HICKMAN & OAKES AUCTION #30 03/27/1986

TERMS OF SALE

To give all bidders an equal opportunity, bids will not be opened until the closing date of the sale. In other words, we will not know ourselves, and therefore cannot reveal, where the high bid is until the sale is over. To help us segregate bids from our regular mail, we are providing envelopes for use only for the mail bid sale. Please mark any other envelope you may use on the outside so we can know it is a bid. Skeptics are invited to inspect the unopened bids up to the closing date.

To insure your efforts are not wasted, mail this bid early. We will be pleased to discuss and further describe any of the notes by phone, but we must insist that telephone bids be confirmed in writing before the deadline. Bids will be opened March 27, 1986.

1. Each lot will be sold to the highest bidder unreserved at a slight advance over the next highest bid. In the event of identical mail bids, the earliest postmark will receive the lot.
2. As in all legitimate auctions, the second highest bidder will set the price. Up to the \$1000 level, advances will be 10% with \$50.00 maximum. At \$1000 and over, advances will be 5%. This method will permit a bidder to make a liberal bid with the assurance that his bid will be reduced to the indicated amount above the next highest bid. In cases where only one bid is received, the estimate will be used as the underbid.
3. All lots are guaranteed genuine and as described. Please be sure you are bidding the correct amount on the proper lot. Only signed, written bids are acceptable. These bids are a binding contractual offer on your part.
4. All successful bidders must remit payment immediately upon receipt of the invoice and/or lots. The cost of postage and insurance will be added to the invoices of successful mail bidders. Lots delivered in Iowa are subject to State Sales Tax of 4% unless a resale number is given. Terms are available; see your bid sheet.
5. All photographs are of the actual lots being sold.
6. Prices or estimates given reflect the opinion of the cataloger as to what the lots should bring. Higher rather than lower valuations are expected to prevail.
7. Alternate bids are acceptable. No buy bids are acceptable.
8. GRADING—The standard grades are used as outlined below. An overall grade is given to take into consideration the note's appearance. A grade of F/VG means that the reverse of a note is not as nice as the face of the note. A grade of VG-F is a grade for the complete note. Such defects as margin tears, pin holes, stains, abrasions, or other appearance are not mentioned in grades of Fine or below, unless, in the cataloger's opinion, it affects the value of the note enough to make mentioning necessary.
9. If you receive a note by mail that you feel you should return for any reason, you may do so, if within 3 days of receipt and you state your reason for dissatisfaction. If it is a grading problem, please tell us. We are firm believers in "Satisfaction Guaranteed", and we intend for you to be satisfied. If we make an error, we want to know about it. **However** if it is not our error we feel and we cannot agree, we may have to pick third parties to get a further opinion. We do not intend in anyway to have our auction be an approval sale.
10. We reserved the right to reject any bid of 60% of estimate or less, or nay bid of less than 15% over face.
11. A 5% buyers fee will be added to the total invoiced amount of each successful bidder.

Lots will be available for viewing in Iowa City, Iowa by contacting Dean Oakes, (319) 338-1144 or by writing c/o Box 1456, Iowa City, Iowa 52244, until the day before the sale closes.

INTRODUCTION

Welcome to our thirtieth sealed bid mail auction. After two jumbo combination floor and mail bid sales at Memphis and Cherry Hill, we resume our mail only sales once again. This sale is remarkable in the amount of fresh material it contains. Probably more so than any of our previous twenty-nine auctions, we have notes from several different sources that have never been exposed or offered for sale. Here in Iowa another remarkable accumulation of currency surfaced, this time the owner is still alive, although mentally confused. It was necessary to haul two iron safes into Fort Dodge, have them opened by a lock smith, and have a court appointed guardian take over the affairs of the owner. After considerable delay the court ordered the currency sold, and we offer most of it in this sale. As we have always predicted, additional notes that surface are pretty much more of what we have already seen. Several outstanding rarities are among the familiar notes however, and we are pleased to offer them to our clients. Also, we received several cash hoard lots, primarily in the 1929 series from Illinois, Indiana, and Wisconsin. A small but exciting collection of rarer New York notes are contained herein along with a new discovery Oklahoma territorial brown back, and numerous other goodies. We have more than the usual number of mixed lots this time around, and we suggest you look them over with a view to having a few traders on hand.

We wish to thank you one and all for making it possible for us to reach number thirty in this series of sales. We hope we have added to the stability of the currency market and to the enjoyment of national and other paper money collectors. We like to think that the market place we provide removes part of the risk of collecting paper money and makes available an orderly means of either acquiring or disposing of currency. As always we wish you all, Happy Hunting!!

John and Dean

We want to thank Jack Robinson and Rick McLaughlin of the firm of McLaughlin & Robinson Coins Inc. for all the computer help that they gave us on the 29th sale. They not only worked long and hard before the sale in Cherry Hill getting our paper work into the computer, but they were on hand with the machine to give us the starting bids.

They were also responsible for the invoices and the sheets comparing your bids to the auction action that took place. We will be trying other similar methods in our future auctions. It took a lot of stamina on their part to work with us, who know almost nothing about computers, and try to bring us to the 'state of the art.'

Their firm auctions coins almost the same as we do currency. If you have some coins to auction, give them a call (703) 591-3003 or write them at Box 639, Vienna, VA 22180. They will handle your coins in an up front manner with no problems.

- 376 The First National Bank of Newville 60
For the very first time we have an actual charter certificate to offer our clients. This is a particularly interesting certificate since it is one of the early 99 year extensions (approved July 1, 1922) and it is the third extension of an original charter first issued in August of 1863. As can be seen in the illustration, the certificate is water stained. This probably accounts for it being available to collectors, since the bank still survives. The comptroller who signed this certificate, D.R. Crissinger, was involved with organizing The City National Bank of Marion, Ohio and served as it's president from April, 1911 to September, 1920. He was also president of the successor, The National City Bank & Trust Co. He was a neighbor and friend of President Harding, who appointed him. We have no point of reference as to the value of this item. You will tell us what it's worth.

LARGE SIZE U.S. TYPE NOTES

- 531 Fr. 3 \$5 Boston, Good. A note that has seen a lot of circulation and top right corner has been replaced from a later issue 1862 \$5, from the edge of '5' counter to the corner. Work was done years ago and is not noticeable until inspected. Many pin holes, couple of closed edge tears, but you can see from the photo it is a very collectable note. Easily \$200-\$250
- 532 Fr. 16 \$1 1862 VF/F. Natural good margins. Est: \$75
- 533 Fr. 16 \$1 1862 VF paper aged and 1/2' top middle split. Bright with a lot of crispness. Est: \$75

- 534 Fr. 16 \$1 1862 CU and very even centering on this 'C' plate note. Bright red seal and numbers, fresh and worth a premium bid \$400
- 535 Fr. 27 \$1 1875 Series AU Crispy. Counting stain top right detracts from otherwise beautiful note-worth over \$100
- 536 Fr. 36 \$1 1917 XF-AU and AU. Both with hidden folds and both bright and crispy. 2 pcs. Est: \$75
- 537 Fr. 37 \$1 1917 Crisp AU-U, Corner fold, and F 39 \$1 VF+ . 2 pcs. \$60

- 542 Fr. 60 \$2 1917 AU Crisp and natural but a middle fold. Est: \$50+
- 543 Fr. 60 \$2 1917 Crisp UNC I notice a top right corner tip fold and lower boarder is touching design line, but very attractive bright note. Est: \$75+
- 544 Fr. 60 \$2 1917 C.U. Tight top margin on this bright and beautiful note. Est: near \$100
- 545 Fr. 82 \$5 1880 VG+ . Generally not available in high grade. Est: \$35

- 546 Fr. 88 \$5 1907 Crisp UNC. A choice pioneer family note, with near perfect centering. The actual space to cut between on original sheets was only 1/8 of an inch so you can understand why it is the exception to have even margins on the notes. This one is exceptional. Est: \$200+

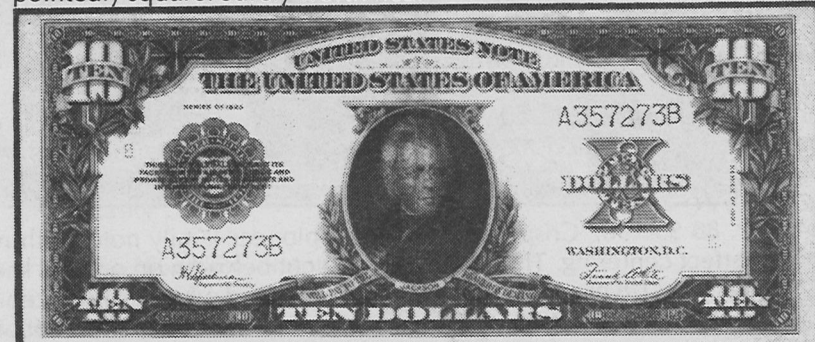

- 547 F-91 \$5 1907 Crispy XF. 3 folds, bright and natural. Est: \$50
 548 F-91 \$5 1907 Crisp AU. Middle fold, good centering. Est: \$70

- 551 F-92 \$5 1907 Crisp UNC. Scarce Woods-White signatures. A beauty of a note, top margin closer than lower but a super nice note-Check the photo. Should bring \$200
 552 F-107 \$10 1880 VF. Large orange seal, a strong note-appears AU. Should sell over \$125
 553 F-113 \$10 1880 AVF. Natural note with 3 folds and pin hole, small red seal. Should sell near \$100

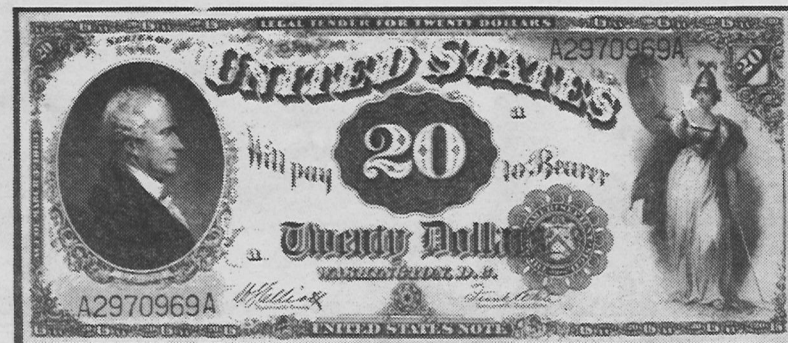

- 554 F-121 \$10 1901 Crisp AU. This note has had a middle vertical and horizontal fold. I'm sure it never saw circulation as the corners are pointedly square. Surely worth near \$400

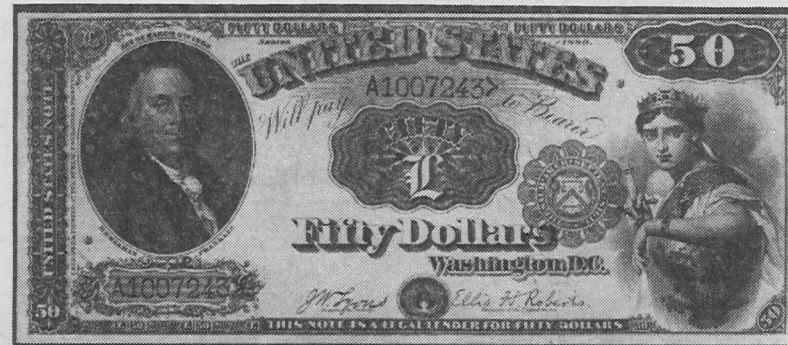

- 555 F-123 \$10 1923 F-VF. Face area of Jackson is smudgy, otherwise a VF note worth near \$300

- 556 F-142 \$20 1880 VF. Bright with one pin hole, well centered. worth \$100
 557 F-144 \$20 1880 VG and a scarcer note that will probably go at type price. Near \$50
 558 F-147 \$20 1880 AVG. Couple of edge separations and 2 paper clip stains pull grade down-Still worth \$35

- 559 F-147 \$20 1880 Natural AU. One light horizontal fold on this otherwise lightly handled crisp note. worth \$250

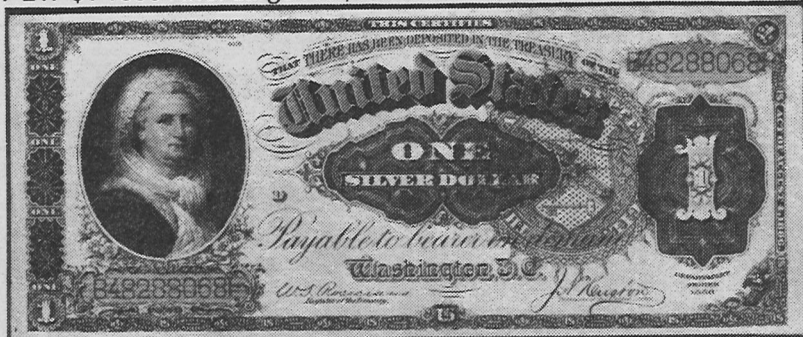

- 560 F-164 \$50 1880 Crisp UNC. Fine centering, one small corner fold lower right, noticeable only under a glass. Check out the photo- this is a beautiful note. Est: \$1000

It has a couple of light brown areas on obverse that detract somewhat, but overall it has good appearance. 5 Silver Dollar reverse. No noticeable detracting folds on the note, your bid takes it.
- 583 F-270 \$5 1896 Educational, Fine, but it has seen a lot of even circulation and has a heavy horizontal center fold across note. Its overall appearance is closer to VG-F. Still desirable and a clear type. No pin holes or edge nicks, solid, note worth \$200

SMALL SIZE U.S. REGULAR ISSUE CURRENCY

This is an interesting selection of small size currency. This currency is on the auction block to be sold. Some of it was left over from the 28th and 29th sales and it must be sold. To make sure that it is sold, we are lifting the 50% of estimate requirement on bids in this section on notes that are from the Krieder Estate, as we have the duty to sell these lots. We will not accept bids of less than 15% over face on any lot, and we reserve the right to reject any bid of less than 50% of the estimate for our other consignors. Bid as much as you feel the lot is worth in all cases.

U.S. NOTES

- 617 \$1 1928 CU Average centering, bright type note \$50
- 618 \$1 1928 CU Average centering, as above 2 pieces. \$100
- 619 \$1 1928 Well centered, a late note from the 17 million run a select type note. Est. \$65
- 620 \$1 1928 CU Low #4136, fine centering. \$75
- 621 \$2 1928 CU, 28A Unc, 28C Unc corner folds, 28D Unc 28E XF, 28 Func., 28G XF, 1953 XF, 1953A, B, C, and 1963 and 1963A are CU, in all 13 pieces. \$125

- 622 \$2 1928F uncut pair. Right ends of the notes have had some water on them at one time, leaving the end wrinkled. Could make an interesting inexpensive frame for the den or office wall. Bidding will probably start near \$100

- 623 \$2 1928F 3-note sheet, not from the same sheet as above, but there is a light stain on the lower edge of the bottom note. This does not detract and would still make an excellent framed collectible. Should bring \$150
- 624 \$5 1928A CU, 2-1928B AU, and 2 CU and 1928B Star, UNC with top margin just touching at right end. Six notes would be cheap at \$75
- 625 \$5 1928B Star two notes CU, 1928C two CU, and two Fine. Six pieces. \$100
- 626 \$5 1928B Star three notes CU with close touching margins, and 4-1928C two Cu and two Fine. Seven pieces. Worth over \$100
- 627 \$5 1928E & F Stars both well centered CU \$75
- 628 \$5 1928 C, D, E, F(2 pieces), 1953, A, B, and C. Nine pieces. 28D Au rest UNC to CU. Should be worth over \$75
- 629 \$5 1928 D CU the key to the series. Carries an old price of \$40. Worth at least \$60
- 630 \$5 1928 F three pieces CU, \$2 1928 F CU, and 4 error notes \$1 1935 E silver, small fold void face, 1957 \$1 light inking face, U.S. Note \$2 1963 small void face, and \$5 1953A, U.S. note small lower left fold void, eight mixed notes in all. How about \$60
- 631 \$100 1966 Red Seal crisp UNC #4104, face plate #1. Est. \$150+

CHANGE OVER PAIRS \$1, \$2, \$5, \$10

- 632 \$1 1928 B #140504122B to 1928 D #140504123B both CU. This was possible I think because the change in Treasurer and Secretary, thus the change in series, happened in a matter of three months from 1928 B to 1928 C on 3-3-33 to 1928 D on 6-1-33. The I-B block was used at the end of runs of all three series. The 1928 D is a rare note by itself and this combination is really scarce. This was lot #1085 in our 28th sale and now needs a home. If you don't like the pair bid the value of the 'D' at least \$200+

- 633 \$2 1928 D to 1928 E change over pair in forward series. Crisp UNC. Both notes have the same back plate #315. In this numbering series the 'D' note was the last of one sheet and series and the 'E' note the first note of the next sheet and series. The 'E' note has a tiny glue spot on the top margin. Scarce pair \$150

- 634 \$2 1928 E to 1928 F change over pair, crisp UNC. It is seldom that you see forward sequence pairs offered through the series as these two are. The 'E' note is the L plate note and the 'F' is the top of the next sheet the 'G' plate note. Crisp UNC, two pieces \$150
- 635 \$5 1934 C to 1934 D Silver Certificate Cu, reverse change over pair, well centered and Q-A Block, may be the cheapest and commonest change-over pair as several pair came out of the Carter Estate. Taken as a whole there are very few pair of change overs that have survived.

\$75

- 636 \$10 1934 A to 1934 B Green Seal, both Philadelphia C-A block, AU. This pair has never been circulated, but we are grading them choice AU due to poor handling, noted on corners. Scarce. This lot was #1488 in the 29th Sale and not paid for. Est. \$150

SILVER CERTIFICATES

- 637 \$1 1928, 28A, 28B, 1934 and all the 1935 series including D, W, and N, 35 G, W, and Wo motto plus the 3 1957 series all crisp UNC. 18 pieces. Worth an easy \$75
- 638 \$1 1928 Star Cu well centered, 1928 A \$1. E-A Block Fine+ and a 1928 A F-A block CU both scarce, and also 2 \$1 1969 D Federal Reserve notes, one a radar #17700771 CU. 5 pieces \$75

- 641 \$1 1928 C crisp UNC. well centered, were selling at \$400. This one yours at probably just over \$300
- 642 \$1 1928 A, Z-B block Fine & 1928 B X-B, Y-B, & Z-B all experimental blocks and all F-VF scarcer. Four pieces. \$50
- 643 \$1 1928 D XF crispy, hard grade to locate. Worth \$75
- 644 \$1 1935 A, B, & C all number 69. Crisp UNC. Low numbers are always special to a collection and three different series with the same number can't hurt. They sound cheap at \$35 each or \$100

- 645 \$1 1935 H Stars, 15 notes and all CU. Retail on these is over \$10, so this lot should bring near \$100
- 646 \$1 1957 B error serial number. U37/47. CU should be in the error section I guess, but I'm sure someone will find it here. \$50
- 647 \$5 1953 Crisp UNC, low number 8, part of the first sheet printed. From the 29th sale, we still feel that it is a choice note, it was estimated at \$125, but now the price is up to you.

SMALL SIZE ERROR NOTES

- 692 \$1 1963 H-A CU and 2-\$10 1977 G-B CU. Three pieces. All have 'Board Breaks' leaving an unprinted area. This is caused by the breakdown of the fiber board backing for the steel impression engraving plates. The 2-\$10's have the break lower left corner and the \$1 on the reverse upper right. Three pieces-should be worth \$50 each, but who will start the bidding at \$100

- 693 \$1 1935D \$1 Silver Certificate CU with inverted third printing. A scarce and desirable error. I'm always glad to offer a Silver Certificate error because they are so scarce compared to Federal errors. Est. \$150

- 694 \$1 1969 B-B CU Double error: first is Green strip from edge of paper roll on face at extreme right and reverse is way off register to right on back. Has Red inspectors mark on face so it should have been pulled. A similar note to this sold at over \$300-but your bid takes this one.
 695 \$5 1977A L-B CU mismatch #44/45 even the commonest mismatch (see 1957 Silver \$1 above) is worth \$50+

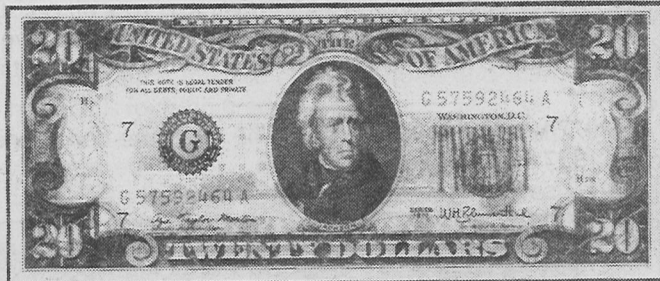

- 696 \$10 Hawaii 1934A Fine. Back printing of Hawaii shifted to far left, starting H in margin very few Hawaii errors are known, we offered a \$1 in the 29th Sale with a similar shift and it brought \$600. This note is only Fine, but in \$10's I'm not sure if any exist in CU-anyway, it should bring in the area of \$400.

- 697 \$10 1977A CU third printing of face on back. As nice as any I've seen. Est. \$150+

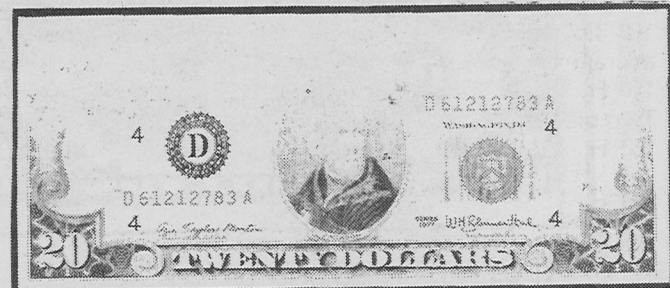

- 698 \$10 1950A VF third printing shifted to right so seal is past TEN-scarce. Est. \$75

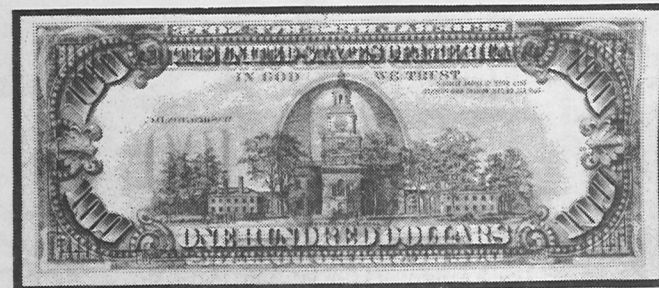

- 699 \$20 1977 G-A CU complete offset transfer of the back on to the front, very vivid, from over inking of note resulting in wet ink transfer. Est. \$75-\$100

- 700 \$20 1977 H-A CU as above, but now a complete offset transfer of the front on the back. A lot of notes are seen with a part of a transfer, but these are 100% scarce \$75-\$100

- 701 \$20 1977 D-A CU Void and insufficient inking of second printing over 70% of face of note. Leaving a 'curtain' effect. This happens less often than if the whole second printing was missing. Est. \$100+

- 702 \$100 1977 J-A AU 100% face offset on the back. All \$100 errors are scarce, start bidding at least at \$150 if you want a chance at getting this one.
- 703 \$1 light complete offset on face, 1969 E-C, \$10 1950D a strong black offset about 65% face on back. \$20 1974 100% offset on back of note strong impression. All UNC and 1974 \$50 XF with 85% offset on face. Four pieces. A real buy at \$200

- 705 \$5 1934D pair (2 numbers apart) each note had foreign paper on the bill when printed then the paper came off leaving one note with 1/2 a seal and the other without the numbers of right serial. Both CU. Two pieces. Est. \$75
- 706 \$20 1969A CU third printing shift to right putting seal into Jackson's oval. Interesting. Area of \$40-\$50
