TERMS OF SALE

This sale will be a combination mail bid and floor auction sale. Late bids should be sent to us at Hyatt Cherry Hill, Rt. 7 & Cuthbert Blvd., Cherry Hill, New Jersey 08002. We will be pleased to discuss and further describe any of the notes by telephone, but we will not be able to handle telephone bids. Even if you plan on attending the sale, we would encourage you to bid by mail, also. You would then be covered in case you are unable to attend. Please bring your catalog along with you to the convention. We wish not to run out.

1. Bid will be opened on the floor at the second highest mail bid and proceed from there.

2. All lots are guaranteed genuine and as described. Please be sure you are bidding the correct amount on the proper lot.

3. All successful bidders must remit payment immediately upon receipt of the invoice. The cost of postage and insurance will be added to the invoices of successful mail bidders.

4. People wishing to participate in this auction who are not planning to attend the floor auction in Cherry Hill, must submit a signed, written mail bid, which reaches us by the closing day of the sale. If you find yourself short on time, a mailgram is acceptable.

5. All photographs are of the actual lots being sold.

6. Prices or estimates given reflect the opinion of the cataloger as to what the lots should bring. Higher rather than lower valuations are expected to prevail.

7. Alternate bids are acceptable, but only between two lots and they must be lots that follow each other in number, such as requesting that we enter a bid on lot 225 if the bid on lot 116 was unsuccessful.

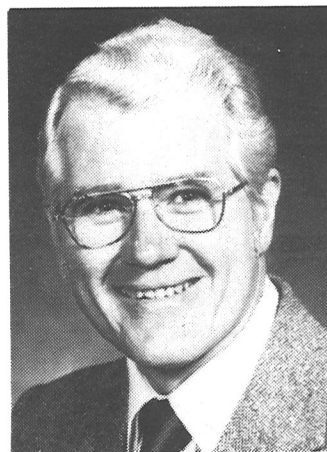

8. GRADING— The standard grades are used as outlined below. An overall grade is given to take into consideration the note's appearance. A grade of F/VG means that the reverse of a note is not as nice as the face of the note. A grade of VG-F is a grade for the complete note. Such defects as margin tears, pin holes, stains, abrasions, or other appearance are not mentioned in grades of Fine and below, unless, in the cataloger's opinion, it affects the value of the note enough to make mentioning necessary.

9. No return of notes is acceptable by floor bidders. If you receive a note by mail that you feel you should return for any reason, you may do so, if within 3 days of receipt and you state your reason for dissatisfaction. If it is a grading problem, please tell us. We are firm believers in 'Satisfaction Guaranteed', and we intend that you be satisfied. If we make an error, we want to know about it.

10. We reserve the right to reject any bid of 60% of estimate or less, or any bid of less than 15% over face.

11. Lots will be available for viewing in Cherry Hill, New Jersey, on November 14th at 10:00 A.M., at the Hyatt Cherry Hill Hotel. Lots purchased by floor bidders cannot be returned, therefore they must be viewed before bidding. Lots will be available for viewing in Iowa City, Iowa, contacting Dean Oakes, (319) 338-1144 or by writing c/o Box 1456, Iowa City, Iowa 52244.

12. A 5% buyer's fee will be added to the total invoiced amount of each successful bidder.

Welcome to the 29th Hickman and Oakes auction sale. We feel honored to have the privilege of conducting the auction of the first convention sponsored by the Society of Paper Money Collectors. We are greatly encouraged by the unprecedented response and support we have received from collectors and dealers for this event. This sale includes the largest number of nationals ever to be offered in a single sale, approximately one percent of all the nationals we have recorded in over 20 years. There are notes herein that will appeal to all collectors of U.S. paper money.

The Joe Sande collection of Long Island notes includes many rarities from that most popular area. An exceptional black charter note from Boyertown, PA, the Boston Shoe and Leather overprint, several number one notes and uncut sheets, and exceptional selections of notes from New York state, Maryland, Texas and Wyoming are just a few of the national highlights.

Outstanding types include the rare \$500 Silver and \$500 Legal of 1880. A selection of Interest Bearing notes and regular large and small types of all kinds is available to bidders in this sale. A varied selection of Fractional currency from the Leo Young collection is included, as well as a selection of Hawaii's.

This sale also contains many notes with only modest pretensions. Many are well circulated and will not command high prices, but this can be said of every national we have to offer: This is the only local, fully redeemable and still valid paper money ever issued. Each one has names of local, regional and national significance. They are all worthy of our respect and our attention. We hope that among them are notes that will appeal strongly to you personally, and that they will all find new homes where they will be loved and appreciated and, as always, we wish you all Happy Hunting!

John and Dean

Bids mailed after November 11th should be mailed directly to Hickman-Oakes at the Hyatt-Cherry Hill, Rt. 70 & Cuthbert Blvd, Cherry Hill, NJ 08002.

- 19a Naramore souvenir sheet of photographic copies of Legal Tender and National Bank notes, \$1 to \$1000. Sold at the Centennial Exhibition in Philadelphia in 1876. All 18 notes mounted on one sheet as issued. The bottom 3 National photo's have edge damage as does the top \$1 Legal. \$2 National has a skinned spot. These Naramore items are always of interest to collectors of currency. We had in, our 18th sale lot 674, a set of 18 individual cards that brought \$275 - this is rarer, but condition not quite as good. We have seen really tattered sheets priced at \$250, so bid its value to you.

The letter below is written to us by Arthur L. Freidberg on July 15, 1985 in support of the following lots. The body of the letter is reprinted here.

Dear Dean: This is to wish you the best of success in your auction of the original copper half tone plates from the first edition of the late Robert Friedberg's PAPER MONEY OF THE UNITED STATES, published in 1953. The notes illustrated came from the collection of Mr. Nat Heft, a resident of New York City, and one of the pioneers in the collecting of large size paper money. As you are aware, at that time, special permission was required from the United States Treasury for photographic reproduction of United States currency, and as such, these plates are historically significant in themselves. In compliance with rules established by the Secret Service and Secretary of the Treasury, great care was taken in the manufacture and safekeeping of these plates. We have carefully checked them, and can verify that they are the original plates used in the production of the book which, in its eleventh edition, remains the definitive reference in its field. Again, good luck with this interesting and exciting piece of numismatic history - a once in a lifetime opportunity for some fortunate bidder. Sincerely yours, Arthur L. Friedberg Cataloger's note: (It is interesting to note the name Nat Heft, who bought the high demoniation notes from Jim Wade's collection. They then went from Heft to Friedberg to Carter. Amon Carter aquired them from Friedhberg in a trade of uncirculated rolls after 1953. The following 11 lots were made up of the copper halftone plates so each bidder might get some different types of notes. The photo below illustrates a sample of the plates. Value is up to you, the bidder, but even as paper weights to an antique dealer, they of course have value. Lesser items of interest are probably on your desk now! They are here to sell!

UNITED STATES LARGE SIZE CURRENCY DEMAND NOTES

- 222 Fr. 2 \$5 1861 Fine+ with top left corner repair and small piece out of word 'public' in lower border, removing most of L & I from word. Top left corner was taken from a later 1862-63 note and covers and fills in the 3/8' tip that is missing. Two edge splits at folds at top margin. The note is very bright and vivid. This series has no Treasury seal and is the only series of U.S. currency without the seal. These notes were saved as they were as good as gold all through the Civil War and, of course, later. A very creditable addition to any collection. Est. \$375-\$450

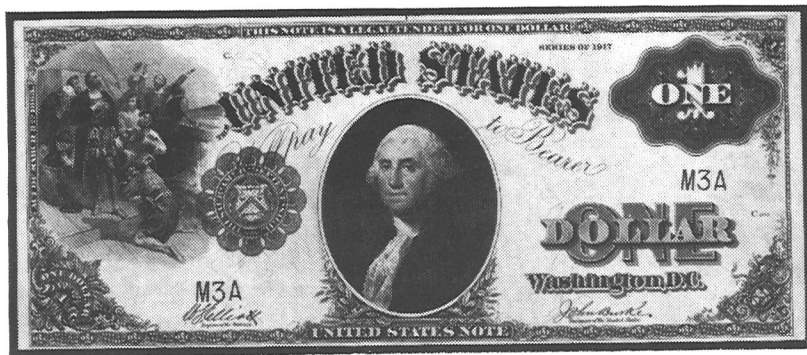

- 223 Fr. 3 \$5 1861 Fine+, the scarcer 'Boston' note. Grade would be better except for some rust spots, pin holes and a couple of worn folds on reverse. A very desirable type note. Should sell near \$550

U.S. NOTES, SERIES 1862-1923, \$1 - \$500

- 224 Fr. 16 \$1 1862 Crisp Unc/AU but mounted at one time with a spot of glue at both margins, middle face of note. Each spot created a paper thin when removed. Ball pen ink was used to darken the black line that was at each spot. Two sets of pin holes are also noted. A note looking much better than it sounds. Also a Fr. 722 in Fine+. 2 pcs. Est. \$150
- 225 Fr. 16 \$1 1862 AVF, a note that was carried flat quite a bit, evidenced by rounded corners but no heavy worn folds. Bright and attractive. Could get near \$100
- 226 Fr. 16 \$1 1862 XF with 4 sharp old folds not noticeable at first appearance. Bright red seal. Last numeral of serial number not quite up with the others, but 98% there. 'D' plate note with extra lower margin. Est. \$150+
- 227 Fr. 17 \$1 1862 AU+. A couple of large corner folds and a top margin tear of 1/4' noticeable on the reverse of the note. Very original and crisp. Cut off center with extra note at the bottom and cut into top at right end. Est. \$200
- 228 Fr. 18 \$1 1869 Ab Fine. A well centered, well circulated note with all the colors of this series in evidence. Est. near \$75
- 229 Fr. 29 \$1 1880. Old 3 folds VF+ pressed out to look AU and it does. Very attractive large brown seal. Est. \$75
- 230 Fr. 36 \$1 1917 Crisp UNC but a little scratch is noted on the paper 1/4' fat top and bottom margin. Est. \$50

- 231 Fr. 37 \$1 1917 Crisp UNC, serial #M3A, third note from first sheet of this block. Sure to get many bids with the serious ones topping \$200
- 232 Fr. 37 \$1 1917 Star. Fine with worn reverse center fold, serial number not listed in Murray's new book on stars, where value is indicated at \$60+

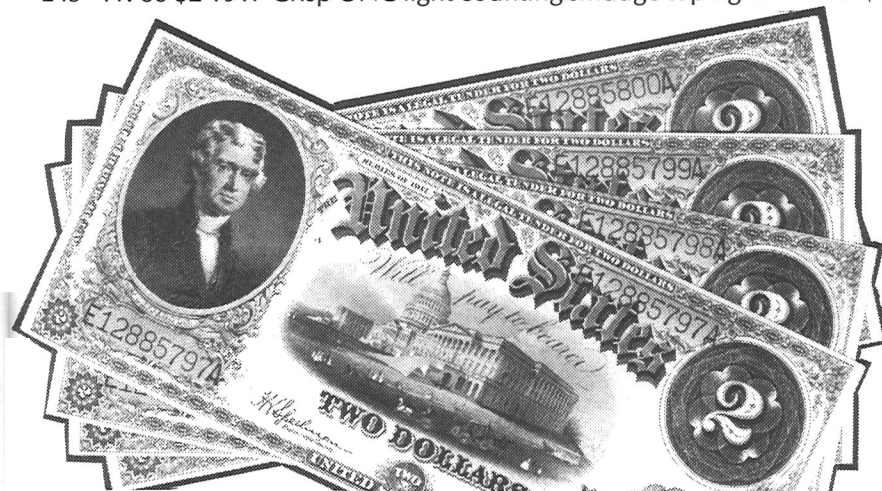

Lot 231

- 233 Fr. 37 \$1 1917 Star, Crisp AU. A very light fold at center, probably put in by person saving this note for us. Again, referring to Doug Murray's book on stars, there are only 20 other star F 37 notes known similar or better condition to this one. Not many to go around, catalog value of \$250
- 234 Fr. 37 \$1 1917 AU Crisp. Two folds and Fr. 1172 \$10 1907 Gold, Crisp AU, a fold, a corner fold and a couple of smudges away from UNC. 2 pcs. Est: \$100+
- 235 Fr. 38 \$1 1917 F-VF, Fr. 39 1917 AU, & Fr. 40 \$1 1923 AXF. Three very collectable type notes. Est: \$100
- 236 Fr. 38 \$1 1917 AU & Fr. 39 \$1 1917 XF-AU. 2 pcs, both high grade and with good centering. Est: \$75+

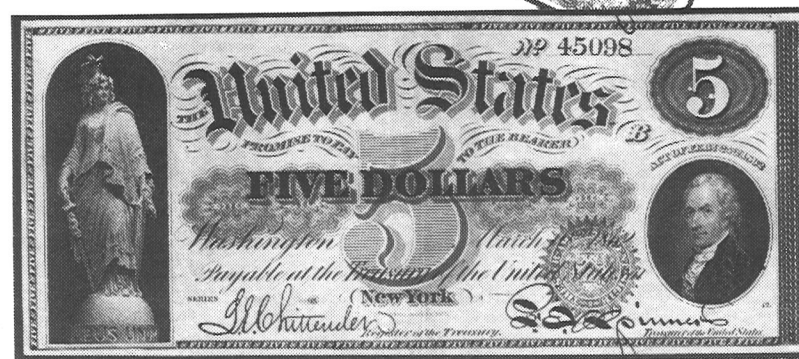

- 237 Fr. 40 \$1 1923 Star CU. Quite well centered and a low number. Very attractive because of heavy red inking. A note you can always be proud to show. Murray cat. est. value: \$400
- 238 Fr. 41 \$2 1862 VF-XF. The very premium collectable grade today. If the central fold wasn't noticeable, it would go a full XF. A real bid getter in area of \$250+
- 239 Fr. 41 \$2 1862 XF. Would you believe it? Another and a full XF. Slight foxing on reverse. Easily worth a hundred more than above note Est: \$350

- 240 Fr. 42 \$2 1869 AbFine. A little extra wear on reverse keeps this note from being a full Fine. Distinct colors for this note, a scarce type. Est: \$100
- 241 Fr. 57 \$2 1917 AU & Fr. 775 \$1 AU Kansas City. Both notes look, feel and sound CU but have faint folds. 2 pcs. Est: \$100 or more. \$100 or more.
- 242 Fr. 60 \$2 1917 AbFine, Fr. 91 \$5 1907 Fine, Fr. 883 \$5. Three type notes. Est: \$50
- 243 Fr. 60 \$2 1917 Crisp UNC light counting smudge top right. Est: \$90

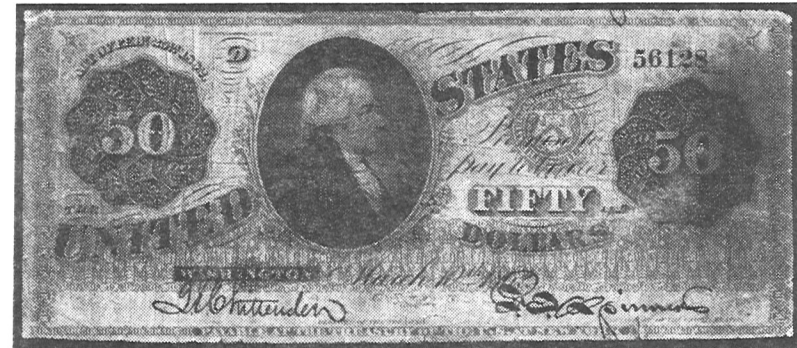

- 244 Fr. 60 \$2 1917 cut sheet, 4 notes all crisp UNC, well centered, bright, and popular as the cheapest uncirculated large \$2 available to collectors. Four pieces \$500-\$600

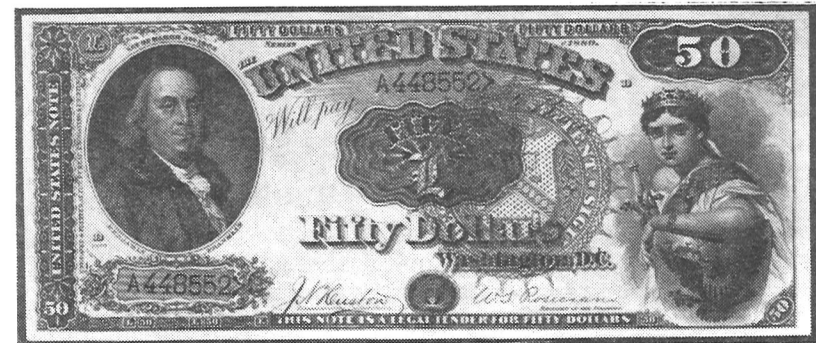

- 245 Fr. 61A \$5 1862 VF-XF. An exceptional circulated grade for this first type reverse \$5. The cut from the sheet was well done resulting in good margins. The registration from front to back is 'right on' as I'm sure the bidding will be. Est. in the area of \$200+
- 246 Fr. 63 \$5 1863 VG-F, but still attractive and worth \$75

- 247 Fr. 63 \$5 1863 AbF lower left corner gone and note washed, also, Fr. 81 \$5 1880 VF/XF couple of light rust spots top left and a Fr. 734 \$1 -F-VF Minneapolis. Three pieces. Est. \$100
- 248 Fr. 64 \$5 1869 AU vivid technicolor note. Close lower margin. This 'D' plate note carries the plate number at top of note, which was printed between C and D notes on a sheet. Est. \$350
- 249 Fr. 64 \$5 1869 VF with counting smudge at right. A very lovely note, as are all the technicolor 1869 series - sure to see good bidding. Est. \$200
- 250 Fr. 66 \$5 1875 AU-UNC note shows counting at right end and corner tips rounding. A lower margin cut is noticeable on reverse probably from not handling the note properly when putting back into a holder, a very scarce issue which we'll sell very reasonably compared to other issues, probably at or over \$200
- 251 Fr. 76 \$5 1880 VF A sharp colorful note with Blue serial numbers. Bid over \$100
- 252 Fr. 85 \$5 1907 AU, \$2 1918 Battleship VG-dirty, and Fr. 891 \$5 1914 Blue Seal Fine+. Three pieces. Est. \$75-\$90
- 253 Fr. 86 \$5 1907 Fine scarce large pin hole and nick at left margin. Fr. 94 \$10 Good with frayed edges, top right corner gone and pieces missing at other places on edge. This note looks like it could have gone to the Civil War and also the Spanish American. Two pieces. Your bid takes them both.
- 254 Fr. 88 \$5 1907 crisp UNC above average centering. This note carries the signature of the only native American to serve in a President's cabinet Houston B. Teehee. Very attractive note worth \$150
- 255 Fr. 91 \$5 1907 XF and Fr. 92 \$5 1907 AU/XF. Two pieces, Both notes are well matched crispy. Bright and worth about \$100
- 256 Fr. 91 \$5 1907 AbAU light horizontal crease and vertical creases noted and a Fr. 238 \$1 - 1923 CU. Both notes bright and worth upwards of \$100
- 257 Fr. 91 \$5 1907 Crisp AU. Two pieces, one number apart. Very crisp and fresh pair. Est. \$150-\$200
- 258 Fr. 91 \$5 1907 Crisp UNC. Tight lower margin. Est. \$100+
- 259 Fr. 92 \$5 1907 Crisp UNC. Much scarcer than the Fr. 91. Est. \$150+
- 260 Fr. 107 \$10 1880 VG-F large Red Seal. Est. \$75
- 261 Fr. 108 \$10 1880 VG-F large brown seal. Est. \$75
- 262 Fr. 113 \$10 1880 Fine. Small red seal and blue serial numbers. Est. \$100
- 263 Fr. 113 \$10 1880 VF+. A very sought after type Est. \$225
- 264 Fr. 119 \$10 1901 Buffalo XF sharp, well centered and still worth very near \$400
- 265 Fr. 121 \$10 1901 Buffalo VG and Fr. 136 \$20 Hamilton 1880 AbFine. Both notes scarcer types. Two pieces. Est. \$125

- 266 Fr. 121 \$10 1901 Buffalo VF very bright folds show only on reverse. This popular note is sure to bring near \$200
- 267 Fr. 127 \$20 1869 VG+. A used note, but not abused. I've seen F or F+ I like a lot less. \$20's are scarce in 1869 series. Est. near \$200
- 268 Fr. 136 \$20 1880 Fine. 'A' plate note with ample top margin. Est. \$75
- 269 Fr. 147 \$20 1880 Fine and Fr. 91 \$5 VG-F. Both nice enough until better comes along. Two pieces. Est. \$75
- 270 Fr. 147 \$20 1880 XF light foxing noted at right end on reverse, 2 or 3 light spots on obverse. Scarce in higher grades. Est. \$150
- 271 Fr. 142 \$20 1880 Fine Blue serial numbers. Est. \$75
- 272 Fr. 144 \$20 1880 VG-F scarcer signature combination. Est. \$75

- 273 Fr. 148 \$50 1862 VG and scarce. Seldom is this type available and usually in low grade then. In the Donlon collection there were two notes both in VG-F area. If you are a serious type note collector don't let this one go with out a bid. Est. near \$2000

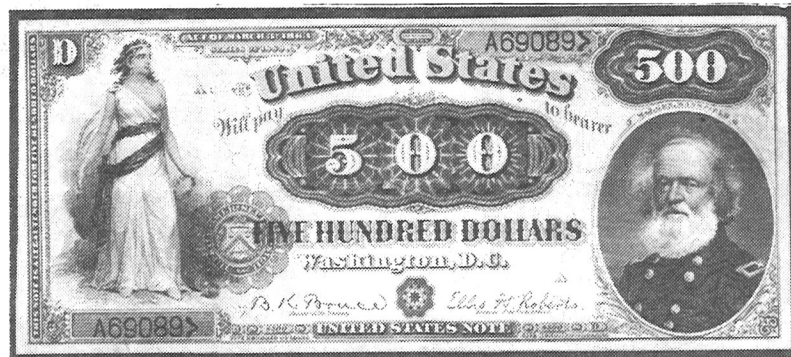

- 274 Fr. 161 \$50 1880 crisp UNC. Counting mark at top right as so many of these old vault cash notes acquired while being saved for todays collector. A pin hole and tiny corner fold need to be noted also. Bright, vivid, and original. Sure to sell at or over \$1000
- 275 Fr. 164 \$50 1880 Fine note has been washed at one time showing up some of the folds more than they otherwise would. A scarce note. Est. \$275

- 276 Fr. 164 \$50 1880 Fine - VF. A little more soil on this note than last for obvious reason. A very attractive note scarce and within reach of all large size currency collectors - think how much rarer this note is than a \$50 1914 Federal and it probably will sell for only 3 or 4 times what that very common note sells for - if people are watching and bidding on this note it should get near \$500

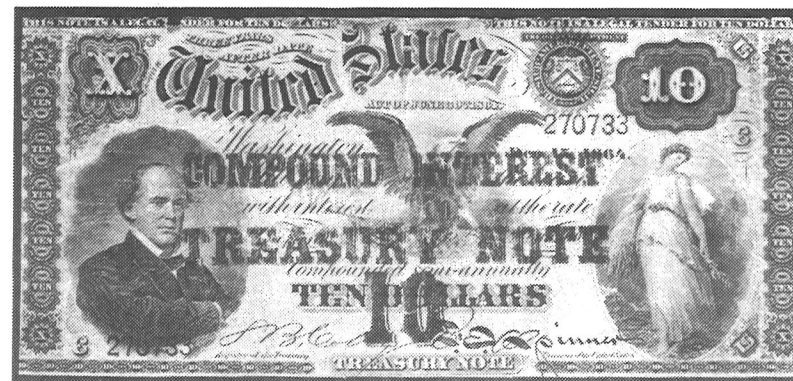

- 277 Fr. 165a \$100 1862 Fine. Very seldom offered and very few available of this scarce 'spread Eagle' note. Note has pin holes and is trimmed at top and right. This note represented the type for an outstanding collector in South Carolina for many years. First obligation reverse with the ABC monogram at left sure to be lot 21 of the Grinnell Sale of 1944 described as Fine and sold for \$170.00. This note still is one of 2 or 3 known notes with the ABC monogram, so besides being scarce as a type it is as rare as a 165a. Bidding will be for the type, we believe, in the area of \$3500

- 278 Fr. 185 I \$500 1880 XF Bruce - Roberts. Ex-Grinnell lot 179, 11/29/1944, Ex-Amon Carter. This note is the only \$500 1880 of this signature combination available to collectors of the 1880 series of 500's. Only 3 - 5 notes are available in total. This note is a major rarity in itself and a major rarity in type also. Lot 1151 in our June, 1985 Memphis sale was a Fr. 185M \$500 1880. Bidding was carried to \$23,000 from an opening bid of \$15,000 at that time. Underbidders have the chance now to bid again on a note as nice and rarer at a price that surely will exceed. \$20,000

INTEREST BEARING NOTES

- 279 Fr. 190b \$10 1864 Compound interest note. Five with chips and nicks out of the top border and reinforced with stamp hinges, ends closely trimmed. Overall note has good appearance with no heavy or worn folds. A note in lower grade brought \$375 in our Memphis sale indicating this note will go over \$500+

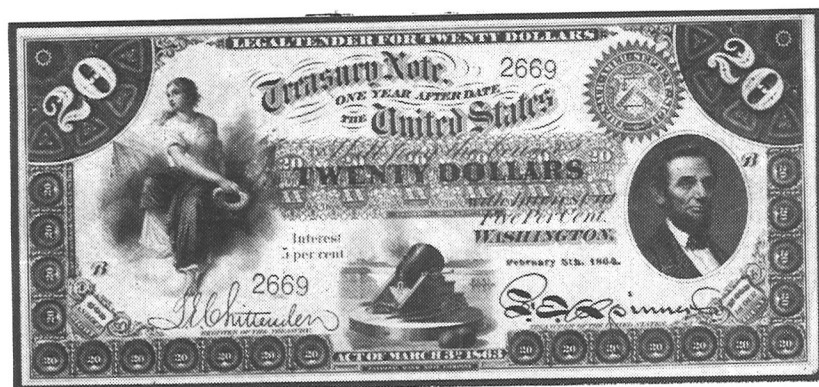

- 280 Fr. 191a \$20 1864 Compound interest note F-VF far superior to most seen of this series. There are 2 or 3 paper breaks in and around the overprint, but very much a well centered distinct note. Bright seal, no heavy worn folds obverse or reverse. Interest was earned for 3 years on this note making redemption value \$23.88. A reason for keeping the note maybe as it was worth more than other \$20 notes. Value is near \$2000, but bidding may start closer to \$1500.

Lot 281 Photo Next Page

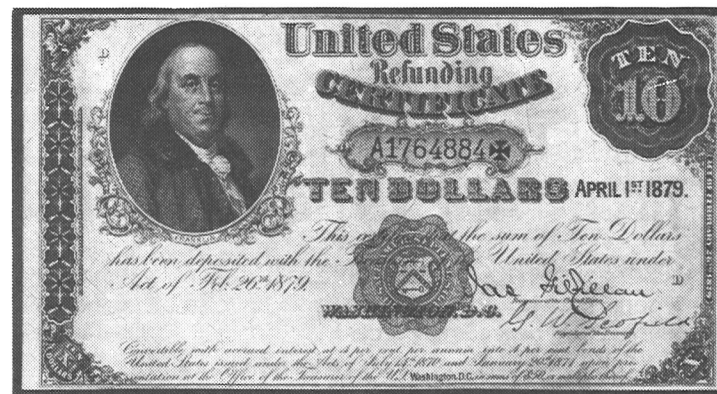

- 281 Fr. 196 \$10 March 16, 1864 XF with 3 margin splits on the bottom and 2 on the top edges reinforced with stamp hinges. Very bright with excellent inking. An old note indicated it may have come from George Blake at \$75.00 in the 1950's and was sold prior to that in Grinnell lot 9, March 8, 1947 and most recently from Amon Carter Estate. Sure to be a popular note. \$3000+

- 282 Fr. 197 \$20 1864 XF the earliest date and lowest serial number of this issue known. Ex-Grinnell - Carter this is the scarce Diamond Back Reverse used only on the 1 year 5/interest bearing note. The obverse design is similar to the Fr. 191 \$20 interest bearing note with overprint. The note shows little handling and has few pin holes. The red overprint date is very small in size combined to later issues. This note had redemption value of \$21.00 after a year in circulation. Twenty-three notes are now recorded of this scarce issue with most having some repairs or flaws. This note compares to our lot 1157 in Memphis 1985 sale where another Fr. 197 XF realized \$5200.00. Auction price of this ote in 1980 was \$10,500 in XF so you could effect quite a savings and add a great type note to your collection.

Est. \$4500-\$5500

- 283 Fr. 214 \$10 Refunding certificate 1879 UNC. A beautiful note printed on blue seal paper same as some of the National Bank notes and fractional currency. Very bright on reverse. Ex - Stacks lot 579 3/10/81 CU. Top right corner is slightly rounded and some handling is noted, but the note is as nice as I've ever seen. Hard to value in this grade. Catalog value in Fine is \$2000 - bidding may start near that figure, but could easily double and sell for near \$4000

- 299 Fr. 226 \$1 1899 AU Date above serial number and a low #17097. A bright and crisp note.
- 300 Fr. 228 \$1 1899 AU Eagle Fr. 230 \$1 1899 VF-XF and \$5 Federal 1914 Cleveland Blue Seal. Three pieces. All nice types. Est. \$75-100

- 316 Fr. 237 \$1 1923 CU. A bright crisp type of our last large one dollar. \$40
- 317 \$1 1923 CU, low #6. Choice condition. How much over \$100 will it bring? Maybe over \$150

- 321 Fr. 239 \$1 1923 CU. The last of the issue, Woods-Tate signature. Really very scarce and worth over \$150
- 322 Fr. 242 \$2 1886 AbFine. Really a fine note in all respects. No worn folds, just a little dirty from normal circulation. A scarce type. Est: \$75-\$100
- 323 Fr. 245 \$2 1891 VF but with a repaired torn pin hole right at top left part of seal. Doesn't seriously affect the note. Other pin holes noted. Bright and scarce as a type. Est: \$200
- 324 Fr. 246 \$2 1891 F-VF. A second 'Windom' note with the excess top margin trimmed away by hand leaving the note evenly centered and with ample full margins. No heavy folds and much claim to full VF. This note could bring as much as above or near \$200
- 325 Fr. 247 \$2 1896 AbFine Educational type note. Est: \$125

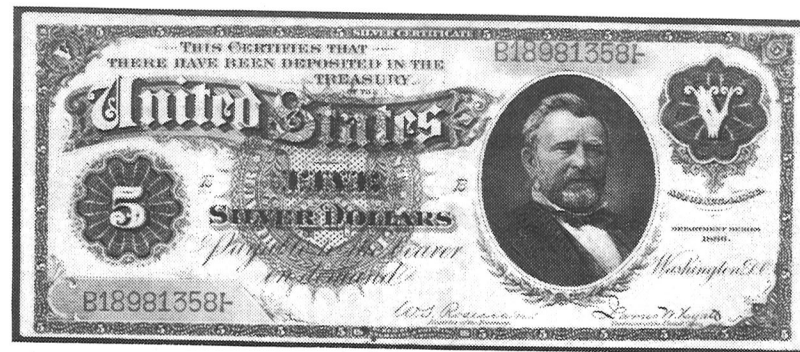

- 326 Fr. 247 \$2 1896 VF. A slight detractor, and the only one, is a bit of ink just at very edge near top left corner. Otherwise just normal light circulation noted. Est: \$200+
- 327 Fr. 247 \$2 1896 VF. Just slightly better than above note, so should bring \$250
- 328 Fr. 248 \$2 1896 Fine. No detractors except circulation. Est: \$100

- 332 Fr. 258 \$2 1899 VF. Very elusive for type collectors and still the cheapest \$2 Silver Certificate available \$100+
- 333 Fr. 258 \$2 1899 XF Crispy. Long horizontal fold is the detractor from an even higher grade. Will sell near \$150

Lot 334 Photo Next Page

- 334 Fr. 261 \$5 1886 VF but minus because of a couple of rust dots on reverse at bottom margin. A few lightly brown areas on obverse of note detract also. A very sought-after type note with all black printing very bold. Large orangish seal. Reverse of 5 Silver Dollars. No noticeable detracting folds on note. Worth near \$300

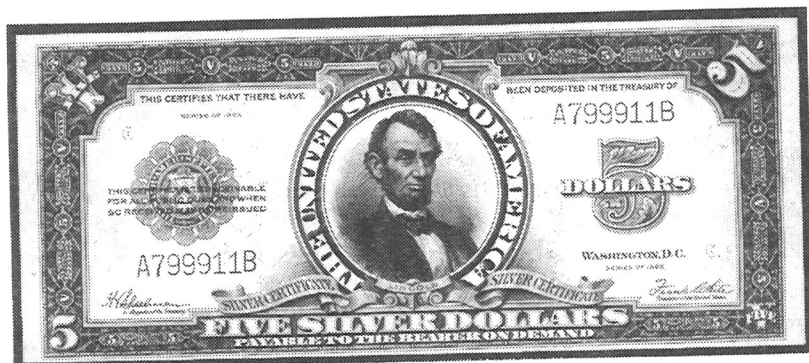

Lot 334

- 335 Fr. 269 \$5 1896 Educational XF, maybe pretending to be a higher grade. Vivid printing on this beautiful note. Est: \$500
- 336 Fr. 270 \$5 1896 VG+ Educational, all intact and worth at least \$150
- 337 Fr. 270 \$5 1896 Fine Educational. This note would be a good one to be on permanent display, as it is already faded from washing and mounting on reverse corners. No thin spots, but left end corners are quite washed out. An exceptional type until better comes along. Est: over \$200
- 338 Fr. 271 \$5 1899 Crisp XF Indian. When note was folded it got a little rust stain at bottom edge margin, only noticeable in 3 places. Worth close to \$250
- 339 Fr. 275 \$5 1899 Indian Chief VF and, as such, will bring close to \$200
- 340 Fr. 278 \$5 1899 Chief XF-AU. 3 folds. Bright and looks UNC. Est: \$300+
- 341 Fr. 280 \$5 1899 Chief XF-AU. Almost a duplicate of above lot. Folds show on back. Crisp and vivid, having every appearance of CU. Est: \$300+
- 342 Fr. 280 \$5 1899 Chief, Crisp UNC. Bright, crisp, evenly centered. One slight detractor is a little dark dot in paper when printed. Still shows on 'T' of 'To' by the blue 'V'. Easily worth \$600-\$700
- 343 Fr. 281 \$5 1899 VF/F+. Very nice appearing note. Reverse has one dirty fold, otherwise would be VF. Est: \$100

- 344 Fr. 282 \$5 1923 Fine 'Lincoln Porthole' note. Very even circulation and square corners not hurt by cleaning at one time. Est: \$150

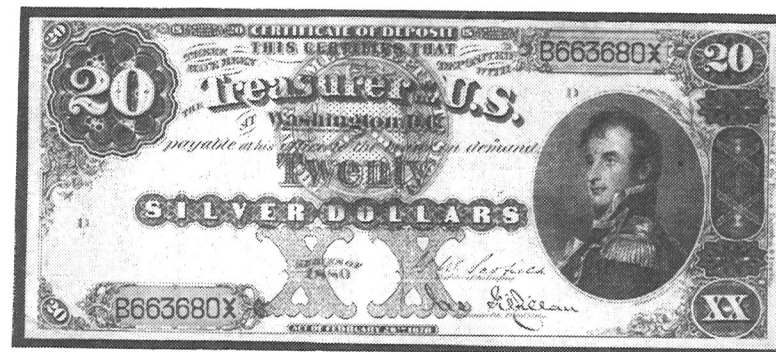

- 345 Fr. 282 \$5 1923 UNC, crispy and bright. Counting smudges at right end tone down this otherwise Gem note. Est: \$750

- 346 Fr. 290 \$10 1880 VF+. Face of note appears AU but worn folds noticeable on reverse. This is a very scarce note for type. Type without brown 'X'. Only 5 or so notes better than this one are known. Uneven top edge, trimmed by hand on this 'A' plate note. Est: \$1000+
- 347 Fr. 293 \$10 1886 VG. Large red seal, corners square on this worn note. Est: \$75
- 348 Fr. 303 \$10 1908 Fine+. Blue seal, good colors. Another type referred to as the 'Tombstone' note, because of shape of Hendrick's portrait. Worth over \$100

Lot 349 Photo Next Page

- 349 Fr. 309 \$20 1880 VF/Fine with claims to VF, as obverse appears better. A scarce note that comes along seldom. This note was sold in 1965 for \$365 in VF at auction. It was scarce then and still is. Now should be worth close to \$1000
- 350 Fr. 315 \$20 1886 Fine+, maybe better, but two ink spots are on note at left by large brown seal. I'm sure they were blotted up and are not too noticeable. This is a very scarce type. Est: \$300-\$400

Lot 349

- 351 Fr. 321 \$20 1891 AbFine. Double blue 'XX' and blue seal. Est: \$75+
- 352 Fr. 322 \$20 1891 Fine+. A very acceptable type, worth more than above note or \$175

- 353 Fr. 345 D \$500 1880 Fine+. Assumed to be ex-Grinnell, lot 617, Wade, Friedberg, and Amon Carter. Used by Gene Hessler as a plate note in his book, 'U.S. Paper Money', and is also a Friedberg plate note. There is only one note known to collectors of the Bruce-Wyman signature and here it is! Large brown seal above brown \$500 with vignette of Charles Sumner at right.

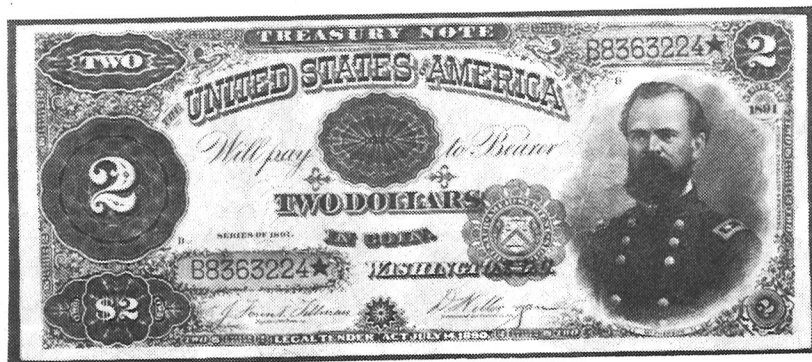

Of all the \$500 Silvers known to collectors outside of government holdings, there are five. This is the first time since the Grinnell auctions in 1944 that a note has appeared at public auction. I mention this so you will realize that sometimes just money can't acquire an item that is needed for a collection.

Although the note has not appeared at auction, two of the notes have changed hands in the last three years, one of which was new to collectors, having come to the market from a trunk about 1982.

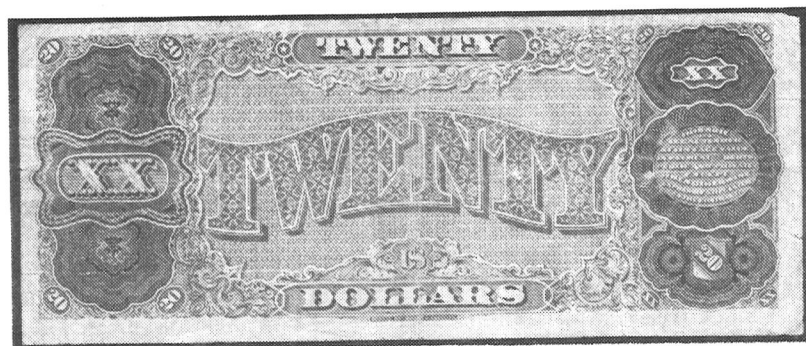

Both of the notes that changed hands were in the Fine grades and they both sold in the \$30,000 area. In the Memphis sale, a \$1000 1880 Silver, lot 1189, of which a total of 4 notes are known, brought \$29,000. I expect this unique note to follow suit and sell very near \$30,000

UNITED STATES COIN NOTES, 1890-1891

- 354 Fr. 347 \$1 1890 AU. Low #275. Well centered and choice. One middle fold and some light handling at right margin away from CU. Should go for over \$500+
- 355 Fr. 351 \$1 1891 VF. Top corners stained from holder oil; and a \$5 1914 Federal in VF. 2 pcs. Est: \$60
- 356 Fr. 351 \$1 1891 VF. Easy to own at near \$75
- 357 Fr. 357 \$2 1891 VG-F. Scarce type. Est: \$75

- 360 Fr. 361 \$5 1890 F-VF. Small red seal, very desirable type. Est: near \$250
- 361 Fr. 363 \$5 1891 AbXF. 3 heavy folds are not too noticeable and can't be seen at first glance. A desirable type for any collector and should approach \$300
- 362 Fr. 368 \$10 1890 VF. A couple of brown spots in margin. Cut close top left. Overall, very handsome and desirable note Est: \$225+

- 363 Fr. 374 \$20 1890 VG. A one year type that is very scarce. If you want a \$20 Coin note, this is probably one to go after, as even fewer of the 1891 are available. A reasonable estimate of value would be \$600

FEDERAL RESERVE NOTES, Series of 1914 & 1918 Red Seals & Blue Seals

Very few people have tried and only two collections have been completed, as far as I know, of the series 1918 Federal Reserve Bank notes. It seems to have been inspired by the late Wm. Phillpot & others in the Texas area, and still the main collectors of this series are centered in the Dallas-Fort Worth area. We are pleased to offer a few notes here that once graced the collection of 'Mr. Phil' and later, Amon Carter.

- 364 Fr. 709 \$1 Boston AU, a couple of folds from UNC. Est: \$50+
- 365 Fr. 711 \$1 & Fr. 750 \$2 New York, both CU and both low #99. A premium pair, well centered and exceptional. Est: \$500
- 366 Fr. 712 \$1 New York Star CU, low #5443. Scarce Est: \$250
- 367 Fr. 713 \$1 New York. CU, well centered and Choice. Est: near \$100
- 368 Fr. 716 \$1 Philadelphia CU, some aging showing. Est: \$75+
- 369 Fr. 717 \$1 Philadelphia CU, bright, crispy. Est: \$100
- 370 Fr. 720 \$1 Cleveland XF & 721 \$1 Richmond XF, pressed. Still, both have much crispness. 2 pcs. Est: \$100
- 371 Fr. 729 \$1 Chicago XF & Fr. 730 St. Louis XF. Perfect for type. Est: \$100
- 372 Fr. 733 \$1 Reconstructed sheet of St. Louis notes, plates A-D. Between each note a strip of water soluble tape was used to reassemble the sheet. A lot of this was done in the late 1940's and this is even housed in a green edged Col. Green holder. Very nice to frame and display. (Photo back page.) Est: \$400
- 373 Fr. 735 \$1 Star Minneapolis AG-G. This is a scarce note without the star. This is the 2nd note known in star and unknown to Murray when book was written on known stars. Only 7 star \$1 on Mpls. are known in total and only one other Fr. 735. VG value is \$350, so better start at \$100 and if you want it, bid closer to \$200
- 374 Fr. 736 \$1 XF, looks UNC. Scarce Est: \$75
- 375 Fr. 740 \$1 F/VF Dallas Star, one of only a few known and a few collectors should need this. Est: \$150+
- 376 Fr. 743 \$1 San Francisco AU. A couple of rounded corners, bright and vivid. Est: \$75
- 377 Fr. 744 \$1 Cut sheet of 4 CU San Francisco notes, plates A-D. Light handling noted on some corner tips Scarce and desirable. Est: \$400
- 378 Fr. 746 \$1 CU San Francisco. Bright, vivid and worth over \$100
- 379 Fr. 765 \$2 1918 Battleship. Crisp UNC Chicago. Not full brilliance but a nice type. Est: \$225
- 380 Fr. 776 \$2 1918 Dallas UNC Crisp. Little corner folds and light handling noticeable at lower edge. Est: \$175
- 381 Fr/ 778 \$2 1918 San Francisco, Crisp UNC Battleship. Super type, well centered. Est: \$300
- 382 Fr. 780 \$2 1918 San Francisco VF. Pressed so it appears better. Good as a circ. type. Est: \$75

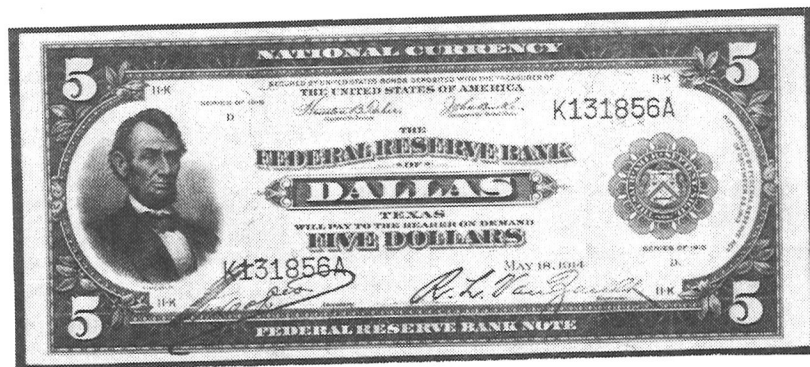

383 Fr. 781 \$5 1918 Boston VG-F, torn. Rarest of the \$5's, only a dozen or so recorded. This note was torn up the middle by someone washing it, probably in the late 1950's when it was common practice to do so. Still rare and bidding will start near \$100 and go maybe to \$200

384 Fr. 785 \$5 1918 Cleveland. Crisp UNC, scarce as a type. Est: \$300

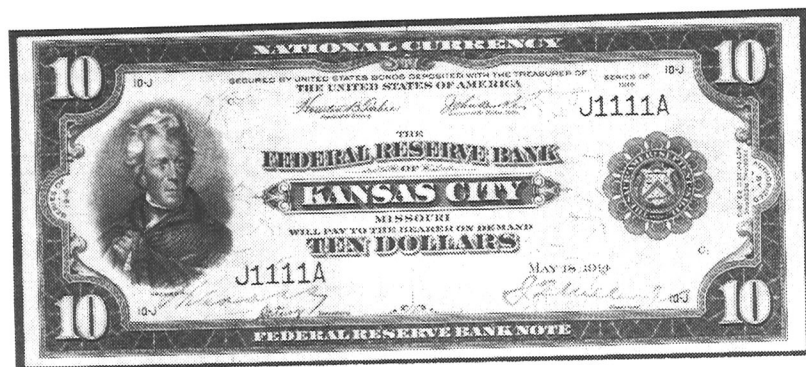

385 Fr. 789 \$5 1915 series, VF. Stamped sigs, much scarcer series. Est: \$150

386 Fr. 789 \$5 1915 series Atlanta, AU, and as such should bring \$250

387 Fr. 794 \$5 1918 Chicago, AU-UNC. Vivid Crisp note. Some paper crinkles noted keeping it from UNC. Est: \$200

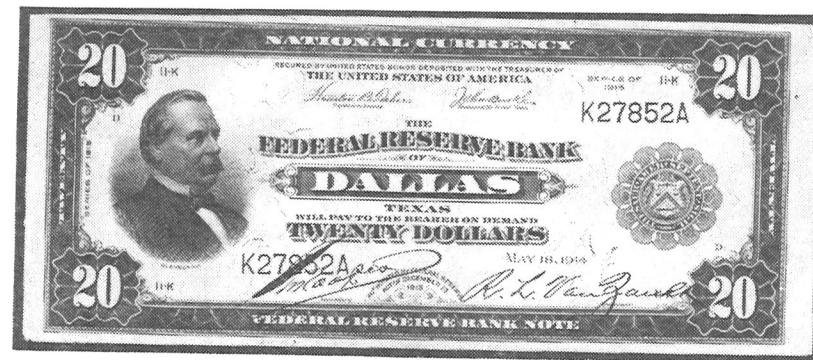

388 Fr. 806 \$5 1915 Dallas, Crisp UNC. Stamped sigs. Est: \$300+

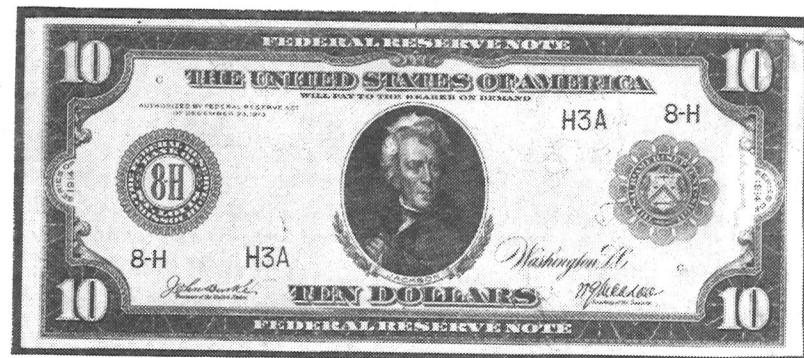

389 Fr. 817a \$10 Kansas City 1915 Crisp UNC. Stamped signatures, attractive #1111 will help your type set out. Very scarce in top grade. Est: \$300

390 819 \$10 1915 Dallas VF. Vivid stamped sigs. Est: \$300

391 Fr. 828 \$20 Dallas VF. Lower left corner rounded, otherwise bright for grade. Only 5 districts issued the \$20's and they are scarce for type, let alone trying to collect all 12 combinations. This note should have no problem going over \$400

392 Fr. 840 \$5 Red Seal XF. Autographed with large pen-flourished signature of McAdoo over his engraved signature on the bill—a terrific display note. Face of note appears new. Hard to value but estimate between \$100-\$200

393 Fr. 899a \$10 Red Seal AU, low #H3A. Something was spilled on right end coming in about 1/2', leaving a stain line. Then someone tried to erase that line away, tearing lower right corner. Still a beauty of a note and worth a bid. Without the problems it would be \$300. Now let's make it easy on the new owner, so start where you please.

394 Fr. 1013a \$50 Red Seal from New York XF. Bright, some counting smudge at right end, very attractive. Est: \$150

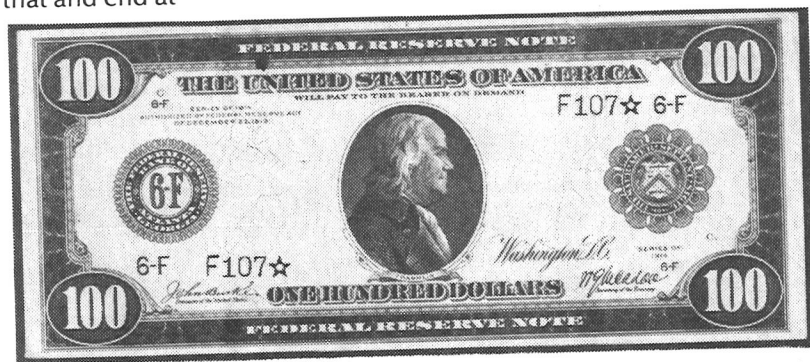

395 Fr. 847a \$5 1914 Boston Star, CU. One of 8 known notes, this one not being in the Handbook of Large Stars, and the highest grade of those known. Est: \$150

396 Fr. 851 \$5 VG, 883a \$5 VF, 911c \$10 Fine & 974 \$20 XF-AU, the \$20 being a super nice type note, well centered. 4 pcs. Est: \$75

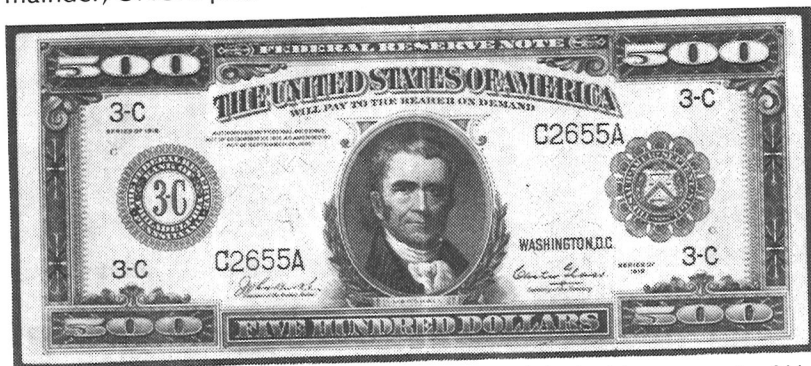

397 Fr. 851 \$5 New York UNC, & 906 \$10 Boston VF-XF. 2 pcs. Est: \$75

398 Fr. 859a \$5 Cleveland CU Star, not listed and the highest grade known. Est: \$150+

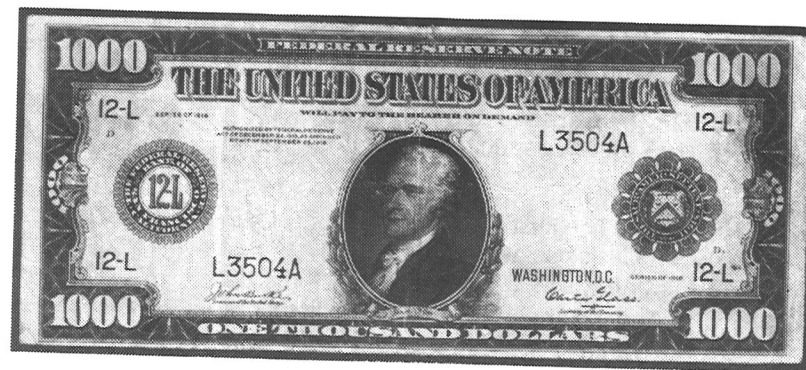

- 399 Fr. 871a 1914 Blue Seal, AU-UNC, crisp & bright. Autographed by A.W. Mellon written in pen above printed signature. Lower right margin corner trimmed in, leaving about 1/2 of the white margin. Est: \$100+
- 400 Fr. 917 1914 \$10 AU Star note, rounded corners on this crisp #D77473*. The discovery note, as the handbook shows none known. Bidding should be brisk, near \$250
- 401 Fr. 930 1914 \$10 XF Star. Several known, but still will exceed \$100
- 401a Fr. 931 \$10 dirty VG & Fr. 990 \$20 Fine. Both Chicago 1914 series and both Stars. Seven to ten of each known, so they are scarce. Should bring about \$100
- 402 Fr. 989 \$20 1914 Crisp UNC and a new note by far the finest, as others are VG & F. A scarce type in Star and valued in Doug Murray's Handbook of Stars at \$750. We believe bidding will start at about half that and end at \$500

- 403 Fr. 1104 \$100 1914 Star, XF, the only known note Fr. 107*. One ink spot and a few folds, but very scarce and the value by Murray may not be far off at \$1200
- 404 Fr. 1110 \$100 1914 VF & \$100 Canal Bank of New Orleans remainder, UNC. 2 pcs. Est: \$150

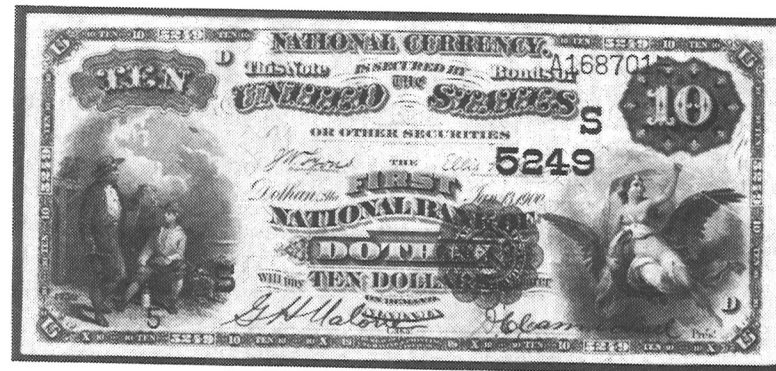

- 405 Fr. 1132c \$500 1914 VF+. A very scarce and desirable type note. We feel there is a lot of demand for these long overlooked high denominations. Could reach \$1500

- 406 Fr. 1133-L \$1000 1914 Fine. Some areas show quite a bit of handling, but it's still an attractive note. Wouldn't surprise me if it sold for double face. Bid seriously and your bid takes it.

DELAWARE

- 474 \$20 1929 The First National Bank of Delmar 7211 VG-F
Rarity 5. Located on the border of Delaware and Maryland, this interesting bank had the smallest circulation of the sixteen Delaware banks that issued the 1929 series. A collection of two state names like Kanarado, Texarkana, Florala, and Delmar would be an interesting project. This rare and desirable note should realize \$300+

- 475 \$10* 1882BB The First NB of Georgetown E-5930 F
Rarity 6. Here's a note to get excited about. Great serial number 1111, choice brown pen signatures of Geo. W. Jones and L.L. - 476 \$50** 1902DTS The First NB of Harrington 3883 F-VF
Rarity 6. Another Delaware blockbuster. This bank issued the smallest total of large size notes in the state and they were all fifties and hundreds. Sharp pen sigs of D.B. Thorp and J. Will Powell. - 699 \$1 Orig. The Shoe & Leather NB of Boston (646) XF
 Rarity 3. One of the most unusual items in the annals of national bank notes. Overprinted in red at the left end in old English letters, 'The Shoe & Leather National Bank'. The Home NB of Elgin, IL is the only other bank that we know of that overprinted their notes and they used a stamp across the face horizontally. Grinnell had two such notes, a one and a ten, both originals and both in low grade. In 1969 Maury Perlmutter offered a note similar to this one with an off center back. Altogether we know of 5 notes from this bank (one overprinted in black) and one from the Illinois bank. Amon Carter owned this one and a typed memo states, 'Paid \$250. Only one other known'. We believe this note to be the finest example extant. The government undoubtedly put a stop to this practice, and probably took steps to remove them from circulation. My theory about these is that the Shoe and Leather Bank wished to draw attention to themselves, or at least to set themselves apart from the dozens of other national banks in Boston, and used this method to accomplish that end. Under the signature of the vice president, in tiny red letters, is 'pro tem', short for pro tempore, or 'for the time being'. Another item unique with this note. We don't recall one of these notes being offered for sale at public auction since the Grinnell sale 40 years ago. A great and unusual rarity in a splendid state of preservation such as this is worth whatever it costs.

NEW YORK-LONG ISLAND

The following collection of notes from Long Island is a remarkable accomplishment. Over half the collection is in the elusive five dollar denomination. Several of the notes are the only ones seen in recent years. Very few have ever been offered at public sale. We take pride in being permitted to catalog and auction this remarkable group of notes.

The Joe Sande collection of Long Island notes was assembled under the most competitive conditions ever seen in this field. Those who follow the prices of Long Island notes are aware that the rule book is out the window where notes from this area are concerned. Records are broken every time a really good Long Island is available. We are therefore, in most cases, using Joe Sande's personal valuations as a guide, rather than our estimates. Rarity is only one part of the equation. As has been repeated often in the past, 'The opportunity to buy the note is often rarer than the note itself.' Serial numbers are listed on each lot so that the pedigree on these notes can be proved in the years to come. Good luck.

Rarity 6. A very rare type from the Fred Clayton cash hoard in Estherville, Iowa for over 60 years, and became available only this June. This is one of the rarest notes in the over \$14,000 involved. Only four Oregon banks issued this type and we know of only two other tens, one from Ashland, the other from Ontario. This bank issued 15,000 large size notes, of which we know of only two survivors. Treasury records indicate \$880 unredeemed in July, 1935. This note, and a \$20 1882 dated back, which also surfaced in the Midwest. T.C. Wheeler & Herbert Eakin sigs in brown ink. No problems other than honest soil from circulation. We feel that this is an important Oregon note deserving of an important price likely to be in the range of \$1000

BANK OF UNITED STATES RELATED CHECKS AND NOTES

All issues of the bank have a unique historical interest and are sought after by a diverse group of collectors.

- 1399 Checks dated 1792, 1793, 1795, 179-, all on Bank of U.S. and one 1809 on United States Bank. Historical group of 5 pieces. Est. \$50
- 1400 30-day sight draft from United States of America. #272 dated October 3rd, 1778 payable in French livres at rate of 5 for 1 dollar. Left end burned, few pieces gone lower border. Also, a 60-day sight draft of 12/16/1834 for 2000 sterling issued by Bank of U.S. payable in London. Signed, issued, and pen cancelled. Fine, two pieces. Est. \$30-50

- 1401 \$5 note dated in 1819, counterfeit and collected as such. VF - 3 stamp hinges on back possible for mounting since there are no tears or missing pieces. Est. \$150+
- 1402 \$2000 12/15/1840 A bright VF with 2 small spindle holes that detract little from the overall appearance. Four interest paid stamps dating from 1841 to 1850. Est. \$125-150
- 1403 \$10 Treasury of United States 3/25/1815 signed by the Registrar of the Treasury, but not countersigned and not issued. Very historical as this is part of our first paper money that circulated as we know paper money today. Top right corner tip is gone. XF. Our Memphis Sale of June 1982 lot 767 was a very similar note that realized \$1300. Your bid today will set the price, but start above \$1000

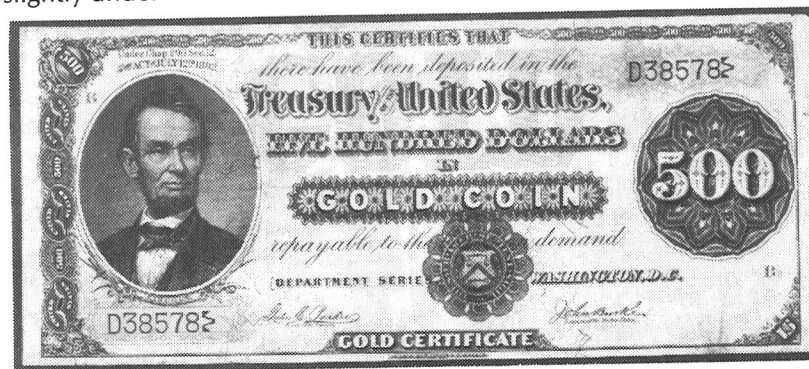

- 1404 \$10 Treasury of U.S. 3/25/1815 as above lot but only a corner fold from UNC. Nearly all the War of 1812 Treasury Notes were actually redeemed and then destroyed. Consequently these notes are rare with only a few unissued or remainder notes being left for collectors today. For more info see page 78 of our June 1982 Sale. Where lot 768 in VF realized \$2000. A figure that this lot should exceed.

- 1484 \$1 1928-B to 1928-D Very scarce pair that skips a series. This lot was passed over by bidders in our Memphis sale. Although we feel our previous estimate of near \$500 is valid, this time you set the price with your bids. Both CU. (Lot 1085 in our 28th sale.)

- 1486 \$5 1934-D to 1934-C Silvers. A reverse change-over pair and a little scarcer. A choice original CU pair. Est: \$80-\$100.
- 1487 \$5 1934-cc to 1934-D FRN B-C change-over. With the Federal pairs a little scarcer than the silvers, this CU pair could bring \$125-\$140.
- 1488 \$10 1934-A to 1934-B FRN C-B change-over. This pair has never been circulated, but we would have to grade them ch. AU due to poor handling. Scarce. Est: \$175-\$200
- 1489 \$20 1934-B to 1934-A FRN Reverse change-over. The earlier series has the higher serial number. 1934-B B34669092B and 1934-A B34669093B. Both notes are bright CU with sharp corners. O'Donnell cat. \$300. Est: \$225-\$250

ERROR NOTES

- 1528 \$1 Silver Certificate - series unknown. An obstruction during overprinting caused the right signature, series, part of the seal, and part of the serial number to be missing. This note is the same one illustrated in Donlon's catalog #3 & #4. XF-AU
Est: \$100
- 1529 \$1 1963-B FRN E-G An insufficiently inked plate has resulted in this note which has a normal lower half, a weak portion above, and the top quarter is blank. Back is normal. This unusual error is CU. Est: \$50
- 1530 \$5 1928-A FRN G-A Inverted back. Actually it is the face printing that is the error but since we hold a note face up the error appears to be the back. This note grades F with a partial teller stamp at the left and is lot #5600 of the Albert A. Grinnell sale.
Est: \$75-\$100
- 1531 \$20 1928 FRN I-A Inverted 'back' as above. This scarce error is a F-VF pressed, with a tiny notch out of the right margin, not into the printed design. Lot #5603 in the Grinnell sale.
Est: \$125
- 1532 \$1 1969 FRN G-D Completely blank back. A similar note brought \$110 in our Memphis sale and this note is just as nice. CU
Est: \$100
- 1533 \$20 1977 FRN C-A Another blank back but this one on a higher denomination. A well centered CU note and worth
\$150+

FOLDING & CUTTING ERRORS

- 1534 \$1 1969-D FRN The top right corner was folded down prior to the third printing, with the Treasury seal and most of the serial number printed on the exposed back section. XF-AU
Est: \$75

- 1535 \$1 1974 FRN Similar to the above note with the addition of a cutting error leaving an extra triangle of the note below. An impressive double error. CU
Est: \$150
- 1536 \$1 1977 FRN The back printing is normal but a fold-over occurred on the right end prior to all three face printings, and also led to a cutting error. The right portion of the note is blank when unfolded, with the printing ending up on the back. CU
Est: \$150

- 1537 \$10 1950-A FRN Another note folded before the third printing, with the result pictured above. CU
Est: \$150

- 1538 \$10 1953 Silver Certificate The bottom part was folded diagonally so both the back and face printing are incomplete. In addition, the other side of the back portion shown, and the corresponding area it covers when folded back to its original position, is blank. This most unusual error should bring
near \$200

LARGE SIZE ERRORS

- 1539 \$1 Fr.39 1917 USN with a 1/8' gutter across the lower left corner of the face. VF Est: \$50
- 1539a \$1 Fr.233 1899 Eagle with a butt erfly error at lower right corner. The extra flap is torn about 3/4 off but is still attached. AU Est: \$50+
- 1540 \$20 Fr.1187 1922 Gold Certificate with an inverted back. A very scarce error in this type. This crisp XF-AU should bring in the range of \$250-\$300

SERIAL NUMBER ERRORS

- 1541 \$1 1935-E Silver, 25/14 mismatch in the first digits of the ser.#. Scarce. VF with a few smudges. Est: \$50+
- 1541a \$1 1935-G NM Silver, 41/51 mismatch. This note was in circulation quite a while before being discovered. Fine condition. Est: \$40-\$50
- 1542 \$1 1957 Silver with the first two numbers mismatched 55/54. CU Est: \$75
- 1543 \$1 1957-B Silver, 37,47 ch.CU A similar note realized \$55 in our Memphis sale
- 1544 \$5 1950-A FRN B59707854C / B59707700C CU A choice well centered note. Est: \$150-\$175

- 1545 \$5 A most unusual pair of mismatched notes. The left ser.# of both notes is the same, while the right ser.#'s are 33 apart and neither matches the left one. 1977-A series. Both notes are circulated, grading XF. Est: \$250

ALIGNMENT ERRORS

- 1546 \$1 Hawaii overprint with the 'Hawaii' on the back printed at a decided angle and way left of center. This is a very rare error, and the con-signor notes that there are 'none known except mine.' A choice CU error. Est: \$500 and up
- 1547 \$10 1950-A FRN Boston with a marked alignment error in the overprint. There is a 1' shift to the right, leaving two right district numbers about 1/4' from the right edge. The note is a crisp XF-AU. Est: \$100

- 1548 \$20 1950-A FRN New York An even more pronounced shift than the preceeding \$10 note. The district seal is almost completely in the portrait, and the district numbers touch the right margin. XF-AU Est: \$125

OFFSETS OR WET INK ERRORS

- 1549 \$1 1935-E Silver Certificate offset error with 100% of the face transfered to the back of the note, Very bold error-AU. Est:\$75

- 1549a \$1 1935-E Silver offset with about 2/3 of the back covered with a sharp face impression. The left 1/3 is unaffected. Light red inspector's mark in the center. This CU note cost the consignor \$100 in 1977, and may sell in that range now.
- 1550 \$1 1969 FRN J-A Offset error with 95% of the face transferred to the back. A dark even face impression covers all but the lower left corner. CU Cost \$142 in 1972. Now maybe around \$100
- 1551 FRN offsets-Three notes with 100% transfers of the face to the back: \$1 1969-D L-B VF Bold - probably a first impression; \$1 1977 L-E VF-XF a clear complete transfer, but not quite as dark; and a \$5 1969-C L-B VF-XF with the transfer a little lighter, but still clear and complete. 3 pcs. Est: \$100+
- 1552 \$5 FRN 1950-C G-D Very dark 100% face transfer to the back of the note. A striking error. CU Est: \$100+

- 1553 \$10 1969-A C-A Offset error with the back design completely covering the face in a 100% transfer. So bold and clear it must be a first impression. CU with perfect centering. Unimprovable. Est: \$150-200
- 1554 \$1 1969-D FRN E-B 100% transfer of back design to face of note. A rich, green first impression error. Choice AU and well centered. Also a 1969 \$10 FRN C-A with 2/3 of the face design transferred to the back. CU-the pair brought \$235 in 1974 Est: \$150+
- 1555 \$20 1977 G-A back to face transfer and \$20 1977 H-A face to back transfer. Both these CU notes are 100% offset and look like second impressions. A nicely matched and scarce pair. Est: \$175-\$200

GUTTER FOLD ERRORS

- 1556 \$1 1935-E Silvers Two notes with small gutter fold errors across face -VG and F+. Two F+ notes with severely misaligned backs. The top is trimmed into the design, and there is a 3/8' to 1/2' white margin at the bottom. Also a note that was folded between the second and third printings resulting in a cutting error leaving excess paper at the lower and left margin, and a gutter fold separating sections of the serial # and treasurer's sig. This strange looking error grades VF-XF. Total of 5 pcs. Est: \$50

- 1557 \$10 1950 FRN D-A with 1/8' gutter front and back that cuts diagonally across the portrait, VF; a \$50 FRN H-A with two small front and back gutter fold errors, XF; and a CU 1957 \$1 silver certificate with an off-set green back impression over the left quarter of the face. 3 pcs. Est: \$90-\$100

- 1558 \$1 1935-A Silver VF folding and cutting error leaving a separation of the face design at the left end and a butterfly effect. Also a \$5 FRN 1950-B I-A double error. A 1/4' back transfer along left edge of the face, and a small butterfly error at top left corner, XF-AU. Finally, a \$10 1950 FRN D-A, butterfly at lower right as the result of a fold before the third printing. This fold divides and separates the treasury seal and Snyder sig. AU, 3 pcs. Est: \$75
- 1559 \$10 1977 FRN G-B Two CU notes, each with the same 'board break' error in the lower left corner. Caused by the break-down of the fiber board backing of the printing plates and results in a blank area at the site of the break. (Error no. 1-10 in Donlon catalog.) This pair is four serial numbers apart. Scarce. 2 pcs. Est: \$120-\$150
- 1560 \$1 1963 FRN H-A This is the illustration note in the Donlon catalog for board breaks (1-10). About a 1' break in the upper right corner of the back. CU Catalog price \$100 ten years ago. Est: \$75-\$100
- 1561 A five piece lot of notes with misaligned or turning digits in the serial number. \$1 1935-A Silver with fourth digit turning, CU. \$1 1969-D FRN G-B last digit turning, XF-AU. Three with one digit out of line: \$1 1969-B CU, \$1 1977 F, and \$5 1950-C F-C CU. Total 5 pcs. Est: \$50
- 1562 Three butterfly errors: \$5 1950-B L-C, at lower left, XF; \$5 1963-A L-A, at lower right, AU; and \$20 1950-C G-C, a larger error at top left corner and along left edge, ch. AU (cost \$75 in 1971). Also a \$5 1950-A L-A offset with a strong face impression covering 2/3 of the back. XF-AU. 4 pcs. Est: \$125+
- 1563 \$10 1950-A G-B Cutting error with portion of adjacent note at top. This note is pictured in the Donlon catalog error section (C-3), CU. Also a \$1 1969-D I-A with a second faint partial impression of the black district seal at the top edge, CU. 2pcs. Est: \$40-\$50
- 1564 Split Notes - These aren't really errors because they were separated by hand 'by an old wino in about fifteen minutes' according to the consignor: \$2 1928-D F completely split into face and back halves; a \$1 1935-A F over 9/10 split but still attached at the right edge, and the back part only of a \$1 bill, F. Also included are two crude facsimiles of U.S. \$1 silver certificates dropped in France by Nazi Germany to spread anti-Jewish propaganda. The text is in French, and specifically attacks Secretary of the Treasury, Morgenthau. One piece is in good condition, the other torn and taped. Unusual lot - bid what you think.
