HICKMAN AUCTIONS INC. #03 10/13/1990

TERMS AND CONDITIONS OF SALE

1. This is a public auction and mail bid sale held by licensed auctioneers. All lots are sold to the highest bidder without reserve. There are no restrictions on who may bid in the auction, but the auctioneer reserves the right, at his sole discretion, to refuse any bid from anyone.
2. The highest bidder acknowledged by the auctioneer shall be the buyer. In the event of any dispute between bidders, the auctioneer may, at his sole discretion, put the lot up for sale again. The auctioneer's decision shall be final and binding upon all bidders.
3. All bids are to be per lot as numbered in this catalog.
4. No lots can be broken.
5. All sales are strictly for cash in United States funds, and are due and payable immediately upon receipt of the auction invoice and/or notes. Lots delivered in the state the auction is held are subject to all applicable state and local taxes, unless appropriate permits are on file with us. Shipping, handling and insurance charges will be added to invoices shipped by mail. Overseas buyers must furnish their own insurance during shipment.
6. The auctioneer reserves the right to require full payment before delivery of the material. Bidder personally guarantees payment and if a corporation, officer or principal in the corporation agrees to personally guarantee payment. It is the responsibility of the buyer to provide adequate insurance coverage for the notes once they are in his possession. Risk of loss shall be borne by the buyer following shipment of the notes.
7. The auctioneer reserves the right to refuse to honor any bid which, in his opinion, is not submitted in good faith, or may not be supported by satisfactory references, as he in his sole discretion shall determine. Auctioneer may refuse any bid not commensurate with the value of the lot.
8. No buy or unlimited bids will be accepted. When there are mail bidders for a lot, the bid is submitted to the auctioneer acting on behalf of the highest mail bidder, opening bidding to the floor at an advance of from five to ten percent over the second highest bid. In the case of a single or no mail bidder on a lot, the opening bid shall be at the sole discretion of the auctioneer.
9. The auctioneer shall not be responsible for errors in mail bidding. When identical mail bids are submitted, preference goes to the first one received.
10. Bids submitted by persons under 18 years of age will not be accepted.
11. All notes are guaranteed genuine. Successful bidders may request certification as to the authenticity of any lot. Auctioneer, at bidder's expense will forward the lot to a recognized authority for certification. Bidder must notify auctioneer of his intention to have a lot certified prior to taking possession of it. The auction is not an approval service, and all sales are to be considered final. All lots are available for viewing before the auction.
12. Grading is intended to follow normal standards with a conservative approach. However grading cannot be considered a precise science, and opinions may differ from individual to individual. We guarantee our professional best efforts to properly grade and describe all lots in this auction. We place our reputation and twenty five years experience on the line with every lot.
13. All sales to the floor are final with no returns. All invoices are scheduled to be mailed to the mail bidders within 72 hours of the auction, and payment must be made within five (5) days of receipt of the invoice. It is the responsibility of the bidder by mail to assure such payment or provide alternative arrangements in the event of circumstances which could cause a delay. Mail bidders will have five (5) days after receipt of the material to return any lots misgraded or misdescribed. Lots must be returned intact in the original holder unmolested. No lot may be returned for any reason after thirty days from the sale date.
14. We intend treating our clients as we ourselves would be treated. Any dispute that may arise can be resolved by reasonable negotiation. We *want* to be fair.
15. A 5% buyers fee will be added to the total invoiced amount.

BIDDING BY MAIL

Each lot is sold to the highest bidder. Every lot is unique and exists at the time of the sale, unless announced to be withdrawn prior to the actual sale. There are no back up or extra lots. In bidding by mail, it is possible to purchase a note at a price less than your maximum bid. You should consider your bids in this auction to be your limit rather than your bid.

With a floor sale scheduled, bids are recorded as they are received. At the close of the mail bidding, the highest and second highest bids are transferred to the bid book. On the floor of the auction, the bidding is opened at a five to ten percent advance over the second highest mail bid. This bid is submitted on behalf of the highest mail bidder. If the auctioneer recognizes no other bids from the floor, the highest mail bidder is awarded the lot at the opening bid regardless of the fact that his bid may be much higher. If the bidding proceeds from the floor, the auctioneer, acting as the mail bidder's agent, registers bids in standard increments over the previous bid. This process is continued until the mail bidder is awarded the lot, or until the next bid is higher than the mail bidder's maximum bid. For example: The highest mail bidder submits a bid of \$500.00: the second highest bid is \$300.00. In this case, bidding on the floor starts at \$325.00 and is bid by the auctioneer on behalf of the highest mail bidder. If no other bids are submitted by the floor, the highest mail bidder, who bid \$500.00, has purchased the lot for \$325.00. If other bids come from the floor, the auctioneer bids for the highest mail bidder in standard increments until the mail bidder's maximum bid of \$500.00 is reached. When or if the bidding from the floor has passed the mail bidder's maximum, the auctioneer will take no further action on behalf of the mail bidder, and the bidding will continue on the floor until the final purchaser has been recognized by the auctioneer. Using this procedure, the mail bidder retains many of the advantages of the floor bidder.

RARITY

The rarity ratings are based on the known notes in either large or small size series notes. This project began over twenty five years ago and has been contributed to by over 350 individuals and institutions. Approximately 135,000 notes have been recorded. The rarities are constantly changing as new notes are added to the census. This is an ongoing project and we appreciate the help we continue to receive. We all benefit from accuracy. The rarity scale is as follows:

- R6 None, one or two notes known to us
- R5 three, four or five notes known to us
- R4 six to eleven notes known to us
- R3 twelve to twenty four notes known to us
- R2 twenty five to fifty notes known to us
- R1 Over fifty notes known to us.

An asterisk (4*) indicates that one or more uncut sheets are counted in the rarity for that bank.

Many of you know and remember A. P. "Del" Bertschy. For 80 of his 91 plus years he was interested in collecting coins and currency. He was a hobby booster and a 48-year member of the Milwaukee Numismatic Society, joining in 1940.

During his long affiliation with the society he served as President, Vice-President, and Trustee, and was probably best known for his duties as General Chairman and Bourse Chairman for many successful M.N.S. shows. We will all miss him wearing his famous fishing cap and selling tables for next year's "greater and better" show. For his dedication, the Milwaukee Numismatic Society awarded Del an honorary life membership many years ago and his contributions multiplied many fold ever since. It is thus fitting that a large portion of Del's currency collection be sold here at the M.N.S. show.

Del's tireless efforts to improve the hobby earned him awards from many organizations including N.O.W. and CSNS. He was named a Krause Numismatic Ambassador in 1978.

Del had a way of inspiring people to achieve more and making them feel good. He will be sorely missed by the collecting fraternity.

Del Bertschy's material is unusual in that most of it was obtained either from the banks where it was issued or deposited or from the people who themselves removed it from circulation. Del exercised both taste and discretion in making his selections, retaining only the top condition or the rarest material that came his way. We all have him to thank for saving a large number of notes from redemption. Quite properly he bequeathed his estate to his family and they will receive the numismatic premium from the sale of his currency. But in a larger sense all of us who admire and collect quality bank notes and other U.S. paper money are heirs to the magnificent legacy he left behind.

Introduction

Welcome to the third Hickman auction of the 1990s. This sale is being held in association with Dean Oakes Currency of Iowa City. We are very pleased to continue our new venture with such a distinguished collection as the remaining notes in the Del Bertschy estate. We begin this sale with his token collection of mostly civil war patriotic tokens and storecards. Many of his tokens are rarely available so collectors of exnumia should have a field day. Two rare Minnesota Civil War tokens will be found in the first part of the sale also. The selection of national bank notes from the upper midwest is truly outstanding. Over 75% of the notes have either never been available to collectors, or have not been available for many years. The quality of these notes is also remarkable. Note after note qualifies as one of the finest known from the bank that issued it. We have also included some very attractive obsolete notes, most of which were collected with agricultural vignettes and condition as the main consideration. We hope to include more of this type of material in the future. At the end of the national section the type notes remaining in the Del Bertschy estate are listed. Again, collectors are presented with an opportunity rarely available. Most of his material is in the "original" unmolested and unprocessed condition the way you like them. Canadian, Colonials, Souvenir cards, and bonds rarely seen are in this sale. A liberal assortment of bank post cards, books, price lists and catalogs round out the sale. This auction should offer something for every taste and purse. As in the previous forty auction catalogs I have been involved in, I hope you will find notes that will enhance your collection, gladden your heart, and leave your purse relatively intact. I wish you all, Happy Hunting!

We're The One In '91

The Memphis Coin Club has selected Hickman Auctions to conduct the official paper money auction at the International Paper Money Convention in Memphis in June 1991. We are very pleased to be honored for the sixth time in being given the privilege of conducting this most prestigious of all paper money auctions. With your help we hope to make the 1991 auction a worthy successor to the first, the fourth, the seventh, the ninth and the tenth sales. Its not too soon to plan for next year's convention and we will be happy to visit with you whether you are considering the sale of a single note or a large collection.

The following lots of tokens were accumulated by Del Bertschy of Milwaukee over a long life time of collecting virtually all phases of numismatics. The availability of this material presents a rare opportunity to collectors in this field to obtain items previously out of reach. We are grateful to Dick Grinolds of Minneapolis, a nationally recognized expert in the token field, for describing and lotting these interesting and historic items.

MINNESOTA

We believe that the selection of notes that follow is the largest and finest group of Minnesota notes ever before made available at public auction in individual lots. The timely availability of these outstanding notes coincides with the release of the second edition of the Standard Catalog of National Bank Notes. This work has been constantly revised for the past eight years with the assistance and cooperation of all the active collectors known to the authors and in addition, has had numerous errors removed and corrections added. The rarities and prices are from this new edition with the exception of a few last minute changes that did not make the deadline. The prices reflect the relative desirability of notes in various grades, denominations and rarity. Increased demand can make these prices obsolete at any time. Naturally, many of the notes do not exist in the grades listed and many notes defy classification in various ways. We know, for example, that some notes will realize multiples of the catalog value while others will fail to reach the listed price. Nowhere is the expression "It's worth whatever it brings" more true than with national bank notes. This market makes it's own rules and the participation of a single buyer (or his non-participation) can make a great difference. Bidders are reminded that two of the largest Minnesota collections are in publicly owned institutions, and two additional major collections are presently in strong hands. There is also a major collection of small size notes containing over 200 pieces. Both the rarity and the desirability of scarce notes are greatly affected by this fact since in most cases the first four notes in the census are presently out of reach. As in all legitimate auctions, it will be you, the bidder, who will determine the selling price of each and every note. If you are successful, you will have the assurance of knowing that another bidder was almost as eager to buy the note as you were and if you are unsuccessful you will always feel better if you can say you gave it your best shot. Happy Hunting!

In November, 1987 a twenty dollar value back note in VG was offered in the Fiksdal collection auction and it realized \$625.00, almost exactly the catalog value of \$640.00. 177 \$10.00 1902 dates The FNB of Hancock F

178 \$10.00 1902 The FNB of Hancock CF

188 \$10.00 1902 The FNB of Kiester F
Charter #10603 #2077-B R 6. This note is, to our best knowledge, unique in large size for this bank. It's doubtful that even the bank's officers have a large size note since in 1965 the cashier was pleased to obtain even a small five from Hickman and Waters. All four of the large Minnesota collections are missing this interesting title, which should have great appeal to collectors of fancy names. Catalog value of \$175.00 in VG and \$255.00 in VF will surely be greatly exceeded.

189 \$20.00 1929 The FNB of Kiester F-VF

192 \$10.00 1902 The FNB of Lanesboro VG
 Charter #10507 #3469-B R 3. The rarity of this bank is lower than it would otherwise be because of several notes held by a Minnesota bank. The catalog value is a very low \$40.00.

211 \$2.00 1918 Federal Reserve Bank Note AF
Fr 772 #1915240A. This note is popularly known as the battleship deuce. In our June sale we described this type as featuring the World War one battleship North Dakota. This erroneous information was published by Quaker Currency back in the 1960s and was repeated by others. Forrest Daniel, the well known North Dakota historian, has checked this story out and found it to be in error. The actual battleship is known as the Texas or New York class (they are both alike). We list this interesting note with the Minneapolis nationals as a suitable candidate for Minnesota collectors to consider. Two more specimens can be found among the type notes. This presentable note should realize \$50.00+.

215 \$10.00 1902 The Farmers NB of Minnesota Lake VF/F
Charter #6532 #906-D R 5. This note is a real trophy. Only two other large size, and a single small size are known, all in inferior condition to this beautiful note. Handsome pen signatures of E. W. This nice note was in his collection, and when Bob Medlar dispersed Mr. Bailey's notes in 1971 it was a watershed event for national bank notes. The Lester Merkin sheet sale, and the sale of the Winemucca, Nevada brown back combined with the availability of the Bailey notes started the serious interest in nationals that continues unabated to the present time. Charter #11599 #A000806 R 3. This is definitely a better North Dakota note in spite of a minor paper flaw and minute ink traces. The grade has been reduced from CU even though this note is from a cut sheet. A bid in the range of \$500.00 would be justified.

306 \$10.00 1929 The American NB & Trust Company of Valley City CU

Delicate brown pen signatures of L M Newman and L C Stanley and extra wide margins help to make this a desirable note. The catalog value in VG is \$170.00 and in VF, \$325.00.

326 \$10.00 1902 The FNB of Chippewa Falls F
 Charter #2125 #11301-B. R 3. This note has an interesting signature of A R Berg, Assistant Cashier spelled out, along with C E Preston. The catalog value is \$55.00 in VG and \$80.00 in VF.

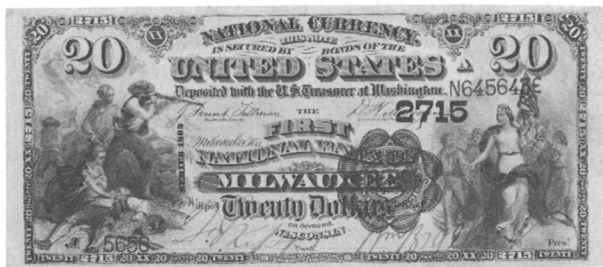

327 \$20.00 1929 The F-Fond du Lac NB XF
 Charter #555 #C001191A. R 2. This is a very clean and bright note. The catalog value in VF is \$45.00 and in AU, \$55.00.

328 \$5.00 18-- The Bank of Wisconsin, Green Bay CU
 Obsolete Remainder. Haxby G8. The treaty of Prairie du Chien is the central vignette. An allegorical nude before an eagle and what appears to be smoke houses are in the other two panels. The catalog value is \$85.00.

329 \$20.00 1882 dates The FNB of Medford VG-F
 Charter #M-5695 #637-B. R 4, with just two second charter notes in the census, a ten dollar brown back and this scarce type. The catalog value is now \$155.00 in VG and \$350.00 in VF.

330 \$20.00 1902 The FNB of Medford AVF
 Charter #M-5695 #813-A. R 4. This otherwise VF note has been trimmed very slightly. Only one other blue seal twenty has been recorded. This note has vivid purple signatures of L D Russell and L W Gibson and is clean and bright. The catalog value in VF is \$155.00.

331 \$10.00 1902 Red Seal The FNB of Menasha VG
 Charter #M 3724 #641-A. R 3, but no other red seal notes have been reported from this bank. This note has the scarce signatures of Geo. H. Utz and Chas. R Smith. The catalog value is \$155.00.

332 \$20.00 1882 Brown back The FNB of Milwaukee VF/F
 Charter #2715 #5656-A. R 2, but only four notes are brown backs and only two of those are twenties. This significant Milwaukee note has over sized brown pen signatures of F J Kipp and Wm Bigelow v. The face of this note is particularly nice with no visible folds or impairments. A note of this quality should realize a premium over the catalog value of \$290.00.

333 \$5.00 1902 The FNB of Milwaukee VG-F
 Charter #M 64 #99485-E. R 2. Match this one up with a F-Wisconsin note for an interesting pair. \$100,000.00 in fives were issued in plain back blue seals with the original title and charter and we know of just three survivors. This note will likely go to a Milwaukee specialist at a bargain. The original H & O book lists this note @ \$25.00 in VG and \$50.00 in VF. The new book leaves out the five dollar plain back.

334 \$5.00 1882 Value back The Marine NB of Milwaukee VG-F
 Charter #M 5458 #27031-H. R 1, with an even half dozen notes that are five dollar value backs, only one of which is better than fine. The catalog value is \$170.00 in VG and \$450.00 in VF.

334-A \$10.00 1902 The NB of Commerce of Milwaukee VF
 Charter #6853 #50100-F R 2. This note has the signatures of W C Georg and Herman Fehr imprinted at an uphill slant with Fehr's signature in the top of the seal. Del Bertschy considered this to be an error note worthy of a premium. If you agree, bid your pleasure.

335 \$20.00 1882 Dates The Wisconsin NB of Milwaukee VF/F
 Charter #M 4817 #22834-C R 1. This note is cut close at the bottom, just touching the design at the center. This bright and vivid note has signatures of L G Bournique and L J Petit. Mr. Bournique was cashier of this bank in 1911 and 1912 only and we've never seen his signature on another note. A Milwaukee specialist should undertake to acquire the bank officer's signatures. Start with the rare ones. The catalog value of this note in VF is \$280.00.

336 \$20.00 1882 Value back The N Manufacturers B of Neenah F
 Charter #M 6034 #6205-B. R 3, but this is the only note of this type and denomination we know of. This rare note has been trimmed evenly at both ends giving it an even margin on three sides. The new catalog value is \$205.00 in VG and \$720.00 in VF.

337 \$10.00 1929 type two The FNB at Neillsville F
 Charter #14200 #A002465. R 5. A rare and popular note sure to attract spirited bidding. This 14000 charter bank issued only tens and we know of only three notes, none any nicer than this one. The catalog value is \$175.00 in VG and \$250.00 in VF.

338 \$3.00 1859 The Summit Bank, Oconomowoc CU
 Obsolete Remainder #6607-A. Haxby G4a. The central vignette of this beautiful note features a farmer resting his team of horses and drinking from a gourd, his plow and young son nearby. Catalog value is \$75.00.

339 \$10.00 1882 Dates The Citizens NB of Oconto F
 Charter #M-5521 #3857-D R 3. There are two others in the census, but its doubtful that they are as original and unmolested as this handsome note. Catalog value is VG is \$125.00 and in VF it is \$290.00.

340 \$20.00 1929 type two FNB & Trust Company AU
 of Racine
 Charter #457 #A003830. R 2. This very attractive note has a catalog value of \$55.00.

341 \$10.00 1882 Dates The Manufacturers NB VG
 of Racine
 Charter #M 1802 #302-F. R 4. Another note that is a unique type for the bank. The catalog value for this one is \$145.00.

342 \$10.00 1882 Brown back The FNB of Ripon VG+
 Charter #425 #4078-B. R 2, but just one brown back in the group and this is it. In fact this is the earliest note we know of from this bank. Nice brown pen signatures of F. Spratt and Geo. L Field are icing on the cake. The catalog value in VG is \$135.00.

343 \$20.00 1882 Brown back The German NB of Ripon F
 Charter #M-4305 #1608-A. R 2. This note is an old fashioned fine note, unmolested and unimpaired, with good color and nice brown pen signatures of Jas L Stone and Cha Cowan. It could easily be called VF/F or even VF by many. The catalog value in VF is \$290.00.

344 \$20.00 1902 The German NB of Ripon VF
 Charter #M 4305 #3920-A. R 2. A handsome note with the same signatures and in a very attractive state of preservation. Catalog value is \$80.00.

345 \$20.00 1902 The Citizens NB of Stevens Point AVF
 Charter #4912 #9181-A. R 3, but this attractive note is the only plain back twenty in the group. Signatures of C W Nason and A C Kingston vice pres. The catalog value in VF is \$100.00.

346 \$20.00 1882 Brown back The FNB of the City VG
 of Superior
 Charter #M 3926 #11514-A. R 4. There are ten notes in the census, only two of which are brown backs, a VF ten and this twenty. Two very ornate vanity signatures of Paar Benson, and Wm B Banks are on this evenly circulated note. The catalog value is \$200.00.

347 \$10.00 1929 The FNB of the City of Superior VF
 Charter #3926 #E001692A. R 2. Bright and fresh. Catalog value is \$25.00.

348 \$20.00 1882 Value back The FNB of Tigerton VF
 Charter #M-5446 #1848-B. R 3. This bright and beautiful note is one of only 616 of this type and denomination that was issued and is the only value back from this bank known to have survived. Brown pen signatures of W E Wilson and Chas A Lehman Vice add to the appeal of this rare type. For the sake of accuracy it must be mentioned that two minor rust spots are in the lower margin. The catalog value in VF is \$720.00.

349 \$3.00 and \$5.00 1863 The Bank of Watertown CU
 Obsolete Reminders. #9450-A and 9454-A. Haxby G6b and G8b.
 This bank continued as a state bank without circulation. Edward J.
 Brandt, the cashier of this bank in the 1880s developed a coin dispensing
 device and founded a very successful company that continues
 in business to this day in Watertown making coin sorters, counters,
 and packagers under the name Brandt Automatic Cashier Company.
 Catalog value is \$35.00 and \$25.00 or \$60.00 for the pair.

350 \$10.00 1882 Brown back The N Exchange B AF
 of Waukesha
 Charter #M 2647 #1607-B. R 3. A few minor rust spots keep this
 nice note from the full fine it otherwise deserves. Unusual signatures
 of R P Breese and W P Sawyer add to this note's appeal. The catalog
 value is \$170.00 in VG and \$325.00 in VF.

351 \$5.00 18-- The Corn Exchange Bank, Waupun CU
 Obsolete Remainder #9351-A. Haxby G8a. Catalog value is \$25.00.

352 \$10.00 1929 The FNB of Wisconsin Rapids Choice CU
 Charter #1998 #E0038898A. R 2. Its hard to believe there are any
 nicer notes than this beauty in the census. Catalog only goes to AU
 which in this case is \$45.00.

352-C WISCONSIN BANK POST CARDS including FNB of
 Milwaukee, N Manufacturers B of Neenah, FNB and Old NB of
 Oshkosh, and the FNB of Wisconsin Rapids. These five cards should
 well exceed \$10.00.

352-D WISCONSIN BANK POST CARDS. 46 different banks in
 34 towns, 27 are national banks and most are postally used, dating
 from 1906 to 1926. This lot will probably exceed \$100.00.

569 \$40 The rare April 11, 1778 or Yorktown Issue of the United States printed by Hall & Sellers. The British set up printing presses on board a ship in the harbor at Philadelphia to counterfeit this issue, so most were turned in for later issues. This note is Choice CU except for a very minor bend in the top right corner. It has been many years since a note of this caliber has been available at public auction. In the 3rd edition of Eric Newman's The Early Paper Money of America it catalog's \$1000; this note is one of the few originals extant and we agree that it is worth at least catalog of \$1000.

Nationals are alive and well in Minnesota ! Lot after lot went up hundreds in ten dollar increments in a matter of seconds. While none of the notes topped the two thousand dollar mark, several exceeded a thousand topped by the two great rare titles, Good Thunder and Keister, followed by the rare town notes Le Sueur and Wilmont. Cheers broke out numerous times as record prices were set. We had the strongest book ever for this sale with all but 2% of the lots attracting mail bids with an average of 4 bids per lot. Successful bidders numbered 177.

This was an exciting and rewarding experience for all of us and we wish to thank you all for your participation.
