26th  
SEALED BID  
MAIL AUCTION

Lot 29

Featuring The New York State Collection

Closing Date; December 17, 1984

## TERMS OF SALE

To give all bidders an equal opportunity, bids will not be opened until the closing date of the sale. In other words, we will not know ourselves, and therefore cannot reveal, where the high bid is until the sale is over. To help us segregate bids from our regular mail, we are providing envelopes for use only for the mail bid sale. Please mark any other envelope you may use on the outside so we can know it is a bid. Skeptics are invited to inspect the unopened bids up to the closing date.

To insure your efforts are not wasted, mail this bid early. We will be pleased to discuss and further describe any of the notes by phone, but we must insist that telephone bids be confirmed in writing before the deadline. Bids will be opened December 17, 1984.

1. Each lot will be sold to the highest bidder unreserved at a slight advance over the next highest bid. In the event of identical mail bids, the earliest postmark will receive the lot.
2. As in all legitimate auctions, the second highest bidder will set the price. Up to the \$1000 level, advances will be 10% with \$50.00 maximum. At \$1000 and over, advances will be 5%. This method will permit a bidder to make a liberal bid with the assurance that his bid will be reduced to the indicated amount above the next highest bid. In cases where only one bid is received, the estimate will be used as the underbid.
3. All lots are guaranteed genuine and as described. Please be sure you are bidding the correct amount on the proper lot. Only signed, written bids are acceptable.
4. All successful bidders must remit payment immediately upon receipt of the invoice and/or lots. The cost of postage and insurance will be added to the invoices of successful mail bidders. Lots delivered in Iowa are subject to State Sales Tax of 4% unless a resale number is given. Terms are available; see your bid sheet.
5. All photographs are of the actual lots being sold.
6. Prices or estimates given reflect the opinion of the cataloger as to what the lots should bring. Higher rather than lower valuations are expected to prevail.
7. Alternate bids are acceptable. No buy bids are acceptable.
8. GRADING — The standard grades are used as outlined below. An overall grade is given to take into consideration the note's appearance. A grade of F/VG means that the reverse of a note is not as nice as the face of the note. A grade of VG-F is a grade for the complete note. Such defects as margin tears, pin holes, stains, abrasions, or other appearance are not mentioned in grades of Fine or below, unless, in the cataloger's opinion, it affects the value of the note enough to make mentioning necessary.
9. If you receive a note by mail that you feel you should return for any reason, you may do so, if within 3 days of receipt and you state your reason for dissatisfaction. If it is a grading problem, please tell us. We are firm believers in 'Satisfaction Guaranteed', and we intend for you to be satisfied. If we make an error, we want to know about it.
10. We reserve the right to reject any bid of 60% of estimate or less, or nay bid of less than 15% over face.

Lots will be available for viewing in Iowa City, Iowa, by contacting Dean Oakes, (319) 338-1144 or by writing c/o Box 1456, Iowa City, Iowa 52244, until the day before the sale closes.

## INTRODUCTION

Welcome to our 26th sealed bid auction. In the spirit of the season, we hope that this sale contains one or more notes suitable for a gift to your favorite collector.

Another jumbo assortment of notes from Kentucky, New Jersey, New York, particularly New York City, and Washington are offered in this sale along with a number of better types and locations from other areas.

We are pleased to report that our twenty-fifth anniversary sale, just closed, was a genuine boiler plated success with very close to 500 bidders, more than half of whom were successful in acquiring lots.

It's not too soon to remind you that Hickman-Oakes will have the Memphis auction next June, so keep it in mind for those duplicates, or better notes that come your way.

We plan to include a few United States Government bonds in the sale and we can use a few more to round out what we already have.

We wish to thank you one and all for your support, and along with our best greetings of the season, we wish you all —

Happy Hunting!

- 124 \$50 1882DTS Merchants N.B. of Nebraska City W-2536 XF  
Now rarity 4, but not changed by this great note, one of  
several outstanding rarities. Illustrated and sold on our 50th  
fixed price list in 1975. Described then: "A very rare and  
significant note. This is the only known specimen of this  
type from the entire state of Nebraska, a remarkable case of  
survival. A clean, bright and attractive specimen, well-  
centered and signed by R.O. Marnell and James T. Shewell,  
V. Pres. Only 2008 total pieces placed in circulation, over 50  
years ago." Priced and sold at \$1250. Four banks shared the  
2008 notes issued in Nebraska and a VG specimen on  
Oakland has surfaced since this note was sold. It remains a  
great rarity for Nebraska and as one of the better \$50

nine to one in relation to the twenties and 34 to one with the  
fifties. All the more reason to value this nice note, one of the  
better condition small fives extant. Should realize in the

- 221 \$10 1929 The First National Bank of Hornell 262 VG  
Rarity 5. This is not only a very rare note, but a most interesting one. Under the signature of W.L. Henry you will note "ass't" is hand stamped. Since her first name was Nellie, there is a strong probability that the board of directors of this bank was reluctant to promote a woman to cashier. In any case, we know of no other such instance on a series 1929 note. A note of great appeal likely to attract bids in the \$250 area or higher.

**LARGE SIZE U.S. TYPE NOTES** This small, varied and significant offering of type notes can fill a hole or two in your collection. This incomplete type set has some very interesting notes, however. The \$50 and \$100 1880 are types that are always in demand. Both the refunding certificate and the \$10 star gold note are sure to spark interest for those needing these types. Bid what you feel it is worth to you; that is how our prices are arrived at!

#### U.S. NOTES

- 450 F 32 \$1 1880 VF-XF, the scarce signature combination of Rosecrans-Huston, large brown seal with blue serial numbers. A note for the type as well as rarity. \$250

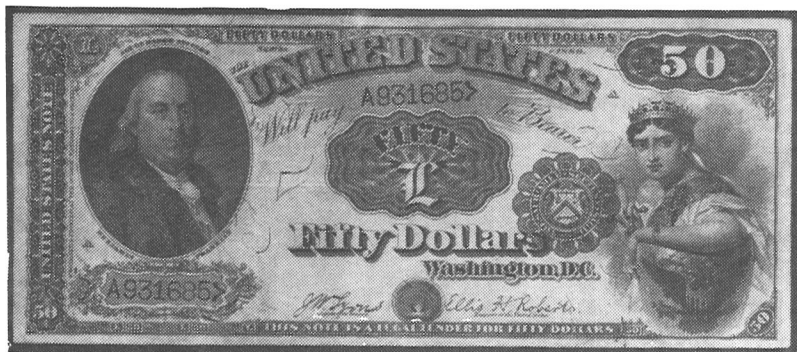

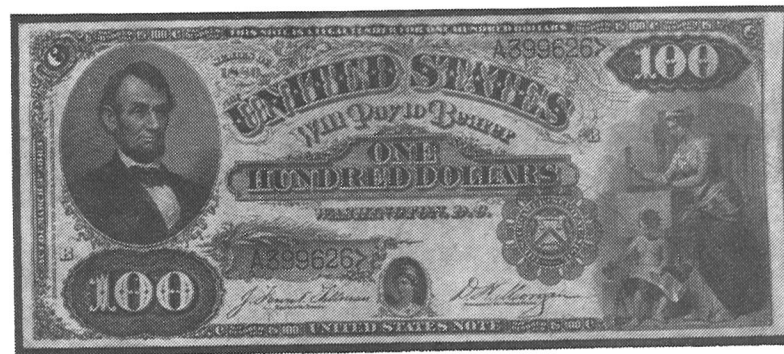

- 451 F 37 \$1 1917 VF error note with a white void running from lower right up through portrait and ending in the word 'United'. Large errors are seldom encountered. \$40-\$50
- 452 F 83 1907 Unc, Crisp. Square corners and bright. A little ink in lower reverse margin and a couple of small spots, top center area of reverse. Bright, crisp and probably cheap. \$75-\$100
- 453 F 96 \$10 1896 VG. Margins a little tattered from hard use. Scarce type. \$75

- 454 F 114 \$10 1901 XF+. No noticeable folds and bright, but does have slightly rounded right end corners. Very popular Buffalo type and should bring over \$250.

- 455 F 164 \$50 1880 VF. A very unattractive and elusive type note. This note should have no trouble reaching \$500.

- 456 F 179 \$100 1880 AU-UNC. Lower left corner fold on this otherwise original note. It does have counting marks at top right end, as one might expect on an old note like this. There are about 9 of these notes known to collectors, 10 now with this new discovery! Very scarce. \$2500

#### REFUNDING CERTIFICATE

- 457 F 214 \$10 1879 F+ Refunding Certificate. This note was presented for private sale and now the owner says sell now! So, dealers and collectors, this may be a bargain, as note will sell regardless of price. The note is a little dirty in appearance, I expect this note, offered at \$575 at retail, to bring between \$400-\$500

This 26th sale had many national lots that brought very exciting prices compared to our estimates, and there was a strong demand for New York notes. Even New York City banks, which are often a good source of type notes, saw active bidding and moderate to strong prices.

There were six large size sheets and seven 1929 sheets in this sale and all sold on strong prices. One sheet, lot 98 Mt. Clements, Michigan, sold for \$2505 with an under bid of \$2500. Neither bidder could quite believe that there was another person who would pay 'so much' for the lot.

Catchy names in 1929's do very well and always have several bidders - as lot 141, Cape May Courthouse @ \$396 and Ridge Farm, Illinois, lot 34, @ \$331.

The type note section was bid quite strongly, if at lower levels of price. Lot 456, a \$100 legal tender, had ten bids, seven of which were over \$1500 - but only one over \$2000. - and the note sold for \$1925 on a \$2500 estimate. The bundles of Silver Certificates all had good support with the 1934 \$1 CU selling at \$1125.

The obsolete lots were few, but they really got interest with lot 527 getting 19 bids and lot 529 27 bids.

We owe a special thanks to all you bidders and consignors who helped us with another successful sale. We have several exciting auctions coming up. We will be mailing out soon a catalog of the most complete collection of Washington, D.C. nationals and obsolete notes ever formed. Hickman-Oakes is participating in the cataloging and distribution of this catalog. The sale is being held in the Washington, D.C. area for our good friend, Julian Liedman.

In addition to our March mail bid sale, we are having two floor-mail bid auctions this year, the first of which is our June auction at the Memphis International Paper Money Show. This is a major sale and it's always exciting to be a part of this great paper money event. We hope you will find something for your collection in each of these upcoming sales.

Happy 1985 - John and Dean
