TERMS AND CONDITIONS OF SALE

1. This is a public auction and mail bid sale held by licensed auctioneers. All lots are sold to the highest bidder without reserve. There are no restrictions on who may bid in the auction, but the auctioneer reserves the right, at his sole discretion, to refuse any bid from anyone.
2. The highest bidder acknowledged by the auctioneer shall be the buyer. In the event of any dispute between bidders, the auctioneer may, at his sole discretion, put the lot up for sale again. The auctioneer's decision shall be final and binding upon all bidders.
3. All bids are to be per lot as numbered in this catalog.
4. No lots can be broken.
5. All sales are strictly for cash in United States funds, and are due and payable immediately upon receipt of the auction invoice and /or notes. Lots delivered in the state the auction is held are subject to all applicable state and local taxes, unless appropriate permits are on file with us. Shipping, handling and insurance charges will be added to invoices shipped by mail. Overseas buyers must furnish their own insurance during shipment.
6. The auctioneer reserves the right to require full payment before delivery of the material. Bidder personally guarantees payment and if a corporation, officer or principal in the corporation agrees to personally guarantee payment. It is the responsibility of the buyer to provide adequate insurance coverage for the notes once they are in his possession. Risk of loss shall be borne by the buyer following shipment of the notes.
7. The auctioneer reserves the right to refuse to honor any bid which, in his opinion, is not submitted in good faith, or may not be supported by satisfactory references, as he in his sole discretion shall determine. Auctioneer may refuse any bid not commensurate with the value of the lot.
8. No buy or unlimited bids will be accepted. When there are mail bidders for a lot, the bid is submitted to the auctioneer acting on behalf of the highest mail bidder, opening bidding to the floor at an advance of from five to ten percent over the second highest bid. In the case of a single or no mail bidder on a lot, the opening bid shall be at the sole discretion of the auctioneer.
9. The auctioneer shall not be responsible for errors in mail bidding. When identical mail bids are submitted, preference goes to the first one received.
10. Bids submitted by persons under 18 years of age will not be accepted.
11. All notes are guaranteed genuine. Successful bidders may request certification as to the authenticity of any lot. Auctioneer, at bidder's expense will forward the lot to a recognized authority for certification. Bidder must notify auctioneer of his intention to have a lot certified prior to taking possession of it. The auction is not an approval service, and all sales are to be considered final. All lots are available for viewing before the auction.
12. Grading is intended to follow normal standards with a conservative approach. However grading cannot be considered a precise science, and opinions may differ from individual to individual. We guarantee our professional best efforts to properly grade and describe all lots in this auction. We place our reputation and twenty five years experience on the line with every lot.
13. All sales to the floor are final with no returns. All invoices are scheduled to be mailed to the mail bidders within 72 hours of the auction, and payment must be made within five (5) days of receipt of the invoice. It is the responsibility of the bidder by mail to assure such payment or provide alternative arrangements in the event of circumstances which could cause a delay. Mail bidders will have five (5) days after receipt of the material to return any lots misgraded or misdescribed. Lots must be returned intact in the original holder unmolested. No lot may be returned for any reason after thirty days from the sale date.
14. We intend treating our clients as we ourselves would be treated. Any dispute that may arise can be resolved by reasonable negotiation. We want to be fair.
15. A 5% buyers fee will be added to the total invoiced amount.

BIDDING BY MAIL

Each lot is sold to the highest bidder. Every lot is unique and exists at the time of the sale, unless announced to be withdrawn prior to the actual sale. There are no back up or extra lots.

In bidding by mail, it is possible to purchase a note at a price less than your maximum bid. You should consider your bids in this auction to be your limit rather than your bid.

With a floor sale scheduled, bids are recorded as they are received. At the close of the mail bidding, the highest and second highest bids are transferred to the bid book. On the floor of the auction, the bidding is opened at a five to ten percent advance over the second highest mail bid. This bid is submitted on behalf of the highest mail bidder. If the auctioneer recognizes no other bids from the floor, the highest mail bidder is awarded the lot at the opening bid regardless of the fact that his bid may be much higher. If the bidding proceeds from the floor, the auctioneer, acting as the mail bidder's agent, registers bids in standard increments over the previous bid. This process is continued until the mail bidder is awarded the lot, or until the next bid is higher than the mail bidder's maximum bid. For example: The highest mail bidder submits a bid of \$500.00; the second highest bid is \$300.00. In this case, bidding on the floor starts at \$325.00 and is bid by the auctioneer on behalf of the highest mail bidder. If no other bids are submitted by the floor, the highest mail bidder, who bid \$500.00, has purchased the lot for \$325.00. If other bids come from the floor, the auctioneer bids for the highest mail bidder in standard increments until the mail bidder's maximum bid of \$500.00 is reached. When or if the bidding from the floor has passed the mail bidder's maximum, the auctioneer will take no further action on behalf of the mail bidder, and the bidding will continue on the floor until the final purchaser has been recognized by the auctioneer. Using this procedure, the mail bidder retains many of the advantages of the floor bidder.

RARITY

The rarity ratings are based on the known notes in either large or small size series notes. This project began over twenty five years ago and has been contributed to by over 350 individuals and institutions. Approximately 125,000 notes have been recorded. The rarities are constantly changing as new notes are added to the census. This is an ongoing project and we appreciate the help we continue to receive. We all benefit from accuracy. The rarity scale is as follows:

- R6 None, one or two notes known to us.
- R5 Three, four or five notes known to us.
- R4 Six to eleven notes known to us.
- R3 Twelve to twenty four notes known to us.
- R2 Twenty five to fifty notes known to us.
- R1 Over fifty notes known to us.

Philip Krakover was one of the movers and shakers of Los Angeles. A graduate of U.S.C., he worked in engineering and city planning for the city until he organized his own land planning and zoning consulting firm in 1964.

In eight years he single handedly processed or had a hand in over 3,400 planning, zoning, or land division projects.

In 1971, he became a founding partner in Engineering Technology, Inc., which grew to annual sales of over five million dollars and a staff of over 80 employees. Mr Krakover became well known for his willingness to undertake projects of great difficulty and immensity.

This trait carried over into his collecting activities. With great tenacity and resourcefulness he undertook the collection of National Bank Notes. Amazingly, he was able to acquire the largest and finest collection of California notes ever assembled in a little over four years. His premature death at 51 robbed his family of a husband and father, his community of one of its dynamic leaders, and our hobby of a very valuable and significant member.

His collection is testimony of his remarkable achievement. We are honored to have been chosen to offer it for sale.

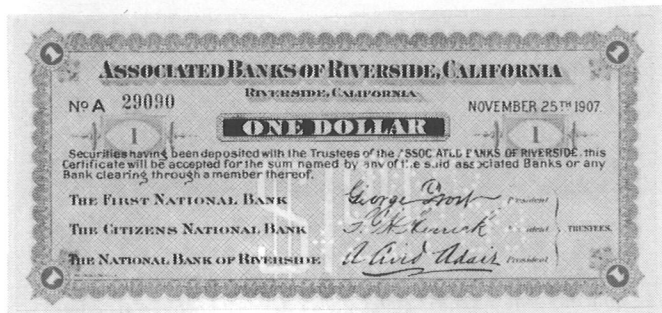

Introduction

Welcome to the first Hickman auction of the 1990s. I am extremely proud to begin our new venture with such a distinguished collection as the Philip Krakover collection of California national bank notes. Although I met him at Memphis, I knew Mr. Krakover mainly through his participation in the H & O auctions, and by his reputation as the leading buyer of California nationals. His activity was such that Charles Colver, one of his principal competitors, dubbed him the "Vacuum Cleaner" because he was sucking up all the available notes in the state. This was a term that Mr. Krakover got a great kick out of. Whatever one may think of the prices he paid for the notes he purchased, there's no denying that his purchases represent transactions that took place in the real world. Catalogs that list values of notes in various grades or premiums are interesting as a reference but quite often the notes do not exist in the listed grades and even when they do, they are not often available. Cataloging his collection has been a rewarding endeavor. Because of the generosity of Mrs. Ann Krakover we are permitted to reveal the prices paid for the vast majority of the notes. Those without the prices were possibly transactions involving trades or other considerations than financial. The census referred to in this catalog was compiled by W. K. Raymond of Fresno with the cooperation of the vast majority of collectors and dealers of California notes, myself included. This compilation of the known notes has undergone several revisions and is now as complete as any similar project in the country. Owners of notes not in the census are invited to participate. A clear photo copy sent to Mr. Raymond at 660 East Carmen Avenue, Fresno 93728 is the best way to add new notes to the census. The bank titles and rarities along with the data are from the Standard Catalog of National Bank Notes published by Krause Publications. In the case of the national gold banks represented in this auction, and in a couple of other cases where it is meaningful, the complete data is included. We had originally intended including the complete data on every bank represented in this collection but the space requirements would have made it impractical. This book, commonly referred to as H & O, is currently being revised with a second edition scheduled for publication this year. Participants in this auction have the opportunity to contribute to the establishment of new catalog values. Thanks to the generosity of Cliff Mishler this data was made available for inclusion in this catalog. Bidders in this auction will enjoy benefits Philip Krakover never had. He wanted to collect California notes and he was pretty much boxed in to take it or leave it situation at the tender mercies of the owner of the notes. Also he was able to select from a limited number of notes at a time. Bidders in this auction will be able to select from the entire collection and for competition they will have only the other bidders. It is my hope that this catalog will give the collector of national bank notes more useful information that will be helpful to him in reaching a decision than any previous auction catalog. How well we have succeeded is a matter for you, the buyer to decide. You will have the information to use or not use as you see fit. The serial number of every note is with the lot for future provenance.

On a personal note this auction has been a family project for me and my three sons. Rick, the oldest, with a background in banking and finance has seen to the design of our new logo, the printing of our letterheads ect, our banking and photography ect. Matt, the second son, with a background in computer programing, and Kevin the youngest, a computer systems analyst have together selected the computer and laser printer and the software used to prepare this catalog, handle the requests for catalogs and settle the sale. They have greatly assisted their almost computer illiterate father in the forming of this catalog and through several trial runs to work out the bugs and kinks that seem to be part of a project of this kind. Those of you who are parents will understand how pleased and proud I am to have my sons associated with me in a project that has been such a large and important part of my life. As in the previous thirty eight auction catalogs I have been involved in. I hope that you will find notes that will enhance your collection, gladden your heart, and leave your purse relatively intact. I wish you all, Happy Hunting!

Lot 124 \$5.00 '02 Dates XF
 #1-D This is a note of exceptional merit and desirability. For starters, its the bottom note from the first sheet. It's in beautifully preserved condition, and it has two handsome pen signatures of Paul E. Mertz and W. E. Booker. Another note from the first sheet is reported, but no others from the entire county. A snapshot taken in 1934 of the main street of Jamestown plainly shows the board sidewalks and the corner frame building where the bank was located. Another snapshot shows the bank's cashier and his wife with a friend on their front porch. These two items are included with this lot. Its not surprising that Philip Krakover paid a hefty \$2800.00 for this great note. Trophy notes of this caliber are worth whatever they cost.

Lot 148 20.00 '02 Poor
#2906-A This may be the worst Long Beach note extant. It is certainly one of the rarest. We know of only two specimens in large size that are known to exist, and there is little hope for more. Phil Krakover paid \$155.00 for it.

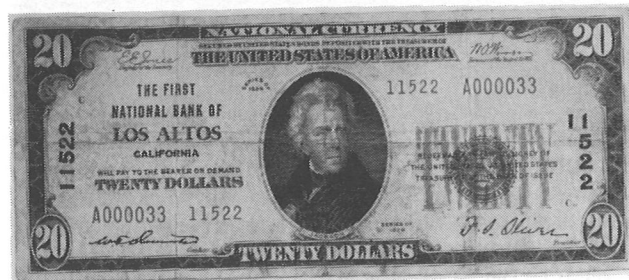

Lot 149 \$20.00 '29 F
#D000126A Four twenties and a five recorded, this note is probably the second best in the group. Cost \$200.00.

#1589-A Yet another "zombie", but one of only five large size notes known. There are three twenties and two tens. This note was purchased @ \$65.00 until a better specimen could be obtained.

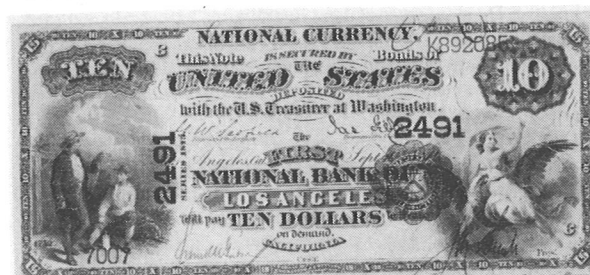

Lot 151 \$10.00 '29 VG
#F000573A Four of these tens are known in type one, and one in type two. With the single twenty that follows this lot, this collection offers a third of the known small size Los Altos notes in two lots. This note cost \$350.00.

LOS ANGELES- 18 banks, 27 titles- L A County

2491 THE FIRST NATIONAL BANK OF LOS ANGELES (1L)
Chartered in September 1880; succeeded the Commercial Bank. Assumed #5993 by consolidation on October 7, 1905. Assumed #2938 by consolidation on October 21, 1905. Assumed The Pacific-Southwest Trust & Savings Bank of Los Angeles by consolidation on September 1, 1927 with a change in title to Los Angeles-F N Trust & Savings Bank, L A.

Lot 153 \$10.00 1875 F
#7007-C Fr 419 First charter California notes are all very rare. The Krakover collection contains four specimens including this superior specimen and the next lot. This note is exceptionally bright and clean for its grade, and is superior to many notes assigned a higher condition. We really like the beautiful brown pen signatures of Frank A. Gibson and J. M. Elliott on this note. Philip Krakover liked it well enough to pay \$3500.00 to own it. We suggest to candidates for this and similar material in this sale, bid all you are willing to pay. If you are successful you can enjoy owning the note. If you're unsuccessful you will feel better knowing that you gave it your best shot.

We appreciate your bid

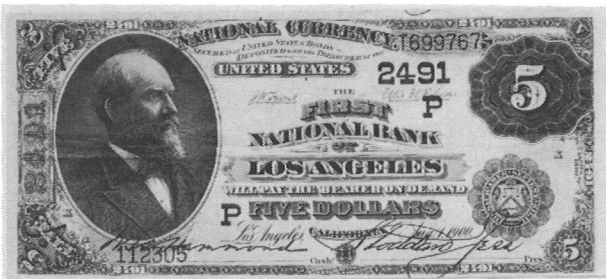

Lot 154 \$10.00 '1875 VG
#8436-A Fr 419 This is a duplicate of the last lot with more evidence of circulation and with very faint bank signatures. Mr. Krakover apparently purchased this note first since his cost is listed @ \$4035.00 which is more than he paid for lot 153. There are four of these known in addition to the two available in this sale. Two twenty dollar notes are known to exist making the total Los Angeles first charter population eight notes. There may be a long wait for the next one to become available.

Lot 155 \$10.00 '82 Brown back G
#27529-A Nine brown back notes are known making them only one note more available than the first charter notes from this bank. This is the only one Mr. Krakover was able to obtain and he got it for \$100.00. A nick in the top border and a small wedge shaped hole below the treasury serial number lower the grade from VG to G. Still worthy of your consideration.

Lot 156 \$5.00 '82 dates XF
#17940-E There are seven of these five dollar '82 date backs recorded. This note and one other are rated as XF, the others are good and very good. Philip Krakover paid \$305.00 for this one.

Lot 157 \$10.00 '82 dates VG-F
#27427-E This note was purchased by Philip Krakover in the H & O October 1984 sale where it was lot 250 realizing \$146.00. There are eight of these in the census.

Lot 158 \$20.00 '82 dates VG
#16575-B This note came out of the same north west Iowa cash hoard as the Colusa note some years earlier. We have lowered the grade on this otherwise higher grade note for the poor cut with over a sixteenth of an inch into the design of the note above with the same missing at the bottom, plus evidence of foxing on the back. The paper has much remaining crispness and the note is bright and clean. There are eight of these recorded. Mr. Krakover paid \$175.00.

Lot 159 \$5.00 '82 valueback F-VF
#112305-K Ten of these are recorded, the highest grade being VF+. This note is no worse than the second or third best known. Mr. Krakover paid \$400.00. We like it too.

Lot 160 \$10.00 '82 value back VG
#70018-E Just four of these recorded and the best one is only fine. This one is poorly cut, into the design of the note above and with a very close cut at the bottom. Cost \$150.00.

Lot 161 \$10.00 '82 value back VG
#66848-E This is not as nice a very good as the last lot but it's as rare and only cost \$71.50.

Lot 162 \$10.00 '02 CU
#139763-K There are twenty three of these in the census but this is the only crisp uncirculated note in the group. The next best note grades XF and they go down fast from there. Mr. Krakover paid \$265.00 for this finest known ten.

Lot 163 \$10.00 '02 VG+
#125071-J This note is more typical of third charter notes that survived from this bank and cost \$26.00.

Lot 164 \$20.00 '02 XF-AU
#76774-C These twenties are more plentiful and in better state of preservation than the tens. This note, which cost \$200.00, is very gently handled and has only a close cut at the top to impair it.

Lot 165 \$20.00 '02 VG
#59231-B This note shows little evidence of circulation but has apparently been exposed to light or heat and has an amber cast. Cost \$60.00.

2491 LOS ANGELES-FIRST N TRUST & SAVINGS (2L)
Succeeded The First National Bank of Los Angeles on Sept. 1, 1927. Assumed the Security Trust & Savings Bank, Los Angeles by consolidation on March 30, 1929 with a change in title to the Security-First National Bank of Los Angeles.

Lot 166 \$10.00 '02 VG
#21168-A The second title adopted in 1927 and used for about two and a half years accounts for an even dozen tens including this one which cost \$40.00.

Lot 167 \$20.00 '02 VG+
#5080-A Seven of these are accounted for. This one cost \$140.00.

Lot 168 \$50.00 '02 XF
#2046-C This note is so nice it was advertised as uncirculated and Mr. Krakover paid \$750.00 for it. Of the six specimens known, this note is no worse than second best.

Lot 169 \$100.00 '02 VG
#754-A Philip Krakover paid \$400.00 for this rare denomination, one of only two known with this title. Less than five percent of the banks issued fifty and hundred dollar notes.

2491 SECURITY-FIRST N B OF LOS ANGELES (1S)
Succeeded Los Angeles-First National Trust & Savings Bank, Los Angeles on March 30, 1929. Absorbed #11850 on January 8, 1934.

Lot 170 \$5.00 '29 F
#E028155A Twenty three of these recorded. This one cost \$24.00.

Lot 171 \$5.00 '29 type two CU
#A215927 Eight of these are known just two of which are crisp uncirculated. This note, which cost \$33.00, and the note that follows.

Lot 172 \$5.00 '29 type two CU
#A319539 This is an exact duplicate of the last lot but it cost \$75.00.

Lot 173 \$5.00 '29 type two F
#A294895 This more affordable note cost \$18.00.

Lot 174 \$10.00 '29 AU
#A003742A About 53 of these with a probable ten or less in new or AU condition. \$33.00 was paid for this note.

Lot 175 \$10.00 '29 type two VF
A012618 This bright, fresh note cost \$35.00.

Lot 176 \$20.00 '29 type two VF
#A019990 A nice match, cost \$45.00.

Lot 177 \$50.00 '29 AU
F002638A We count twenty one of these with just two known to be new or AU. This one cost \$100.00.

Lot 178 \$100.00 '29 Gem CU
#E000662A Seventeen of these hundreds survive, mostly in high grade state of preservation. None can be any nicer than this flawless gem. This note represents one of Mr. Krakover's great bargains @ \$160.00.

Lot 179 \$10.00 & two \$20.00 VG & F
C052518A, B032048A, E023433A, three notes, \$50.00 face for which Mr. Krakover paid \$58.30.

2938 THE LOS ANGELES NATIONAL BANK (5L)
Chartered on April 30, 1883. Placed in voluntary liquidation on October 21, 1905; capital of \$500,000. Consolidated with #2491.

Lot 180 \$10.00 '02 Red Seal F-VF
#1057-B We are conservatively grading this significant note F-VF, although it is labeled VF and is so listed in the census. We take the position that there are basically only two grades: acceptable and unacceptable. This note will surely be acceptable to all but the most difficult to satisfy. Mr Krakover paid \$1250.00 to own this note. There are just five notes known to have survived, two brown backs and three red seals. This note and the following lot are the only tens.

Lot 181 \$10.00 '02 Red Seal VG-F
#4512-B Here again we have conservatively reduced the grade. This note is closely cut at the top, just into the design at the left. It could easily be called F/VG. It cost Philip Krakover \$506.00 and was worth every penny.

3538 THE MERCHANTS N B OF LOS ANGELES (3L)
Succeeded The Southern California National Bank of Los Angeles on July 22, 1895. Assumed #4096 by consolidation on May 26, 1917; assumed its circulation. Assumed #12986 by consolidation on October 8, 1926 with a change in title to Merchants National Trust and Savings Bank of Los Angeles.

Lot 182 \$20.00 '02 Red Seal VG
#4278-A This is one of only two Red Seals we know of from this bank. They are both twenties and both are very good. This one cost \$825.00.

Lot 183 \$20.00 '02 dates XF
#11625-B This is the only dated back twenty we know of and its a beauty with vivid purple signatures and nice centering. Cost \$425.00.

Lot 184 \$10.00 '02 VF/F
#104488-K Ten of these are known to have survived. This is one of the better ones and it cost \$65.00.

Lot 185 \$20.00 '02 VF
#102115-D Seven of these in the census, none any better than this one for which \$75.00 was paid.

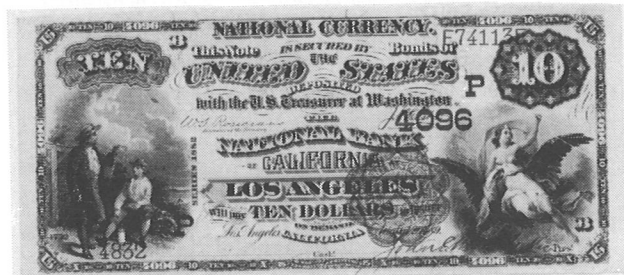

Lot 186 \$10.00 '02 VG-F
#14042-B Just six survivors with the new title in this denomination recorded. Cost this note: \$40.00.

Lot 187 \$20.00 '02 AVF

This bank ranks fifth with 8.08% of the gold bank circulation; and with 35 known notes, is slightly over represented among the total of gold bank notes.

Lot 410 \$5.00 'Original gold bank note F
#1691-B You'll like this note from California's capital and the only private name among the California gold banks. This note has excellent color, choice brown pen sigs and no problems. A specimen graded good realized \$1210.00 in the recent Superior sale. We call this note fine and invite your close inspection. Mr. Krakover liked it enough to pay \$1475 and it may have been a bargain.

Lot 413 \$10.00 '02 F
#25233-B Five of these tens are known to exist and none of them are any better than this nice specimen. Small wonder that Mr. Krakover paid \$280.00 to own it.

Chartered in June 1905 with a capital of \$200,000. Placed in voluntary liquidation on August 20, 1920; capital of \$200,000. Absorbed by the Sacramento-San Joaquin Bank of Sacramento.

Lot 414 \$5.00 '02 Red Seal AU
#5538-B Once more Philip Krakover paid the price and obtained the finest known. The only other five dollar red seal is only very good. This note is the highest grade note of any type and denomination issued by this bank. It cost \$3400.00.

Lot 415 \$20.00 '02 Red Seal VG-F
#2619-B This collection contains four of the six known notes from this bank. This note is the only twenty dollar red seal recorded and it cost \$2500.00.

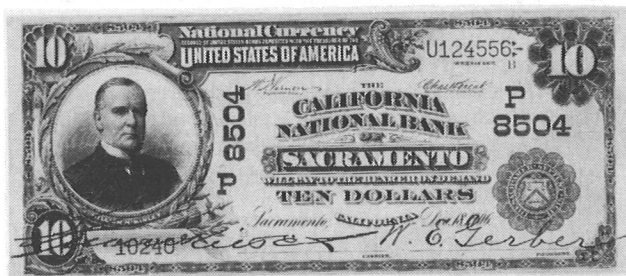

Lot 416 \$100.00 '02 Red Seal VG-F
#22-A This beautiful hundred dollar red seal is the only note of this type and denomination known from the entire state. What a great bank title! What a great note! Philip Krakover paid \$8,700.00 to own this greatest of all California Red Seals. Bold black signatures of A. L. Darrows and E. A. Nicolaus 2nd V president are icing on the cake.

Lot 417 \$20.00 '02 dates VG
#10646-C This fourth note is the only non red seal from this bank we know of. The availability of these four notes, representing two thirds of the known surviving notes from such a significant bank with such significant notes is a rare event indeed. This note was acquired @ \$525.00.

8504 THE CALIFORNIA N B OF SACRAMENTO (1L 1S)
Organized on December 18, 1906 with a capital of \$1,000,000. Succeeded the California State Bank. Placed in receivership on Jan 21, 1933; capital \$2,000,000.

Lot 418 \$5.00 '02 Red Seal VG-F
#17110-A This note is an old friend from the March 1979 Hickman and Oakes Auction where it was lot 113 and realized \$396.00. It was later acquired by Mr. Krakover @ \$550.00. Four of these are known to have survived, this note is the second finest.

Lot 419 \$5.00 '02 Red Seal VG
 #19533-A Your choice of grade to match the rest of your notes. This note is not quite as nice as the last lot and cost \$450.00.

Lot 420 \$10.00 '02 Red Seal F
 #10240-B Another old friend, this one from the first H & O sealed bid auction in April 1976. This note was part of a type-state capital collection and it realized \$325.00. Almost ten years later it was acquired by Mr. Krakover @ \$500.00.

Lot 422 \$10.00 '02 Red Seal VG
 #2046-A This note was purchased @ \$250.00.

Lot 423 \$20.00 '02 Red Seal VG
 #7474-A This note is the only known twenty dollar red seal from this bank. It cost Philip Krakover \$925.00. Of the nine red seals of all denominations in the census, seven of them are in this sale available to new owners. This bank, named California and from the state capital should make an ideal candidate for collections of all sorts.

Lot 424 \$50.00 '02 Red Seal F
 #246-A Only two California fifty dollar red seals are known and both of them are in this collection. This beautiful Sacramento note is the finest of the two. A total of 49 red seals are in this collection, and this note is no worse than the second best of the group. The fifty dollar red seal has proved to be one of the most elusive of all the types among national bank notes. Who can say that the \$4000.00 Philip Krakover paid for this great note was not a shrewd purchase?

Lot 425 \$20.00 '02 dates F
 #22910-B This is the finest of the three of this type and denomination in the census. Cost: \$90.00.

Lot 426 \$10.00 '02 VG

Lot 427 \$10.00 '29 CU

Lot 428 \$20.00 '29 XF
 #B007316A There are thirty of these in all grades but there are only about four in comparable condition to this lovely note. Cost: \$40.00.

Lot 430 \$5.00 '02 XF
 #88935-H Seventeen single notes and an uncut sheet are recorded. Only this note and one other are in this superlative condition. This note cost \$84.00. For the sake of accuracy it must be mentioned that the bottom is cut very close but not into the design.

Lot 431 \$5.00 '02 VG-F
 #52410-C This note is more typical of the condition in which most of these notes come down to us in. Mr. Krakover paid \$83.00 for it.

Lot 432 \$10.00 '02 VG
 #11443-C Eight of these are in the census. This one cost \$95.00.

Lot 436 \$5.00 '29 stained VG

SALIDA- one bank- Stanislaus County

11601 THE FIRST NATIONAL BANK OF SALIDA (5L 6S)
 Chartered in February 1920 with a capital of \$25,000. Placed in voluntary liquidation on June 26, 1931; capital of \$25,000. Absorbed by the Modesto Trust and Savings Bank

Lot 437 \$10.00 '02 VG
 #875-A We will call this rare note very good even though it is marked very fine and was purchased @ \$900.00. At some point this note was "processed" to improve it's appearance, and at first glance it did. There are only three large size notes known from this bank, another ten in VG-, and a twenty also in VG. This note is therefore superlatively the best looking note of the three. Look this note over. The next one may be a long time coming.

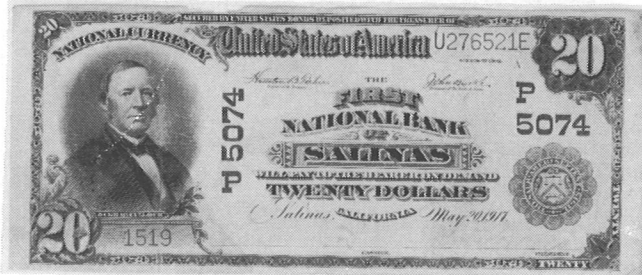

Lot 438 \$20.00 '29 95 % VG
 #B000082A The other 5% is a missing lower right corner. There are

Lot 439 \$20.00 '02 VG
#1519-A We would call this very rare note fine but for a chunk missing from the top margin as can be seen in the photograph. There are three notes in the census for this bank, a ten and a twenty dated back and this blue seal twenty that Philip Krakover paid \$825.00 for.

13380 THE SALINAS NATIONAL BANK (3S)
Chartered in Oct 1929 with a capital of \$250,000.

Lot 440 \$20.00 '29 F-VF
#E000007A A lucky number on this note, one of just four twenties recorded. This note cost \$114.00.

SAN BERNARDINO- four banks- five titles- S B County

3818 THE SAN BERNARDINO NATIONAL BANK (4L 3S)
Chartered on November 26, 1887 with a capital of \$100,000. Placed in receivership on June 21, 1932; capital of \$100,000.

Lot 443 \$10.00 '29 F-VF
#F001522A Eleven of these tens have been reported as known, two of which may be better than this one which was purchased @ \$81.00.

Lot 453 \$10.00 '02 Red Seal VF
#1-C We now come to one of the premier notes in the entire collection. First, this is the only note from this bank we know of. Red seals only were issued for less than four years in very small quantities. The prospect of additional notes is very slim. Serial number one notes have a special appeal which is especially true of red seals. Add to these factors the brilliant color and state of preservation of this note and you have a trophy note of exceptional merit and appeal. Philip Krakover was unable to resist owning this note and he paid \$5000.00 for the privilege. Photo is on the cover.

10391 THE UNITED STATES N B OF SAN DIEGO (4L3S)

This bank was one of the so called "forbidden" titles. Mr. Krakover paid \$250.00 for this note.

This largest of the Gold banks issued 35.42% of the total notes and accounts for 58.49 % of the surviving notes. The great majority of the gold bank notes in both lower and higher grades are from this bank. Notes from this bank are the "type"notes of the gold bank notes.

Lot 458 \$5.00 'Original Gold Bank Note impaired VF
7274-D This is by far the nicest of the nine gold bank notes in the Krakover collection. Aside from the two corner tips, one nicked and one broken off, and a nick and tear in the upper margin, this note has the look of an uncirculated specimen. We invite your close inspection of this note. The \$1850.00 Mr. Krakover paid for this beautiful note may have been a great bargain.

Lot 459 \$5.00 'Original Gold Bank Note torn-VG-F
#6801-A Good color and much remaining body account for the liberal price of \$1650.00 Mr. Krakover paid for this note, labeled VG-F. Aside from a half inch center tear at the top, we don't disagree. Look it over, you may not either. The prices realized by Superior for a fine note was \$2850.00 and a very good \$2530.00.

1741 THE FIRST NATIONAL BANK OF S F (1L)
Succeeded The First National Gold Bank of San Francisco on February 25, 1884. Assumed #3555 by consolidation on December 31, 1925 with a change in title to The Crocker First National Bank of San Francisco; assumed its circulation.

Lot 460 \$20.00 '1875 VG
#3365-A There are only three first charter notes known from San Francisco's premier bank; this note and two fifties. The second fifty has only recently surfaced. This twenty is pen signed in brown ink by the same E. D. Morgan and D. Callahan who signed many of the later gold bank notes. This note is also one of only four first charter twenties known from the entire state. This is a very attractive and pleasing note with excellent color, unmolested and unimpaired. It's not surprising that Philip Krakover paid \$3875.00 to own it. Photo on back cover.

Lot 461 \$5.00 '82 brown back AU
#88086-G This beautiful note has only trifling indications of handling, mainly a tiny corner fold at the lower right. Color, centering and signatures are excellent. You're sure to like it. Of the sixteen five dollar brown backs listed in the census, only this note ranks better than XF. It is therefore the finest one known. This note and all but the next lot that follow from this title have no cost listed in the inventory. They were all obtained from the same source probably for a lump sum and were too difficult to allocate the cost.

Lot 462 \$5.00 '82 brown back VF
#94306-G This note is one of a half dozen that are tied for third place in condition among the fives. It is another old friend from the first H & O sale in April 1976 where it was lot 18 and realized \$198.00. It was later acquired by Philip Krakover @ \$425.00.

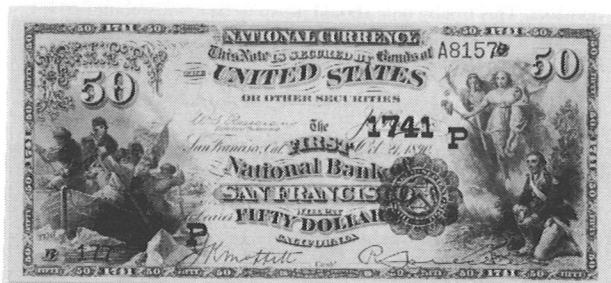

Lot 463 \$10.00 '82 brown back G-VG
#44757-E There are fourteen of these in the census most of which are in better state of preservation than this one.

Lot 464 \$20.00 '82 brown back VF/F
#29334-B Nine of these twenties are accounted for and this note is no worse than tied for the third finest.

Lot 465 \$20.00 '82 brown back F/VG
#52360-B This note is more typical of the grade usually found in this type.

Lot 466 \$5.00 '82 dates F-VF
5873-N There are just four of these recorded, in this case there are two finer and one worse. This note is another old friend from February 1976.

Lot 467 \$10.00 '82 dates VG-F
#174-H This note is the next best of just two that are known. Unmolested and with no problems.

Lot 468 \$50.00 '82 dates XF-AU
#177-B This note is a unique type for this bank and it's a beauty, fresh bright and crisp. Its doubtful that a finer note of this type and denomination exists from California. Who ever acquires this note will never need to upgrade.

Lot 469 \$20.00 '02 dates F
#8145-A There are ten of these in the census, three of which are listed as fine, the others very good or below.

Lot 470 \$20.00 '02 dates F/VG
#32979-A Almost as nice and with different sigs.

Lot 471 \$20.00 '02 dates VG
#108748-B This one has faint signatures and is cut close at the top just into the design.

Lot 472 \$5.00 '02 AU
#174606-F An even dozen of these are in the census with just three or four in new or about new condition. This note has been very gently handled.

Lot 473 \$20.00 '02 F/VG
#132421-B Four notes with this title in the census. This note has the highest serial with the First National title of the group.

1741 CROCKER FIRST N B OF SAN FRANCISCO (1L 1S)
Succeeded The First National Bank of San Francisco on December 31, 1925. Assumed by consolidation the Crocker First Federal Trust Company, San Francisco on May 31, 1934.

Lot 474 \$5.00 '02 CU
#69440-F There are forty seven fives in the census, but only six qualify as crisp uncirculated. This note is a fresh and bright as it was the day it was printed.

Lot 475 \$5.00 '02 XF-AU
#69444-F Just as bright, but with a crimp and a light fold. This note was purchased by Mr. Krakover @ \$120.00.

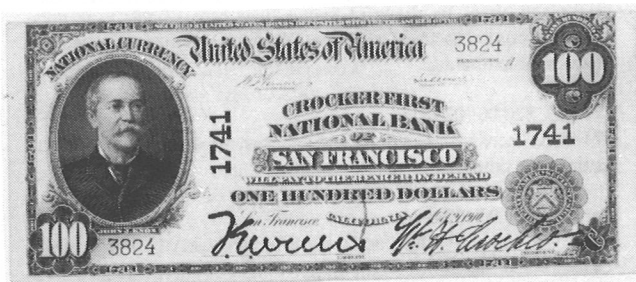

Lot 476 \$10.00 '02 AU
 #1-A Not just number one, but duplicate number one, a variety that has proved to be several times rarer than number one notes with treasury numbers. This trophy note should prove to be a hotly contested lot. Not that it matters to the value of this note, but there are twenty five other tens in all grades in the census.

Lot 477 \$20.00 '02 F
 #72210-B There are fourteen of these twenties recorded. This note was purchased @ \$50.00.

Lot 478 \$20.00 '02 VG
 #26024-A Almost as nice, and cost only \$35.00.

Lot 479 \$50.00 '02 VF/F
 #2742-B Sixteen specimens are in the census and this note is tied for the second finest.

Lot 480 \$100.00 '02 VF/F
 #3824-A This note is tied for the next best of only four known. Not enough of these to go around.

Lot 481 \$10.00 '29 VF/F
 F029407A Thirty one notes recorded. Cost: \$20.00.

Lot 482 \$20.00 '29 type two U
 A103985 Just a counting mark from CU. Twenty two notes in the census. This note cost \$40.00.

Lot 483 \$20.00 '29 AU
 E009344A Thirty eight of these but only three are rated as almost uncirculated. Cost: \$30.00.

Lot 484 \$20.00 '29 type two VF
 A020666 Nine of these twenties known. Cost: \$28.50.

Lot 485 \$50.00 '29 F
 D003196A Fifteen of these recorded. Cost: \$70.00.

Lot 486 \$100.00 '29 AU
 D001560A Nine hundreds in the census, but only two of them in this superlative grade. Cost: \$175.00.

This was the second largest of the gold banks with 25.52% of the total issue. With fifteen specimens, or 3.54 % of the surviving notes, this is the most under represented of the gold banks in relation to the notes issued.

Lot 487 \$10.00 'Original Gold bank note VG
 #5-A This note may very well be the source of Amon Carter's fondness for notes with serial number five. This note remained in his collection for many years and was in his estate. Notes from this bank are infrequently available, the most recent being Lot 379 in the June 1985 Hickman-Oakes sale where a very good ten realized \$950.00. Philip Krakover paid \$1500.00 for this note and it may be worth it.

3555 THE CROCKER-WOOLWORTH N B OF SF (4L)
 Chartered on September 9, 1886 with a capital of \$1,000,000. Assumed the Bank of Sission, Crocker & Co. by consolidation in July 1895. Title change to The Crocker National Bank of San Francisco on August 31, 1906.

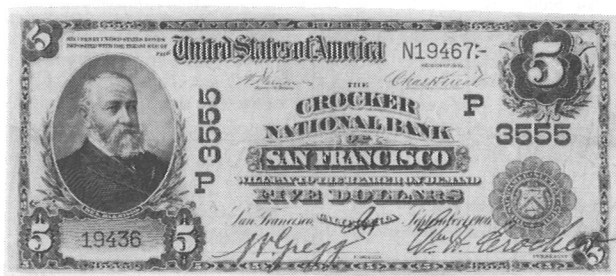

Lot 488 \$10.00 '82 brown back VF
 #1621-B There are six tens and four twenties recorded with this title. This note is tied with two others for the finest ten. It has an illegible cashier's signature and W. E. Brown V. both signed in brown ink. Mr. Krakover paid \$550.00 for this lovely note.

Lot 489 \$10.00 '82 brown back VG
 #30533-E This note has more circulation and heavy black signatures of W. Gregg and W. H. Crocker.

3555 THE CROCKER N B OF SAN FRANCISCO (1L)
 Succeeded The Crocker-Woolworth National Bank of San Francisco on August 31, 1906. Closed; consolidated with #1741 on December 31, 1925; capital of \$2,000,000. Circulation assumed by #1741.

We appreciate your bid

Lot 490 \$5.00 '02 Red Seal F
#19436-A This nice red seal with the new title has the same signatures as the last lot. This is the only single note known in a five dollar red seal. A number one uncut sheet is known to exist.

Lot 491 \$10.00 '02 Red Seal F
#6298-A Again this is the only single note in the census. A number one uncut sheet of three tens and a twenty is known to exist. This note is extra nice on the face for the grade. \$565.00 was paid for it.

Lot 492 \$20.00 '02 Red Seal VG
#12100-A In this case there is another note in addition to the one on the uncut sheet. Its also in very good condition. This note is evenly circulated.

Lot 493 \$50.00 '02 dates VG
#3170-A Nine of these fifties are known, mostly in about this state of preservation. Only one is rated very fine. This note is unmolested and unimpaired.

#4965-C An even half dozen of these are in the census. This note is no worse than the second finest, with two of the notes rated poor.

Lot 495 \$5.00 '02 VF
#248247-T An even dozen of these are known in addition to this nice note. Cost was \$120.00.

Lot 496 \$10.00 '02 CU
141238-M If you just want a ten there are ten of them in the census. If you want the finest known, bid on this note, its the only one that's in new condition. Mr. Krakover paid \$230.00 for it.

Lot 497 \$20.00 '02 VF
#97408-D Once again this collection has the finest note we know of. There are seven of these known, four of them are very good, two are more or less fine, and then there's this lovely note.

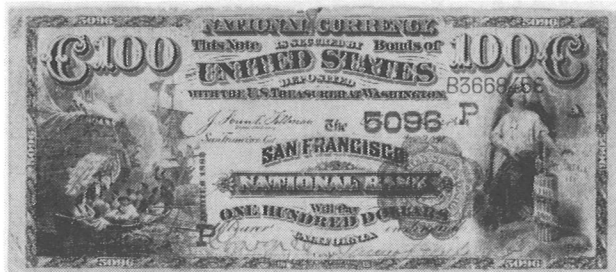

5096 THE SAN FRANCISCO NATIONAL BANK (1L)
Chartered in 1897; succeeded the Sather Banking Co. Placed in voluntary liquidation on August 1, 1910; capital of \$1,000,000. Consolidated with #9655.

Lot 498 \$5.00 '82 brown back CU
#9872-D Forty three of these five dollar brown backs have been logged into the census and there are surely more to come. Most of them are crisp uncirculated or nearly so and collectively they represent the best source of nice brown backs west of St. Louis. Like all but two of the others, this note is from the bottom of the sheet and has nice margins.

Lot 498 \$5.00 '82 brown back U
#9802-D Not quite as nice as the last lot with a trifling corner fold visible only from the back. Philip Krakover paid \$300.00 for this note.

Lot 499 \$10.00 '82 brown back F-VF

Lot 501 \$100.00 '82 brown back VG
#1598-A This note is a unique type and denomination for this bank, and is one of just seven hundred dollar brown backs known from the entire state. Unlike the other notes from this bank, this one is pen signed in brown ink by L. I. Cowgill and James K. Wilson. Philip Krakover paid \$1800.00 for this unique note.

Lot 502 \$10.00 '82 dates XF
#675-F This is an outstanding note for this type, and its the finer of only two that we know of. Its bright and fresh and beautifully centered on both sides and it has two bold legible signatures of F. W. Wolfe and J. K. Wilson. Purchased @ \$800.00.

5105 THE NEVADA N B OF SAN FRANCISCO (2L)

Lot 505 \$5.00 '82 brown back AU

Lot 505 \$10.00 '82 brown back F
#9393-H Nineteen of these with just three of them rated better than fine. This is a sharp note.

Lot 506 \$20.00 '82 brown back XF
#48246-B There are nine of these twenties with just two rated XF. This denomination is seldom for sale. Philip Krakover paid \$500.00 for this one.

Lot 507 \$5.00 '82 dates AVF
#67182-P There are over fifty of these in all grades, with about eight very fine or better. This specimen was acquired @ \$170.00.

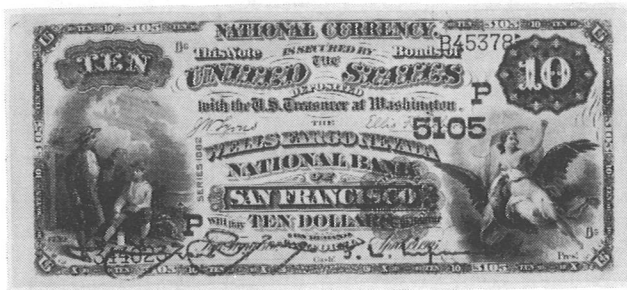

Lot 508 \$5.00 '82 dates VG
#66334-O This note is more typical of the condition most of these dated back notes are found. This note cost \$175.00.

Lot 509 \$5.00 '82 dates VG
#75303-O A slightly less very good than the last lot. This title will always conjure images of the old west for millions, many yet unborn.

#91498-H Just as new but cut close at lower left.

Lot 516 \$20.00 '02 VF
#47960-B Twenty three of these in the census, but for some reason they are seldom available.

#13126-A This note and the next lot are the only two brown back twenties known on this bank. This one is nicer on the face.

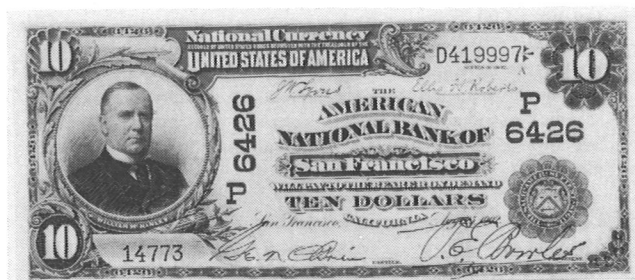

Lot 519 \$20.00 '82 brown back F
#10730-A Still very attractive and unimpaired. This note was acquired by Mr. Krakover @ \$340.00.

Lot 520 \$5.00 '82 dates CU
#7633-H This is an important note in this pristine state of preservation. Strictly uncirculated notes of this type are rare in high grade and extremely rare in crisp uncirculated. This fact is reflected in the cost of this beautiful note which was \$1200.00. We nominate this note as the nicest one we've seen from California in spite of a trifling minor partial rubber stamp impression on the back.

6426 THE AMERICAN NATIONAL BANK OF S F (2L)
Chartered on September 17, 1902 with a capital of \$500,000. Succeeded the American Bank and Trust Company. Placed in voluntary liquidation on August 18, 1923; capital of \$2,000,000. Succeeded by The American Bank of San Francisco.

Lot 620 \$5.00 'Original gold bank note AVF/F
#1881-C Forty one notes are recorded from this bank, all but this one graded no better than fine. This beautiful note is in all probability the finest of the known survivors. We really like this note and if we were permitted only one gold bank note to have and to hold we'd settle for this one. This note is exceptionally vivid, with clear brown pen signatures, unmolested and unimpaired. A note graded good realized \$990.00 in Superior's sale last October. Philip Krakover paid \$2500.00 for this note and in our opinion made an astute purchase.

Mr.Krakover paid \$4475.00 for it.

Hickman Auction's next sale is planned for late June and will be by sealed bid only. We remain convinced that for most material in our field and for most collectors this method offers the most efficient, economical and fair means yet devised for the marketing of national bank notes. For the benefit of those who are privileged to attend the International Paper Money Convention at Memphis, we will have the lots available for inspection at our table.

Our hope is to develop an annual blue ribbon sale with a balanced menu of nationals, obsolete notes and related material. It will never be possible to have just exactly the right mix of common, scarce and rare material from all areas in the proper percentage of their share of the market, but it is a goal worthy of our aspirations. In the past we have made special efforts to include notes from as many areas of the country as possible. We now feel that it would serve the hobby better to devote special effort to balancing the number of notes in the auction with the theoretical supply. In other words if the national bank notes of New Jersey for example represent three percent of the known notes and five percent of the obsolete known notes, then in a 500 lot auction New Jersey's share would be fifteen nationals and twenty five obsoletes.

We have no special expertise in the field of obsolete notes but we have always felt a special kinship to them, especially those notes issued by banks that were connected in one way or another to national banks. The new Haxby catalog issued by Krause Publications should be of great assistance and we are greatly encouraged by offers of assistance from several of the leading collectors and dealers in the field. We will be providing further information later about our plans for the future. For now, we invite your consideration of our June sale should you have material you wish to consign for auction. At this writing we have a large consignment of Illinois notes and about sixty notes from the first hundred banks chartered, with the remainder of the sale open. We are also open to a state collection for next fall or spring to be held in the state where the notes were collected. Give us a call if you want more information.

The old expression used to describe an exciting baseball game, a "barn burner", comes to mind in describing the Philip Krakover sale. From beginning to end the tension held. Most of the lots were raised from the floor numerous times. One lot had twenty seven advances, in all probability a numismatic record. Thanks to modern computer technology we had a tentative prices realized print out totaling \$291,000+ and were printing invoices within five minutes after the end of the sale. Several bidders were able to return home with the notes they had purchased early Saturday evening.

We wish to thank all of you who contributed to the great success of this sale, and to those who made generous comments about the catalog and the extensive selection of material contained in the sale.

We look forward to serving you all in the future. Our next sale is scheduled for late June and all who receive these prices realized will also receive a catalog via bulk mail. We make no charge for our catalogs and we are happy to send them to all who are interested. Those who wish to have their catalogs sent via first class mail and who want the prices realized are asked to remit \$3.00 per catalog or \$8.00 for three catalogs.
