## TERMS OF SALE

To give all bidders an equal opportunity, bids will not be opened until the closing date of the sale. In other words, we will not know ourselves, and therefore cannot reveal, where the high bid is until the sale is over. To help us segregate bids from our regular mail, we are providing envelopes for use only for the mail bid sale. Please mark any other envelope you may use on the outside so we can know it is a bid. Skeptics are invited to inspect the unopened bids up to the closing date.

To insure your efforts are not wasted, mail this bid early. We will be pleased to discuss and further describe any of the notes by phone, but we must insist that telephone bids be confirmed in writing before the deadline. Bids will be opened June 25, 1986.

1. Each lot will be sold to the highest bidder unreserved at a slight advance over the next highest bid. In the event of identical mail bids, the earliest postmark will receive the lot.
2. As in all legitimate auctions, the second highest bidder will set the price. Up to the \$1000 level, advances will be 10% with \$50.00 maximum. At \$1000 and over, advances will be 5%. This method will permit a bidder to make a liberal bid with the assurance that his bid will be reduced to the indicated amount above the next highest bid. In cases where only one bid is received, the estimate will be used as the underbid.
3. All lots are guaranteed genuine and as described. Please be sure you are bidding the correct amount on the proper lot. Only signed, written bids are acceptable. These bids are a binding contractual offer on your part.
4. All successful bidders must remit payment immediately upon receipt of the invoice and/or lots. The cost of postage and insurance will be added to the invoices of successful mail bidders. Lots delivered in Iowa are subject to State Sales Tax of 4% unless a resale number is given. Terms are available; see your bid sheet.
5. All photographs are of the actual lots being sold.
6. Prices or estimates given reflect the opinion of the cataloguer as to what the lots should bring. Higher rather than lower valuations are expected to prevail.
7. Alternate bids are acceptable. No buy bids are acceptable.
8. GRADING-The standard grades are used as outlined below. An overall grade is given to take into consideration the note's appearance. A grade of F/VG means that the reverse of a note is not as nice as the face of the note. A grade of VG-F is a grade for the complete note. Such defects as margin tears, pin holes, stains, abrasions, or other appearance are not mentioned in grades of Fine or below, unless, in the cataloguer's opinion, it affects the value of the note enough to make mentioning necessary.
9. If you receive a note by mail that you feel you should return for any reason, you may do so, if within 3 days of receipt and you state your reason for dissatisfaction. If it is a grading problem, please tell us. We are firm believers in "Satisfaction Guaranteed," and we intend for you to be satisfied. If we make an error, we want to know about it. **However** if it is not our error we feel and we cannot agree, we may have to pick third parties to get a further opinion. We do not intend in any way to have our auction be an approval sale.
10. We reserved the right to reject any bid of 60% of estimate or less, or any bid of less than 15% over face.
11. A 5% buyers fee will be added to the total invoiced amount of each successful bidder. Lots will be available for viewing in Iowa City, Iowa by contacting Dean Oakes, (319) 338-1144 or by writing c/o Box 1456, Iowa City, Iowa 52244, until the day before the sale closes.

## TERRITORIAL NATIONAL BANK NOTES — by Peter Huntoon

Nothing quickens the pulse of a National Bank Note buff as much as the word "Territory," "Terr," or "Ter." on a note laid before him! Territorials have always occupied an exalted place among collectors and the mystique surrounding them has routinely been translated into record sales prices. Prices realized for the really rare territorials have exceeded \$10,000. The record is \$32,000. Obviously territorial notes have a special allure - they represent fragments of history when America was young and its frontiers beckoned the restless to discovery and opportunity.

As I look from my house across the tens of miles of unobstructed vistas which comprise the Laramie Basin of Wyoming, I can imagine the hopes of the pioneers who crossed here on the Overland Trail in the 1860's. Transportation was arduous, Indians a threat, and the unknown over the next hill a constant anxiety. Yet the adventurous pressed on. They wanted opportunity and elbow room. They found both, and they also discovered a security that only successfully living on the edge can provide. The territorial Nationals created by their dreams and labors are a small but very significant monument to their passing.

A total of 606 different banks issued 5,875,338 large size territorials, and 898,890 small territorials. The face value of the large notes was \$55,341,150 and that of the small notes was \$9,315,430.

Such numbers seem impressive, but sink into insignificance when placed into perspective with the nonterritorials, or even state notes from the same locations. For example, the Bank of America in San Francisco, the largest note issuing bank in the country, distributed over \$107,000,000 in small notes in the short period of 1929 to 1935. This amount is just about double the entire territorial output between 1864 and 1935! Between 1929 and 1935, the Bank of America singlehandedly distributed 5,768,082 \$5 notes which is almost equal to the entire output of large size territorial notes between 1864 and 1929.

Although the totals for the territorial issues seem large, you must realize that most of these notes were put into circulation to replace other territorials that had worn out. Territorials remain, despite the figures, one of the rarest pursuits in numismatics. They represent a drop in the bucket, and most circulated to oblivion in the remote corners of our country.

In terms of total territorial notes issued, the First National Bank of Honolulu, Hawaii (5550) alone accounts for over 94 percent of the small size total. The remaining notes were spread thinly over the remaining 605 banks from unheard of places such as Bisbee, Arizona Territory; Pembina, Dakota Territory; Ravia, Indian Territory; of Sundance, Wyoming Territory.

On February 1, 1967, I added my first territorial to my budding collection. The note was a \$20 Red Seal on the Citizens National Bank of Almagordo, Territory of New Mexico, that grades a full XF or some would call it AU. I reached for that one, paying some \$175 for it, and it represented the culmination of my fondest numismatic dream. To say the least, I was excited. I sincerely hope that you will experience the thrill of a comparable discovery - in numismatics of elsewhere. Such luck makes life worth living!

—the Territory of Idaho issued 76,524 notes from 8 banks, of which only 4 are known to survive today.

—the Territory of Nebraska issued 152,276 notes from only 3 banks, and 5 notes are known today.

—the Territory of Washington issued 244,654 notes from 40 banks, and there are 8 notes known from 7 different banks.

—the Territory of Wyoming issued 97,848 notes from 11 banks, and 10 notes are known today from 4 banks.

—Utah Territory issued 221,208 notes of which 29 are known today from 5 of the 17 banks issuing.  
 —Montana Territory has 33 known notes from 10 of 25 banks issuing a total of 280,764 notes.  
 —Territory of Colorado issued 450,806 notes of which 54 survive from 9 different banks.  
 —Territory of New Mexico had 902,352 notes issued from 55 banks and 108 notes survive from 27 different banks.

Average survival is 1 note per 8345 notes issued. However, on Nebraska and Washington, the survival is 1 note per 30,500 notes issued.

*We asked Peter Huntoon for his comments on territorials as regards this auction and he referred us to his article in **Paper Money**, issue 109, pages 15-17. He also supplied the updated information on the above listed territories. More complete information can be found in the above mentioned article and the book mentioned below. We thank Peter for this help.*

*Peter Huntoon is the author of **A Guide to Territorial Bank Notes**, and we have the 150 page 8½"x11" size, paperbound book available with **updates**, for \$12.00 postpaid if ordered with your bid to this sale. You really owe it to your collecting interest to get a copy!!*

## INTRODUCTION

Welcome to our 31st sealed bid auction. This sale marks the beginning of our eleventh year in conducting these auctions. This sale is missing a few of the states and contains fewer notes than has been the case recently. To more than offset this, however, we have received three very significant consignments. A group of notes from the great Amon Carter collection includes several of his very best notes, notably the Lazy Two from Nebraska Territory, a ten dollar brown back from Washington Territory and the only twenty dollar 1875 note from Wyoming Territory. We also have available his Wisconsin black charter note and his Jeffries and Spinner note from Minnesota.

A second consignment of nearly twenty one dollar notes from 18 states, including several of the rarest ones, should give collectors an opportunity to add one or more of this difficult type to their collections.

The currency estate of a midwestern collector who passed away over twenty years ago has been consigned to us by Wayne Skiles. The outstanding note contained therein is the twenty dollar Red Seal note from Apalachicola, Florida. This exciting note is the first opportunity for Florida collectors to acquire a new town in many years. Second only to the Apalachicola note is a beautiful Third Charter note from Shelby, Missouri, the first ever seen by modern collectors. Numerous other previously unknown types and denominations were also included and we feel that serious collectors are sure to find notes of interest.

All of these notes, as well as many others, will be on display at the Memphis International Paper Money Convention and a special effort to view these notes is well justified.

We wish to thank the hundreds of bidders, consignors and boosters who have made the last ten years of successful sales possible. We look forward to many more. As always, we wish you all—Happy Hunting!!

John and Dean

- 13 \$1 Orig. The FNB of Pueblo, Colorado Territory (1833) VG  
Rarity 4. Territory notes of the one and two dollar denomination were issued by fewer banks and for a shorter period than fives, tens and twenties. Notes from this bank are the exception to our good fortune and we have a few notes to choose from. Trimmed close as are others we've seen from this bank. This is the first of about twenty different ones from as many states and territories we have available in this sale. An opportunity of a lifetime. This note is likely to exceed \$1000.

#### DELAWARE

- 16 \$10 1882BB The FNB of Milford E-2340 CU  
Now Rarity 3. Ex-Amon Carter collection Serial #5598C. This remarkable note is from the same sheet as lot 27 in our second auction 8 April, 1977. It was the A position note grading AU+, realized \$1098.25. The Smithsonian has the B position note from the cash room of the Treasury. We believe the note to be the finest known ten dollar brownback from the state of Delaware and as such, worthy of a bid in excess of \$1000

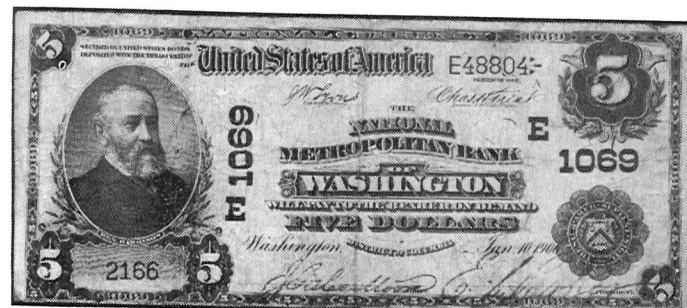

- 17 \$1 Orig. The New Castle County NB of Odessa (1281) VF  
Now Rarity 3. Another outstanding note from the Amon Carter Collection. A pink slip with the notation "All first charter Delaware are rare." is included. Brown pen signs of J.L. Gibson and C. Tatman. We know of no finer example from Delaware. Worth whatever it cost.

- 18 \$2 Orig. The New Castle County NB of Odessa 1281 VG-F  
Now Rarity 3. A lazy two with charter number and with the same signatures. An attractive, evenly circulated example of this very desirable type. This outstanding note should realize \$1000 or more

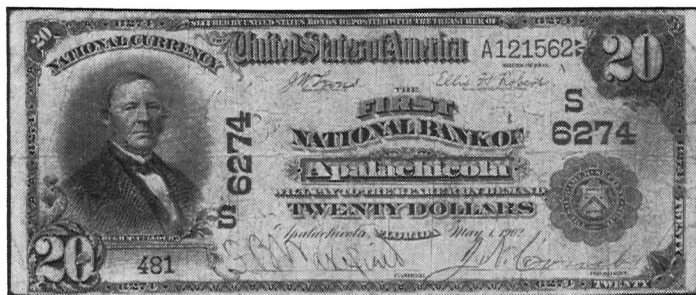

#### DISTRICT OF COLUMBIA

- 19 \$5 ,902 RS The N Metropolitan B of Washington E-1069 VG-F  
Rarity 2\*. A note new to the numismatic market place and honest and unmolested. A desirable type and denomination that should realize \$350+

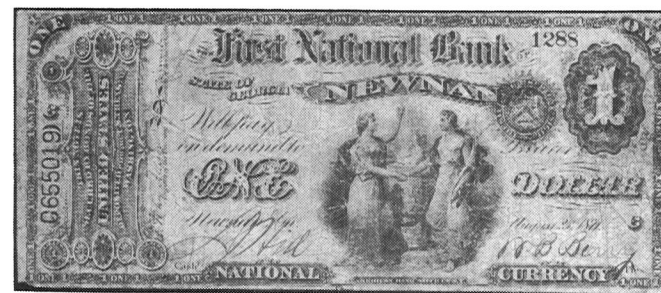

## FLORIDA

- 20 \$20\*\* 1902 RS The FNB of Apalachicola S-6274 VG  
Rarity 6. This is the most exciting note from an old time currency collection of over 200 pieces. The collector has been deceased for over twenty years, and this great note was unknown to the collecting fraternity. In fact, this is only the second note known from this bank which bowed out in 1911. The Florida Census was published in the December, 1985 issue of the "Bank Note Reporter." The survival of twenty red seals has been verified, 4 fives, 8 tens, 7 twenties and 1 hundred. This note increased the total to 21 notes, all closely held. The First National Bank of Apalachicola was organized by J.N. Coombs, a wealthy lumberman. His pen signed signature along with that of cashier F.B. Wakefield appears on this note in brown ink. Outside of a few pinholes, this note is absolutely unmolested and unimpaired. It's the most exciting Florida note we've handled since we offered the finest known first charter five in our first auction in 1976. We are confident that it will realize an important price, likely to exceed \$2500
- 22 \$20 1902 The FNB of Deland 9657 CU  
Now Rarity 3. Cut close at bottom, possibly 1/32" or less into design with a slight sliver of note above at top. Large size Florida notes in this grade have been virtually unobtainable in the past.  
(SEE PHOTO PAGE 35) Likely to well exceed \$550
- 23 \$20 1902 The Ocala National Bank S-9926 AU  
Rarity 3. Another high quality Florida note sure to please. Nicier than the one in our March 1984 sale which realized \$400

## GEORGIA

- 24 \$10\*\* 1929II The First National Bank of Dalton 3907 VG  
Rarity 5. A very scarce note in popular type two from the world's Chinelle bedspread capitol, north of Atlanta. Grade lowered for discoloration at bottom and paper pull on back. Still worth a bid of \$100 or more
- 25 \$1 Orig. The First National Bank of Newnan (1861) VG  
Rarity 3. A note of exceptional merit. Only five Georgia banks issued one dollar notes for a total issue of 33,180 notes. This is the Amon Carter Collection note, and is one of only two known from the state

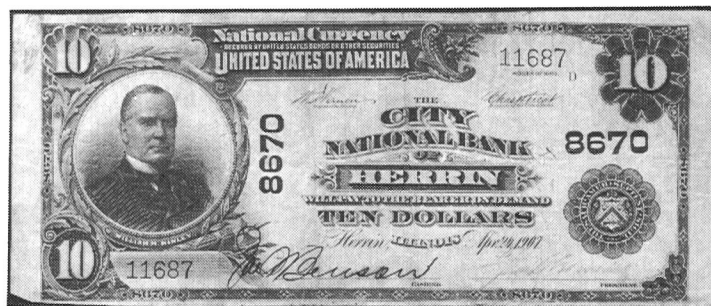

of Georgia. An honest note without impairments, evenly circulated and with prime brown pen signs of L.J. Hill and W.B. Berry. We feel that this is one of the most exciting lots in this sale and will realize a significant amount.

## ILLINOIS

- 26 \$20 1902 RS The First National Bank of Albion M-8429 VG+  
Rarity 4. We had seen nothing but plain back fives from this bank until this nice red seal surfaced from the Wayne Skiles "Apalachicola" collection. Nice brown pen signs of George O. Green a and John G. Stewart. This is a note you'll like. Est. \$250+
- 27 \$5 1929 The First National Bank of Berwyn 12426 G  
Rarity 5. Four small notes from this small Cook County community hardly seem enough to go around. Here's a well circulated example until a better one comes along. Est. \$75+
- 28 \$5\* 1902 The First National Bank of Breese 9893 VG  
Now rarity 5 with this nice five from the "Apalachicola" collection. This note rounds out a set of a five, a ten and a twenty now known from this small south west central Illinois community. B.A. Niemeyer and Ferd Krebs sigs. A dandy town name and a rare Illinois note that should equal bids of \$200 or more
- 29 \$10\*\*\* 1929II The Brookport National Bank 6713 AG to F  
Rarity 4. A four note uncut sheet. Serial numbers A000001, 2, 3, 4. The top note is discolored at upper right and the bottom note is frayed at the bottom. All are darker than normal from exposure to air. The two center notes easily grade fine, number 3 being the nicest. This sheet is a good candidate for surgery and should be worth a bid in the range of \$200
- 30 \$20 1902 The Albany Park NB of Chicago 11737 F  
Now rarity 4. This nice note has the best signatures we've seen on notes from this bank; Frank Camp and Murray MacLeod  
Est. \$75 or more
- 31 \$5 1902 Alliance National Bank of Chicago 12001 G-VG  
Rarity 4. Mr. Donlon would call this note a "filler."  
Bid your pleasure.

- 32 \$10 1902RS The Commercial NB of Chicago M-713 A-VF  
Rarity 3. This nice note was probably saved from redemption by the four pin holes in the portrait. A nice red seal dresses up any collection. Est. \$150+
- 33 \$20\*\* 1902DTS The First National Bank of Chicago M-2670 F  
Rarity 2. A rare denomination from a common bank. Est: \$50

- 36 \$10 1929 Straus NB & Trust Co. of Chicago 13216 F  
Now rarity 4 and still scarce enough for a bid of \$50 or more.
- 37 \$5 1929T2 First National Bank of Cicero 11662 XF  
Rarity 5. A superior specimen from "Al Capone" country Est. \$75+
- 38 \$20\*\*.\* 1902 The First National Bank of Dundee M-5638 AVF  
Rarity 5. We only know of one other third charter note from this bank, a ten dollar plain back. An 1882 brown back, date back and value back, all fives, have appeared in our auctions. Sigs of Wm. L. Graening and Chas. G. Rowe. Better Illinois notes have been bringing fancy prices. This one will probably exceed \$250
- 39 \$20 1902 First National Bank of Dwight 8044 F  
Rarity 6. The immense popularity of rare Illinois notes makes this note a winner. Impossible to estimate but lesser notes have sold over \$500.

- 40 \$10 1902 The City National Bank of Herrin 8670 F  
Rarity 6. A recently surfaced and important Illinois note, the first large size observed from this bank. A nice unmolested and unimpaired note with pen signature of J.P. Benson and John Alexander stamped in purple. Important enough to exceed \$250

Rarity 2. A pen signed and attractive note with no impairments. Fortunately for us all, a few of these were saved. Est: about \$75

- 43 \$2 Orig. The First National Bank of Lincoln 2126 CU  
Now rarity 1. Variety with charter number. A note long popular with collectors. Cut a bit close at upper left but clear of the design. Nice pen sigs of H.B. Schuler and J.D. Gillett. This note is from the personal collection of Amon Carter. A Lazy Two of this quality is worth \$1500 or more
- 44 \$10\*\* 1929II The Union National Bank of Macomb 1872 VG  
Rarity 4. The Macomb Coin Club was looking for one of these years ago. This note should be worth about \$35
- 45 \$10\*\* 1902 The City N.B. of Murphysboro M-4804 CU  
Rarity 4. From Jackson County seat in southwest Illinois. An exceptionally vivid note. Signatures are somewhat faint. Fresh and crisp. Est: \$200

Now rarity 4. From the Wayne Skiles "Apalachicola" collection. The first one of these to surface after Louis Van Belkum's book came out in the 1960's was a sensation. His book showed "none" outstanding. There are now five CU tens and a fine twenty verified. Serial number run indicates the high probability of a couple more survivors. Still not enough to make up for the general poor quality of Louisiana notes. This beautiful note should well exceed \$500

- 95 \$1 Orig. The Union Bank of New Orleans 1796 VG

## MICHIGAN

- 112 \$20 1875 The Home National Bank of East Saginaw 2761 VF  
Rarity 6. A significant note from the Wayne Skiles "Apalachicola" collection. We believe this note is lot 1835 in the Grinnell sale. This bank was one of the last half dozen chartered to issue First Charter notes. As mentioned in the Grinnell catalog, this note is dated October 3, 1892, over ten years after the bank was chartered. Since the bank bowed out in June, 1896, tens and twenties were placed in circulation for less than four years. We've seen one other note from this bank, an 1875 five dated July 20, 1882. All East Saginaw notes are rare, even with five banks we can account for only seven or possibly eight notes. A bright, carefully handled note that should realize in the range of \$1000
- 113 \$50 1929 Grand Rapids National Bank 3293 F-VF  
Rarity 3. Serial number E000015A. One of four we've recorded. Est: \$75+

Rarity 3. Cut close at bottom, barely into design. Duplicate serial number variety. Est: \$25+

Nice brown pen signatures of bank officers, Thomas S. Buckham and T.B. Clement. Rare and desirable and should exceed \$1000
- 119 \$20\*\*-1902 The First National Bank of Grand Rapids M-6563 VG-F

Rarity 1. Evenly circulated and would be Fine except for a rust stain near the feet of Franklin and boy at left. Est: \$75+

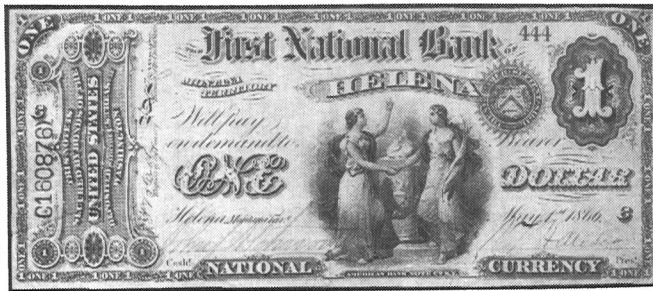

# NEBRASKA

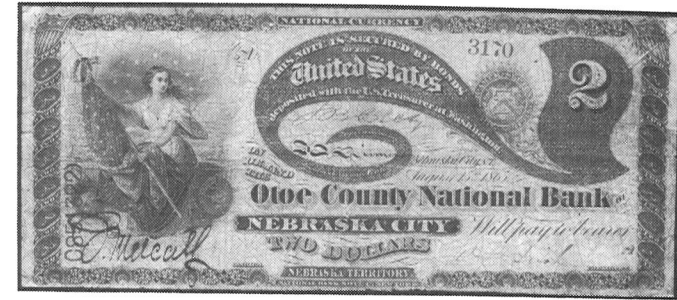

- 124 \$10 1902DTS The Shelbina National Bank M-9137 VF-XF  
Rarity 6. Next to the Apalachicola, Florida note, this is the most exciting note in the Wayne Skiles consignment. With two short-lived national banks, (less than 3 1/2 years and 5 years respectively) closed since 1874 and 1913, little hope was held out for a Shelbina note. Thanks to this old time collection, we not only have a Shelbina note, we have one in exceptional condition, beautifully pen signed by O.J. Lloyd and J.H. Wood. This note is a real prize and is worth whatever it costs, which will likely be in the \$1000 range

## MONTANA

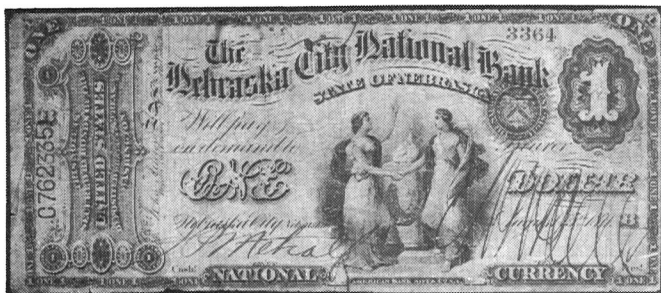

- 125 \$1 Orig. The First N.B. of Helena, Montana Terr. (1649) F+  
Rarity 4. This note is lot 2861 in the great Grinnell sale, described "few patches where note was severed." For many years it was in Amon Carter's collection. Later, it was owned by Monte Sherwin and Milt Sloan. It was then expertly repaired and is extremely difficult to detect. It makes a very attractive appearance. This is the lowest serial number of the notes known from this bank, and is, of course, from Montana's capital city. It has brown pen signatures of John S. Atchison and S.T. Hanson. A worthy companion to the other ones and territorials offered in this sale, we believe this note will exceed \$3500

- 127 \$2 Orig. The Otoe County NB of Nebraska City, Nebraska Territory (1417) VG  
Rarity 5. For over twenty years it has been a dream of ours to handle a territorial note from our neighboring state of Nebraska. We can now offer a note I have long admired. Amon Carter missed the ANA conventions at Miami and San Diego in 1967 and 1968. Before the Philadelphia convention in 1969, he called and asked me to send him the dates for some old Hickman & Waters lists. In those days we only numbered our lists. He wanted to use them as a price guide. I told him how flattered I was and also expressed my surprise that he needed help in pricing notes. I also asked him to bring any Nebraska notes he might have for sale, as I was helping Gerome Walton with his great Nebraska project. He not only brought some great Nebraska notes along which I obtained for Walton, but he also brought this Lazy Two for me to see. Collectors only knew of two notes in those days, and this note was the rarest of the known territorial notes. A value was never mentioned since he would not have considered offering it for sale. I wish now that I had asked more about the source of this note. Amon had started a collection of Lazy Twos and had about 95 or so at one point, probably the largest collection ever, this note being the keystone of the arch of the whole group. This note has an expertly repaired upper right corner that is barely discernable and legible brown pen signatures of J. Metcalf and T. Ashton. It remains today a note of exceptional merit and importance. The new owner will possess not only a note, but a legend. We anticipate bids in the range of \$15,000

## NEW MEXICO

- 150 \$10 1875 The First NB of Albuquerque, Terr. of NM 2614 VG-F  
Rarity 3. Here's a note of considerable merit. Pen signed by A.A. Keen & M.W. Fournery Vice. Unmolested and evenly circulated with much claim to a full Fine grade. This note was offered in our 29th sale as lot 850 and was a victim of "computer confusion" in which the bids were garbled. Being a floor auction, we could not just take the high mail bid. The note is again offered here; it's here to sell and we expect it to go in the area of \$1000-\$1500

## WASHINGTON

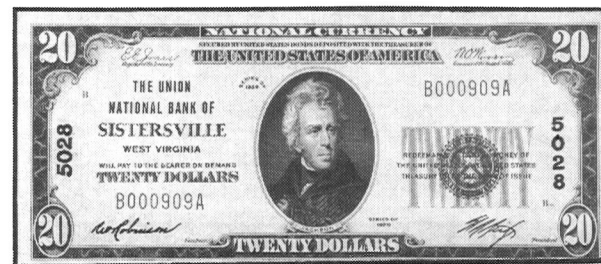

- 265 \$10 1882BB The FNB of Colfax, Terr. of Washington 3076 AVF  
Rarity 6. A glance at Peter Huntoon's chart of surviving territorial notes will reveal the unique status of Washington in relation to the other territories. First, it has the lowest percentage of reported banks, and second, the survival per number of notes issued is the lowest of the territories. We know of a single series 1875 five, 5 fives, one ten, and one twenty dollar in brown backs. The FNB of Colfax issued only 3,320 tens and twenties with the territorial designation, this note being the sole survivor. This great note is the Amon Carter collection note and is one of the top three in condition. Aside from Alaska, Washington is the third rarest of the territories, with one of the known eight notes in "worn but legible" condition and another in three pieces. We therefore believe this problem-free note to be of truly exceptional merit and to be among the most desirable of all national bank notes. We predict a realization in the range of \$15,000—\$17,500

Rarity 4. Not a real common note Est: \$35

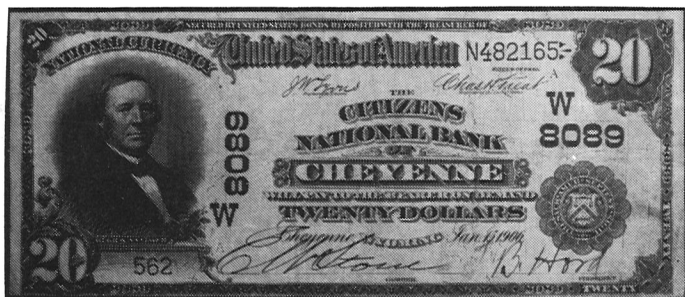

- 275 \$5\*\* 1875 The Kellogg NB of Green Bay 2132 AVF  
Rarity 3. In 1980 we had the honor of offering the only other Wisconsin black charter note known. It realized \$10,000. While this note is not in the superb condition that the 1980 specimen was, it is nonetheless a very important and exciting note. This is the Grinnell pedigree note, lot 1137. It was purchased by Harley Freeman and was later in the Amon Carter collection for many years. Also, unlike the other note, this one is pen signed by Rufus B. Kellogg. It's always an advantage for a private named bank note to have the signature of the founder. This rare and desirable note should realize \$3000 or more

# WYOMING

- 278 \$20 1875 The First NB of Cheyenne, WY Terr. 1800 AVF/F  
Rarity 6. The Wyoming Territory census of ten notes includes only one twenty dollar note and this is it. This note was one of Amos Carter's prize pieces and it must be counted among the outstanding territorial notes extant. This is a very pleasing note in appearance and is pen signed and problem free. A unique type of great rarity and appeal. This one is worthy of bids in the range of \$15,000-\$20,000

- 279 \$20 1902RS The Citizens National Bank of Cheyenne W-8089 F  
Rarity 4. Red seal census for Wyoming stands at 12 notes, four of which remain uncut. This note, one of the half dozen twenties, is the only red seal survivor from this bank. From the Amos Carter collection.

### U.S. COIN NOTES of 1890 and 1891

This is the most complete selection of COIN NOTES we have offered in our 30 sales, a good selection of grades and types.

- 387 Fr. 347 \$1 1890 Fine. A couple of heavy folds, but a respectable note worth \$125
- 388 Fr. 350 \$1 1891 Crisp Unc, well centered, bright and fresh. A note like this brought \$1300 at a Memphis sale a few years back. Now you can look at \$300
- 389 Fr. 351 \$1 1891 Crisp Unc like above note, well centered. Just a touch of corner handling noted on bottom corners. Est: \$300

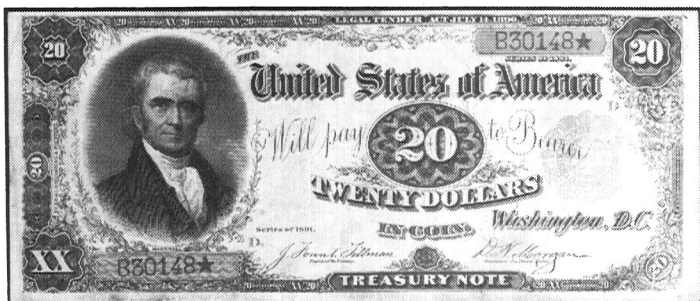

- 390 Fr. 353 \$2 1890 XF. Large brown seal series. A little handling is noted and note has been pressed out to hide the 3 folds so commonly seen on these large bills. A popular and scarce type. This series is noted for the lathe turning designed backs and this is no exception. We anticipate active bidding on this lot at \$500-\$600
- 391 Fr. 357 \$2 1891 XF. A very desirable note with square corners and nothing to hide. Est: \$200-\$250
- 392 Fr. 357 \$2 1891 Crisp Unc, well centered. I don't know of any fault you could find with this two. Est: \$450-\$500
- 393 Fr. 361 \$5 1890 XF-AU. Two almost undetected folds and a close top margin are normal for this grade. Note should realize \$500
- 394 Fr. 363 \$5 1891 AXF. Three folds on this note that was graded Unc-\$25. A couple of pin head rust spots at the very edge of top margin noted only for those who can't see the note. Bidding should settle at \$175-\$200
- 395 Fr. 364 \$5 1891 Unc, crisp and bright. Most of the new notes of this number come in this serial number range, so a pack or two was split up years ago. Should easily bring \$550-\$600

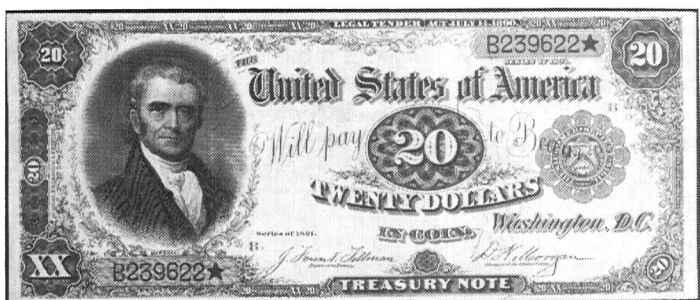

- 396 Fr. 368 \$10 1890 Crisp Unc. A little smudge noticed at top right from counting, and a soft top right corner noted on this lovely note. Well worth \$1500

- 397 Fr. 375 \$20 1891 Fine. Seal color half washed away by attempts to improve counting stains at right end. The note has a few brownish tints along top middle and lower left borders. A very scarce note. Est: \$750

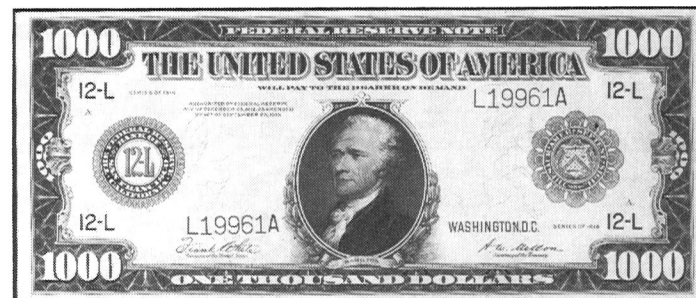

- 398 Fr. 375 \$20 1891 VF and very scarce. A very popular grade on a very scarce type is sure to bring a lot of bidding. Two pin holes are noted, but no detractions overall. Could easily bring \$1750

\$500 and \$1000, both on San Francisco:

- 404 Fr. 1132L \$500 1914 XF-AU. Note has had quite a bit of counting smudges removed and has been pressed to cover up a fold. There is good body and detail and it should sell for close to \$2000

- 405 Fr. 1133L \$1000 1914 AU, Crispy, bright and rare. This note is the second note known with the White-Mellon signatures. This note should have no trouble bringing \$3000  
 406 Fr. 1173 1922 and Fr. 1184 1906 \$10 & \$20 Gold notes, both VG-F, the \$20 with the scarce Thompson signature. Two pcs. Est: \$75  
 407 Fr. 1173 \$10 1922 Gold note, Fine, and Fr. 1178 \$20 Gold, AU. Two pcs. Est: \$150+  
 408 Fr. 1173 \$10 1922 Gold note, Unc, crispy, with light handling noted at corners. Est: \$100  
 409 Fr. 1187 \$20 1922 Gold, Fine and Fr. 40 \$1 1923 VG. Two pcs. Est: \$60

- 410 Fr. 1177 \$20 1882 Gold note, VF, with large brown seal, one of the beautiful designs and colors of gold notes. Face of note looks Unc. The folds are hardly noticeable on the reverse, but they are there. A note hard to estimate, but surely worth over \$1000  
 411 Fr. 1180 \$20 Gold 1905 AU Red Seal. Again, a most attractive gold note. One faint middle fold on this bright, crispy, hardly used note. Est: \$1250-\$1500  
 412 Fr. 1185 \$20 Gold 1906 AU. Light center fold on this crispy, bright note. A popular type and worth over \$250  
 413 Fr. 1185 \$20 Gold 1906 Unc. Crispy with a top right corner fold away from CU. Should sell for close to \$400  
 414 Fr. 1187 \$20 Gold 1922 Star note, About Fine. A little dirty, but only about 40 are known with this note. Catalog value is \$180 and I expect prices to be near \$150  
 415 Fr. 1215 \$100 Gold 1922 VF. A very attractive note that should sell for very close to \$200

31st MAIL BID AUCTION - June 25, 1986

We have now completed our 31st sale and the prices realized are on this sheet. If you are interested in the trends, we proved that there is a good strong market in several areas, especially territorials. A new buyer emerged and walked away with Lot 127 Nebraska Territory, Lot 165 Wyoming Territory, and Lot 178 Washington Territorial notes paying \$50,000+ for the three notes.

We also saw a one-only-known 3rd charter blue seal note in AXF on Shelbina, MO bring \$2500.00, a record price for this type note from Missouri.

We were thrilled and happy to be able once again to get such a good group of collectors bidding and to find homes for another significant group of the Amon Carter notes.

Our next sale - a public sale to be held in St. Louis with Retail Currency Dealers Assoc., Nov. 13-15, 1986, is promising to be a big sale and one for which we may have to limit consignments. We have a 1000 lot limit on this floor sale so please let us know if you have notes to consign. Please call or send a list or send us the notes for our comments -- but we need the lots by Sept. 1.

Your bids make our sales, so thanks again.

Dean and John
