

ANGELS IN ADOPTION®

Partnership Offers 2026

Congressional Coalition on Adoption Institute (CCAI) is the nonprofit partner to Congress's historically largest bipartisan caucus, the Congressional Coalition on Adoption (CCA), which boasts nearly 140 Members from both the House and Senate.

Founded in 2001, CCAI exists to eliminate the barriers that keep children from safe, nurturing, and permanent families. By connecting congressional leaders with child welfare experts, advocates, foundations, and service providers, CCAI drives bipartisan policy solutions that strengthen families and prioritize permanency.

NATIONAL & INTERNATIONAL REACH

On average:

- There are **328,947 children and youth** in the U.S. foster care system
- More than **70,421 children** in the U.S. have an adoption goal
- An estimated **two to eight million children** around the world are living in residential care, outside of family care.

Becoming a partner adds your name to the list of nationally recognized organizations investing in vulnerable children and families, a global movement to eliminate policy barriers that hinder children from realizing their basic right to a permanent family.

BE IN GOOD COMPANY

Over 75+ Members of Congress participate annually in recognizing individuals, families, and organizations who are making a difference in their communities. Their extraordinary stories generate positive media in national press as well as state and local media outlets. Give your company exposure to all these audiences and spread the word about the power of family, adoption, and permanency!
