insist that telephone bids be confirmed in writing before the deadline. Bids will be opened October 30, 1984.

1. Each lot will be sold to the highest bidder unreserved at a slight advance over the next highest bid. In the event of identical mail bids, the earliest postmarked will receive the lot.
2. As in all legitimate auctions, the second highest bidder will set the price. Up to the \$1000 level, advances will be 10% with \$50.00 maximum. At \$1000 and over, advances will be 5%. This method will permit a bidder to make a liberal bid with the assurance that his bid will be reduced to the indicated amount above the next highest bid. In cases where only one bid is received, the estimate will be used as the underbid.
3. All lots are guaranteed genuine and as described. Please be sure you are bidding the correct amount on the proper lot. Only signed, written bids are acceptable.
4. All successful bidders must remit payment immediately upon receipt of the invoice and/or lots. The cost of postage and insurance will be added to the invoices of successful mail bidders. Lots delivered in Iowa are subject to State Sales Tax of 4% unless a resale number is given. Terms are available; see your bid sheet.
5. All photographs are of the actual lots being sold.
6. Prices or estimates given reflect the opinion of the cataloger as to what the lots should bring. Higher rather than lower valuations are expected to prevail.
7. Alternate bids are acceptable. No buy bids are acceptable.
8. GRADING—The standard grades are used as outlined below. An overall grade is given to take into consideration the note's appearance. A grade of F/VG means that the reverse of a note is not as nice as the face of the note. A grade of VG-F is a grade for the complete note. Such defects as margin tears, pin holes, stains, abrasions, or other appearance are not mentioned in grades of Fine or below, unless, in the cataloger's opinion, it affects the value of the note enough to make mentioning necessary.
9. If you receive a note by mail that you feel you should return for any reason, you may do so, if within 3 days of receipt and you state your reason for dissatisfaction. If it is a grading problem, please tell us. We are firm believers in 'Satisfaction Guaranteed', and we intend that you be satisfied. If we make an error, we want to know about it.
10. We reserve the right to reject any bid of 60% of estimate or less, or any bid of less than 15% over face.

Lots will be available for viewing in Iowa City, Iowa, by contacting Dean Oakes, (319) 338-1144 or by writing c/o Box 1456, Iowa City, Iowa 52244, until the day before sale closes.

INTRODUCTION

Welcome to our 25th sealed bid auction. By way of observing this important anniversary milestone, we have assembled a truly jumbo assortment of common, scarce and rare notes for you to choose from. We believe this sale offers you more uncirculated notes and notes of high quality, more number one notes, more unique notes, more high denomination notes, more fancy names, more notes the average collector can afford, and more notes from popular collecting areas like New York than any of our previous twenty-four sales. Our first auction in 1976 had 237 notes. This sale contains 849 lots.

Every note in this sale has been attributed to the best of our present knowledge, using what we believe to be the finest and most complete research and data in existence. The latest revised rarity is given, in many cases, changed by the very note being offered. You are told all we presently know about the rarity of every note.

We wish to take this opportunity to thank all of you who have supported our research and auctions over the years. It can truly be said, we could not have chalked up twenty-five successful sales without your cooperation.

Thanks to the work of Louis Van Belkum III, Peter Huntoon, Bill Raymond, M.O. Warns, ourselves and many others, the collector of nationals today has a virtually unlimited amount of information available to him. He knows what notes were issued and how many by every bank in the country. He also has available to him a census breakdown of surviving notes, using a sample of over 100,000 known notes.

The Higgins National Bank Note Museum is open every summer in Okoboji, Iowa.

Most important, we have a legitimate and knowledgeable market place in which to buy or sell without getting killed getting in or out.

All of this has occurred in less than twenty years.

More notes and more knowledge is available to the collector today than ever before. A liberal portion of both are in this catalog. As always we wish you all, Happy Hunting!

U.S. FRACTIONAL CURRENCY

The market prices for fractional are now quite reasonable, and it is a good time to add to your collection or start one. This small collection offers some good opportunities. Bidding could easily exceed estimate.

- 103 F 289 \$10 1880. A note showing little circulation, but brittle and restored using silk gauze to stabilize it. A piece is gone above Morris' head and note has several cracks in it at top and left end. A scarce type. Friedberg's value in VG is \$250. Very hard to estimate. Your bid will determine the price.

- 104 F 293 \$10 1886, VF+ from a circulation standpoint, but has a sprinkling of little brown spots, mainly above Hendricks' head, and some little nicks in margin there also. Note has a lot of body. Should be a bargain in the range of \$150

- 105 F 293 \$10 1886 XF. Note was marked CU but it has had the standard three folds, which someone tried to process out of the note. Large red seal and ornate reverse this type is noted for. \$500
- 106 F 300 \$10 1891 VF/F. Two or three light brown stains on reverse. Same obverse design as above two notes, but the reverse 1891 has much less design and is not nearly as scarce. \$150
- 107 F 317 \$20 1891 F+. The obverse is a VF, but reverse shows a worn middle fold. Bright and good margins. \$150
- 108 F 319 \$20 1891 F-VF. Seal is faded on this sought after "Manning" note. \$175+

- 109 F 320 \$20 1891 Crisp UNC. Light corner tip handling noted at top. A well centered, exceptional, Manning Silver Certificate and perfect for type note representation. Est: \$1250

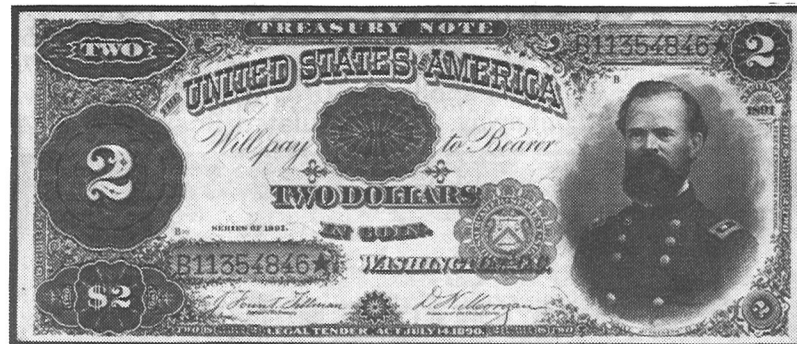

U.S. COIN NOTES 1890-1891

- 110 F 347 \$1 1890 VG, even circulation; & F 352 \$1 1891 Fine. 2 pcs., both types. Easily worth \$125

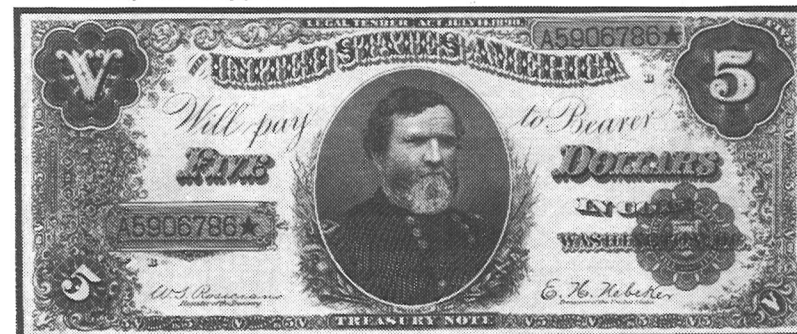

- 111 F 347 \$1 1890 XF. A super nice type note. \$300

- 112 F 351 \$1 1891 Crisp UNC, but counting smudge, top right. \$300

- 113 F 357 \$2 1891 UNC. Corners and parts of margins show light soiling from handling, counting, or both. A bright, crisp, well centered note. Should sell above \$450
- 114 F 358 \$2 1891 XF. Again, a little dirty at right end from being counted over and over when it was bank cash. Good color and inking. \$200
- 115 F 361 \$5 1890 AF. If it still had the dirt on it it once had, it would be VG, but it cleaned up rather nicely, especially on reverse. No heavy worn folds, no problem with margins. An acceptable type at near \$100

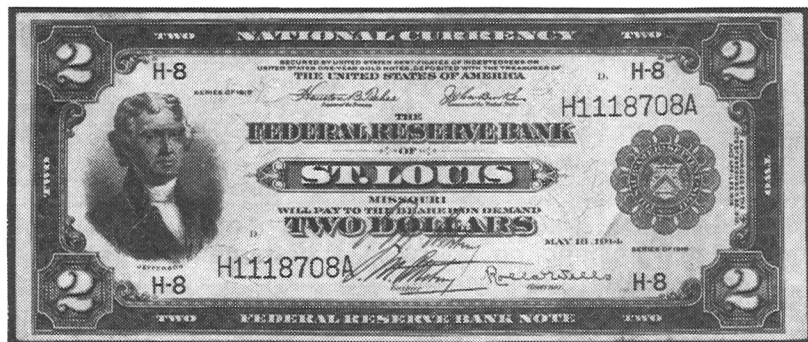

- 116 F 361 \$5 1890 XF. Note has lost a little of its brilliance, but still retains much crispness since new. Easily worth \$400

- 117 F 369 \$10 1891 Fine+. A used but not abused example of this scarce type note. Bid at least \$150

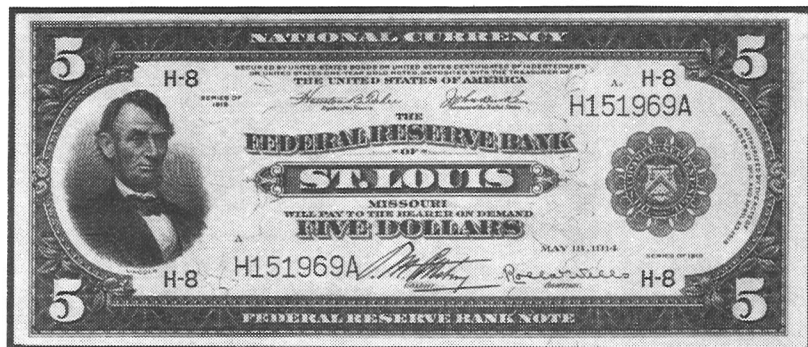

LARGE SIZE FEDERAL RESERVE NOTES 1918 & 1914

Series 1918 \$1-\$2-\$5-\$10-\$20

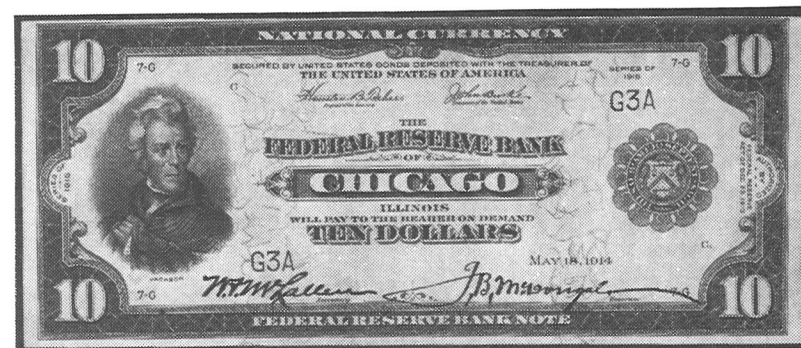

- 118 F 709 \$1 VG, scarce; & F 710 \$1 XF-AU, crisp. Both Boston. 2 pcs. \$75
- 119 F 712 \$1 F-VF New York; & F 720 \$1 Good, Cleveland. 2 pcs. \$40
- 120 F 712 \$1 CU, not choice, just doesn't have full brilliance of a Crisp UNC note. A little light on inking at printing, I believe. Still a very acceptable type note and worth near \$100
- 121 F 714 \$1 XF. Heavy pressed out reverse fold still shows, otherwise bold. \$50
- 122 F 717 \$1 F & VF. 2 pcs. Philadelphia. Good type. \$50
- 123 F 717 \$1 AU, crisp, two light folds, hardly detected. \$75
- 124 F 736 \$1 XF-AU Minneapolis. An UNC note, 2 folds show. Was folded and put away, never circulated. Scarce. \$75

- 125 F 768 \$2 AU St. Louis with autographed signature of Attebery, cashier, above printed sig. Scarce type, rare autographed. \$200+
- 126 F 782 \$5 1918 F-VF, well centered. Nice type. near \$75

- 127 F 796 \$5 1918 XF. Pressed out so it looks UNC. Still has much crispness. Worth in the area of \$150

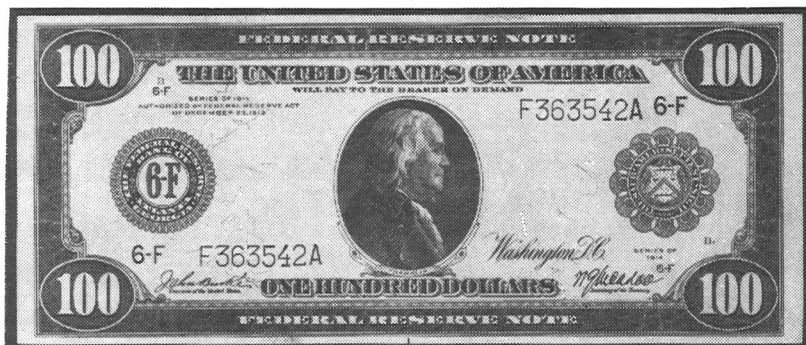

- 128 \$10 1918 \$10 1915 Chicago, UNC, close top margin. Red silk threads are quite prominent. This was offered in our 24th sale, lot 591, described as now, but we did not mention the small hole, lower left, below 7-6 in photo, pin head size. An ash fell on the note and burned this small area and resulted in a small hole in the border area. Remember low #G3A from a Donlon auction, 1971. Bid your pleasure, but it is a rare and desirable type that few ever own. Surely it will bring near \$600

- 129 F 827a \$20 1918 VG with dirt scrubbed off to look like a higher grade. In scrubbing, '1914' at lower right was almost lost and a small hole is evident below top right corner; also, F 979 \$20 1914 VF. 2 pcs., both types, the first one scarce. Worth \$100-\$150

1914 Series Red & Blue Seal \$5-\$100

- 130 F 838 \$5 1914 VF+ Red Seal Chicago, bright. Est: \$75
- 131 F 840 \$5 XF Red seal Minneapolis. Bright, crispy, scarce. Est: \$100
- 132 F 834 3 pcs. \$5 VG-F; F 843 \$5 VG; F 894 \$10 VG-F; F 954 \$20 VG. 6 pcs., \$50 face in large notes. Bid above \$75
- 133 F 834 \$5 VF; F 915 \$10 VF; F 954 \$20 VG. 3 pcs. \$60
- 134 F 855c \$5 Crisp UNC, one tiny ink spot on reverse; & F 720 \$1 UNC but it appears it has been pasted at end margins to a glass and displayed. End margins now are matted and grimy. 2 pcs. Hard to value, but \$5 above is worth \$100 so bid over that.
- 135 F 863 \$5 XF; 915c \$10 AU; & F 1011 \$20 XF+. Three high grade 1914 type notes worth near \$100
- 136 F 871 \$5 Fine & VF, 2 pcs.; F 939 \$10 XF; F 998 \$20 XF+; & F 1050 \$50 VG-F. 4 nice types of 1914. 5 pcs. total. Est: \$150
- 137 F 879 \$5 AU-UNC Crisp; & F 998 \$20 XF-AU. Two 1914 types. Est: \$100
- 138 F 936 \$10 Crisp UNC, well centered. Est: \$90
- 139 F 1071A \$50 XF-AU, sharp. Good type. Est: \$125-\$150

- 140 F 1104 \$100 AU-UNC. One light fold detected, crisp and well centered. Should bring about \$225

 144 F 1173 \$10 1922 AU, crisp and sharp. \$75
 145 F 1178 \$20 1882 AVF. A sharp note, no heavy folds. Worth near \$100

ERROR NOTES

- 215 \$1 1974 St. Louis. Obverse seal and serial numbers printed far over to right, right pair of black 8's of district are off the note. Notes before and after it are included and are okay; also, \$1 1974 Atlanta with almost no black overprint of seal and 6's. Impression is there but very light on ink; \$1 1969D Atlanta with top of reverse 1/2" almost blank from improper inking; and last, \$1 1974 Atlanta with two light green ink blobs on obverse of note. Four errors and all CU and nice, first shift error especially. Est: \$200
 216 \$1 1935E. Silver, VG, with heavy black offset on reverse of 3/4 of note, improper plate wiping, of course; \$10 1969 with a large corner with black offset ink as above; \$1 1969D and \$5 1969C with fold out voids through portraits; \$1 1974 with large white voids caused from a foreign piece of paper lying over bill through first printing process; \$1 1969D Dallas, 2nd printing shift, as note first described, not quite as bad, but Dallas seal touching portrait of Washington, AU, the rest of the notes VF. 6 pcs. \$150

- 217 \$1 1974 New York, CU, fold over error before the 3rd printing, so the right hand serial number and seal were printed across the corner folded over. Quite a striking error, CU. Est: \$100

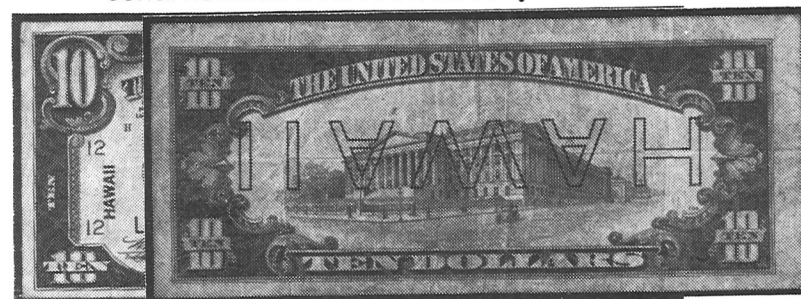

- 218 \$1 1974 Atlanta, CU, with completely blank reverse. Included are the numbers before and after, completely normal. 3 pcs, 1 error. CU Est: \$200

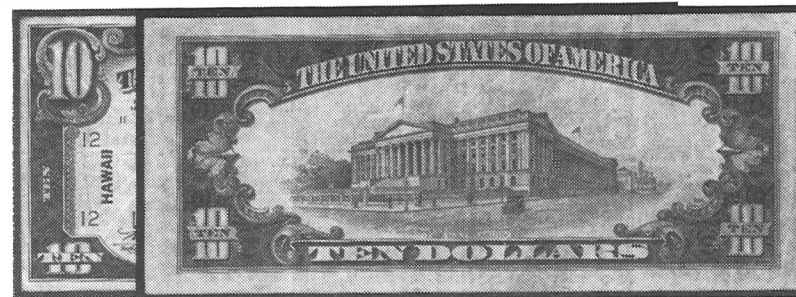

- 219 \$1 1974 Atlanta, CU, with seals and numbers (3rd printing) upside down. Sheet was fed into presses wrong end first. Also have the numbers before and after it in normal CU condition. 3 pcs, 1 error. CU \$150

- 220 \$1 1928A Silver Certificate, UNC, printed with a piece of foreign paper over the right three digits of the serial number and came off after printing, so only 6 digits are in the right serial number. Scarce on an early Silver Certificate. Est: \$75

- 221 \$10 1934A Hawaii notes, 2 pcs, one Fine with Hawaii overprint printed upside down. Second note, VF, with no Hawaii overprint on reverse at all. This pair of notes was offered at \$3900 and sold by Bowers & Ruddy several years ago. We offer them feeling that they are major errors, each in its own right, each with a major error and each on the reverse side of the note. The notes are as rare now as they were then, but I feel they will bring nearer half of the original price. Your bid sets the value and they are surely outstanding errors.

- 222 \$1 1935E Silver Certificate, AU, with fold-over error. Top right corner of reverse was folded over and is blank, obverse of bill was printed later and is perfect; \$1 1935C & \$1 1935E with very small fold voids on obverse, XF. 3 pcs. Est: \$75

- 223 \$1 1935D Silver, CU, with reverse centering off to the right, showing at left end the outline of the next note over; also, \$5 1953 Silver, CU, with green reverse plain along bottom half inch of note's obverse (wet ink transfer). 2 pcs. Est: \$50
- 224 \$1 1935, VF, and 1935A, VG Silvers, not errors, probably just notes split apart. That's right, each half is now separate on very thin paper. The 1935 obverse has a chunk gone on right end and the right end has an irregular margin. \$2 face, 4 pcs. We had a note such as this a couple of years back and got about \$25 for it, so maybe \$50 for these two.

- 225 \$1 1977 Atlanta, XF, cutting error. A piece of the sheet was folded up and got cut with the top bill, resulting in the whole end of the second note being attached to the lower left corner of the note by about 3/4"; also, \$5 1981 VF with two voids, one through note both sides, the other just at corner of note; and \$5 1977A, CU, with a 1/8" fold void both sides. Three good error notes. Est: \$60
- 226 \$10 1950A CU, 2 consecutive notes, first has a heavy black ink transfer on the back about half of note, second note has the same transfer, only very faint; also a \$20 1974 Fine with 3rd printing on obverse far to the right. Seal is into Jackson portrait. 3 pcs. Est: \$70

- 240 \$10 1882DTS First National Bank of Clifton P-5821 F/VF
Rarity 4. This note first came to our notice in 1976 at the Stack's ANA sale, lot 3913, described "VF, unevenly cut". It opened at \$450 and sold at \$750. Our catalog value of VG at \$480 & VF at \$1120 would put this note at the \$1000 range, which seems reasonable for an important note like this.

IDAHO

- 278 \$5 1929II First N.B. of Idaho, Boise 1668 AU
Rarity 3. A barely handled note from Idaho's first national bank. Light corner fold at u.r. There will never be enough nice Idaho notes to go around and type II \$5's are scarce on the whole state with only sixty thousand notes being issued by eleven Idaho banks. Most of the eleven banks had very small issues and are unknown to collectors. This beauty should well exceed \$350

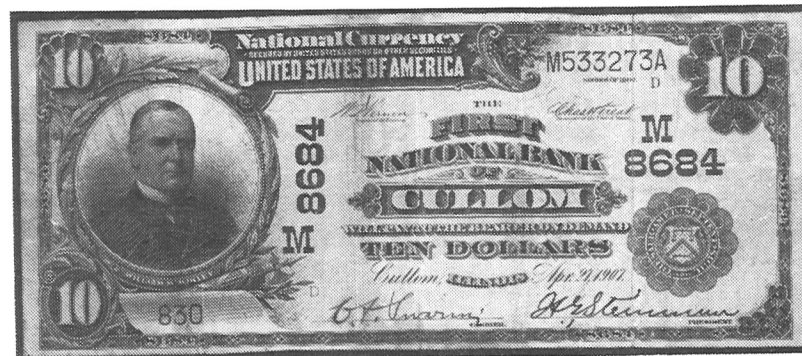

- 279 \$5 1929II First National Bank of Lewiston 2972 VF
Rarity 5. A very tough note. The other four notes in our census from this bank are \$50's and \$100's. Sigs of H.M. Emerson and A.E. Clarke. This is note #486 of only 565 issued by the bank. Surely worth in the area of \$400.
- 280 \$5 1929II Lewiston National Bank 13819 XF
Now rarity 4 but still scarce, particularly in this higher grade, as there are very few XF or AU 1929 \$5's available and virtually no UNC's from the whole state. Surely should exceed \$400, maybe closer to \$500

Rarity 6. One eighth of the reverse is wallet stained accounting for the split grade and the note's survival. To our best knowledge this note is presently unique for a large size note on this bank. Pen signed by C.A. Swarn and H.G. Steinman. Should prove to be a popular lot and, if rarity is meaningful, realize \$300 +
- 290 \$50** 1882DTS Second N.B. of Danville M-2584 VG
