CONGRESSIONAL COALITION ON ADOPTION INSTITUTE

Congressional Coalition on Adoption Institute (CCAI) is a nonprofit, nonpartisan organization founded in 2001 to eliminate the barriers that prevent children from being part of a safe, nurturing, and permanent family. CCAI exists to bridge the gap between congressional leaders, advocates, policy influencers, foundations, child welfare and adoption professionals, and service providers. With nearly 140 Members on the Adoption Caucus, the Congressional Coalition on Adoption (CCA) is the historically largest bicameral, bipartisan caucus of the U.S. Congress. Both CCA and CCAI are deeply committed to bipartisanship, strengthening families, and permanency.

## YOUR SUPPORT MAKES A DIFFERENCE.

Whether you want to be a part of a national movement to eliminate the policy barriers that hinder children from realizing their basic right to a family or to demonstrate to your customers, members, employees, and community that you understand what a difference adoption and family makes in the life of a child, CCAI looks to its partners for vital financial backing that funds all CCAI programming throughout the calendar year:

**Angels in Adoption®** is CCAI's signature public awareness program that honors a wide spectrum of individuals, families, and organizations making extraordinary contributions to adoption, foster care, permanency, and child welfare across the country. Honorees travel to Washington, D.C. for a leadership and advocacy program.

**Congressional Resource Program** is CCAI's primary means of sharing objective and relevant information to help educate policymakers on information critical to federal adoption and child welfare policy.

**Foster Youth Internship (FYI) Program®** is a congressional internship and leadership development opportunity for individuals who have experienced the U.S. foster care system to raise awareness to federal policymakers about permanency, foster care, child welfare, financing, abuse, and neglect.

**20/20 Vision** is a public-private partnership delegation model designed to build relationships and increase positive dialogue among Members of Congress, foreign and domestic government officials, and private sector leaders to share information and improve child welfare policy and practice around the globe.

Additionally, there are individualized opportunities:

- **CCAI social media platforms** where corporations can share their policy success stories, offer common-sense solutions, and flag legislative priorities for elected leaders.
- **Small roundtable conversations** in Washington, DC: CCAI hosts quarterly conversations bringing together key stakeholders for important discussions.
- **Sponsorship recognition** in CCAI annual reports, website, and core advocacy programs.
- **Post-program fellowship** for a CCAI Foster Youth Intern alum to work on your team after they complete the Foster Youth Internship Program®.
- **Propose new ideas:** In addition to placing sponsor logos and names on all CCAI event materials, we want to encourage sponsors to make CCAI their own. If you have a particular partnership vehicle in mind not covered in this list, let CCAI know.
