

WAYNE GARAGE DOOR

March 24, 2020

How is COVID-19 and Governor DeWine's Stay at Home Order affecting us?

As owner of Wayne Garage Door, I wish to thank you for your committed loyalty and confidence in us. We realize there is a lot of confusion and uncertainty during this trying time. We hope the following will help answer your questions.

Is Wayne Garage Door still open?

Yes. The Ohio Department of Health has deemed all hardware, construction, and related manufacturing as "essential". While our showrooms are closed to help slow the spread of COVID-19, we are here to provide services to all **ESSENTIAL BUSINESSES 24/7**. This includes install and service of:

- Sectional Doors
- Operators
- Rolling Fire Doors
- Dock Equipment
- Commercial Pass Doors
- Access Control Systems

To our **RESIDENTIAL CUSTOMERS** we realize that your garage door is often your main point of entry into your home. Therefore, our service department is staffed and ready to provide service 24/7 for:

- Opener issues
- Broken Springs
- Photo Eye problems
- Gate opener issues

At this time, we are operating to take care of you, our customers. If you need a service that is not noted above, give us a call, we will do our best to meet your needs. Our seasoned installation and service techs have over 120 years combined experience, give high attention to detail, are focused on quality, and are committed to completing projects when scheduled.

We are keeping in regulation with the Ohio Department of Health by recording who is fit for duty, maintaining a 6-foot social distance from customers and co-workers, and cleaning around the clock. **We have postponed our Spring Sale to encourage the community to stay at home during this time.**

We appreciate your business, patience, and trust as we navigate this crisis together.

Robert Habeger
President
