27th  
SEALED BID  
MAIL AUCTION

Closing Date; March 27, 1985

## TERMS OF SALE

To give all bidders an equal opportunity, bids will not be opened until the closing date of the sale. In other words, we will not know ourselves, and therefore cannot reveal, where the high bid is until the sale is over. To help us segregate bids from our regular mail, we are providing envelopes for use only for the mail bid sale. Please mark any other envelope you may use on the outside so we can know it is a bid. Skeptics are invited to inspect the unopened bids up to the closing date.

To insure your efforts are not wasted, mail this bid early. We will be pleased to discuss and further describe any of the notes by phone, but we must insist that telephone bids be confirmed in writing before the deadline. Bids will be opened March 27, 1985.

1. Each lot will be sold to the highest bidder unreserved at a slight advance over the next highest bid. In the event of identical mail bids, the earliest postmark will receive the lot.
2. As in all legitimate auctions, the second highest bidder will set the price. Up to the \$1000 level, advances will be 10% with \$50.00 maximum. At \$1000 and over, advances will be 5%. This method will permit a bidder to make a liberal bid with the assurance that his bid will be reduced to the indicated amount above the next highest bid. In cases where only one bid is received, the estimate will be used as the underbid.
3. All lots are guaranteed genuine and as described. Please be sure you are bidding the correct amount on the proper lot. Only signed, written bids are acceptable.
4. All successful bidders must remit payment immediately upon receipt of the invoice and/or lots. The cost of postage and insurance will be added to the invoices of successful mail bidders. Lots delivered in Iowa are subject to State Sales Tax of 4% unless a resale number is given. Terms are available; see your bid sheet.
5. All photographs are of the actual lots being sold.
6. Prices or estimates given reflect the opinion of the cataloger as to what the lots should bring. Higher rather than lower valuations are expected to prevail.
7. Alternate bids are acceptable. No buy bids are acceptable.
8. GRADING — The standard grades are used as outlined below. An overall grade is given to take into consideration the note's appearance. A grade of F/VG means that the reverse of a note is not as nice as the face of the note. A grade of VG-F is a grade for the complete note. Such defects as margin tears, pin holes, stains, abrasions, or other appearance are not mentioned in grades of Fine or below, unless, in the cataloger's opinion, it affects the value of the note enough to make mentioning necessary.
9. If you receive a note by mail that you feel you should return for any reason, you may do so, if within 3 days of receipt and you state your reason for dissatisfaction. If it is a grading problem, please tell us. We are firm believers in 'Satisfaction Guaranteed', and we intend for you to be satisfied. If we make an error, we want to know about it.
10. We reserve the right to reject any bid of 60% of estimate or less, or nay bid of less than 15% over face.

Lots will be available for viewing in Iowa City, Iowa, by contacting Dean Oakes, (319) 338-1144 or by writing c/o Box 1456, Iowa City, Iowa 52244, until the day before the sale closes.

## INTRODUCTION

Welcome to our 27th sealed bid auction. Once again we are pleased to offer our clients a wide selection of common, scarce and rare notes from most areas of the country. This sale is unusually strong in the selection of notes available from the midwestern states, particularly Kansas. In the case of that state the opportunity is present to acquire notes from banks rarely available. We noted bank after bank in that state with a total issue of small size notes of about five thousand, and with only three or four surviving notes known.

We are offering in this sale the finest or equal to the finest known in several instances. It would be difficult to think of any comparable field where the opportunity to acquire items of such rarity and significance at such modest prices is possible. Rare nationals can still be acquired at bargain levels and with the inflation factored in, at less than face value represented when the notes were issued. As we have pointed out many times, with nationals, a unique collection that cannot be duplicated by money alone.

A very rare note from Blanchard, Oklahoma recently surfaced and is available in this sale, as well as a new discovery from Jefferson City, Tennessee and a Brown back from Utah. It is the opportunity to bid on notes of that caliber that adds spice and excitement to our hobby.

We wish to thank all of you who participated in our last successful sale and to remind you all that the big event of the paper money year in Memphis will be coming up in June and Hickman & Oakes will be handling the auction for the third time. We'd like to make this sale one that all our clients can participate in and we invite you to convert your duplicates and other notes that don't exactly fit your collection into cash by making them available to others through the Memphis sale.

In spite of the many merits we feel our mail auctions have, there are certain notes that either need to be seen and examined to be fully appreciated, or that are benefited by the floor competition the Memphis sale will provide. We will need to have the notes in hand by April 15, in order to prepare and distribute the catalog, so time is running short.

We hope you will find a note or notes in this catalog that will appeal to you and as always, we wish you all, **HAPPY HUNTING!**

Stevenson and George Veitengruber V. We quote from an ad  
in the current issue of *The Numismatist*: 'Only collectible  
Michigan bank that changed towns. Originally Vassar Na-  
tional Bank, scarcest Michigan town for a 20th century large  
size in terms of original notes issued. AU-U, serial number 2  
with top of sheet attached @ \$3000. Serial number 4 @

- 450 F 123 \$10 1923 VF. Some counting marks noted at right end and reverse. Obverse is clear, strong red seal and sawbuck, no worn folds evident, as is the case so many times. So-called Bid-Ask price for this note is \$300-\$500 with few available.

#### SILVER CERTIFICATES

- 451 F 125 \$1 1896 Educational series. About VF, rounded corners, left end. A note easily worth \$75

MAIL YOUR BIDS EARLY!**

- 452 F 230 \$1 1899 Star. VF, 3 folds and a very original note. A rather scarce signature for a star note. Est: \$100 +
- 453 F 237 \$1 1923 VF & XF, 2 pcs; and F 273 \$5 1899 Indian, about Fine, but has a piece of tape on top reverse center, also a couple of skinned spots. 3 pieces worth over \$50
- 454 F 237 \$1 1923 VF-XF Star. Large stars are "one in a thousand", so to speak, and I bet it holds true. Est: \$40

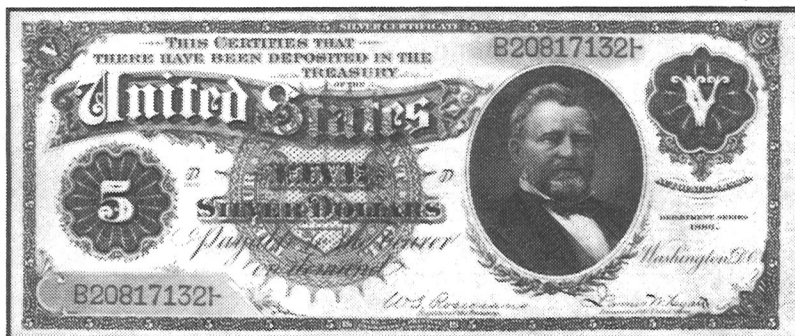

- 455 F 237-238 \$1 1923 Change-over pair, plus two. CU, all well centered. Yes, from our sale #13, lot 561. Three pieces of F 237, consecutively numbered, and the following number is a F 238. These early change-over pairs are just as rare now as they were in 1981, when the lot brought \$650 for the four pieces. The value now is closer to \$400

- 456 F 237 \$1 1923 About Fine, and a \$50 1928A St. Louis, y.g. seal in XF+. Two pieces worth a \$20 over face premium, maybe more.

- 457 F 245 \$2 1891 Windom note, AVF, would be full VF but for a little dirt on central part of note. Reverse looks XF. Also, it's a low number Est: \$200

- 458 F 261 \$5 1886 XF Popular silver dollar reverse and Grant obverse. The grade everyone wants. Should sell for over \$400

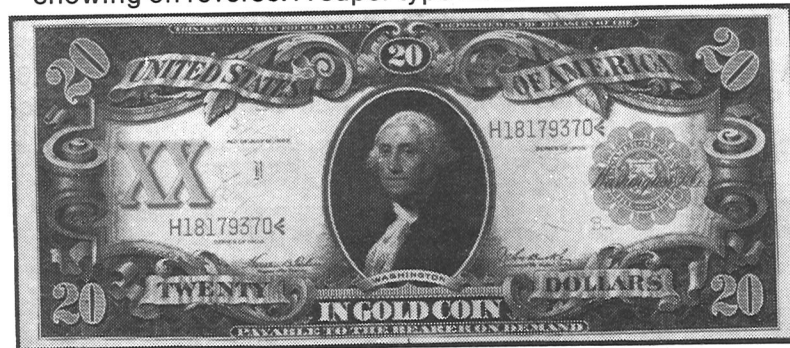

- 459 F 277 \$5 1899 Unc Star. Hessler shows four reported stars for this signature combination. This note will be remembered as one of the finest Indian Chief star notes. We sold a VF Fr. 278 Star in 1981, lot 585, our sale #13, for \$495. This note could easily sell for three or four times that amount.

- 460 F 290 \$10 1880 VG, a few splits in margin noted on this well circulated but scarce note, with about 15 recorded in all conditions. Est: \$300

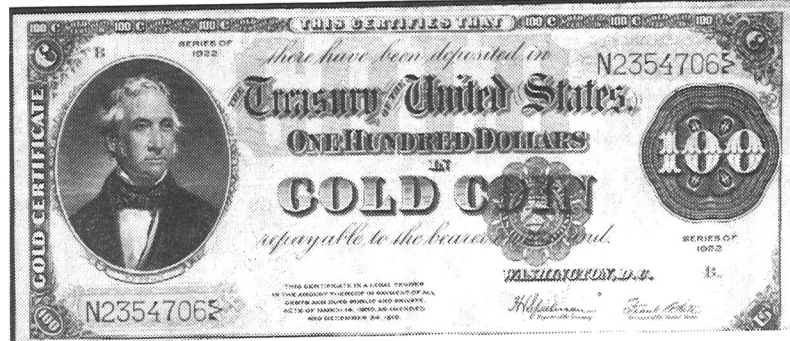

- 461 F 321 \$20 1891 VG+. Just natural circulation, no nicks, tears or pin holes. Should bring \$100

As you can see from going over the auction prices realized, we had a very good sale. Some of the interesting results are as follows:

lot 11-\$5 '02 Dts San Diego brought \$374 on an est. of \$100  
lot 30-\$5 '02 Key West, FL, common but seldom available, \$550.  
lot 147-Detroit sheet #99999 brought \$1900 on \$2000 est.  
lot 214-Weeping Water, NE popular with 24 bids.  
lot 218 \$100 ty.2 Allenhurst, NJ, scarce type for state.  
brought \$308 with 14 bids.  
lot 219-#1 Alpha, NJ, '02 sold @ \$2100 in Memphis in 1982;  
now realized \$1910.  
lot 264-#1 '02 Ossining, NY, 8 bids, \$907.50  
lot 458-\$5 Sil. Cert., XF received 22 bids and it realized  
\$440 on an estimate of \$400.  
lot 468-\$100 1922 Gold note, VF, attracted a lot of interest,  
as there were 43 bidders.  
Large type notes, in general, sold well; small change-over  
pairs and errors were so-so.

We are now working on the sale catalog for the Memphis Paper Money Show. If you are planning on attending, we will look forward to seeing you. The new Holiday Inn Hotel, adjunct to the convention center, will be open and we will have the auction in the hotel.

If you are not going to attend, send us your bids; you may want to even if you attend. Then if you are at the auction, you can jump in if you are out-bid in the mail. But be sure to get the bids in, as you will be successful on the mail bids. Your mail bid is really more powerful than the bidder in the room, because he doesn't know what your limit is. Thanks for the fine support you all give us.
