Protected health information is information about you, including demographic information, that may identify you and that relates to your past, present or future physical or mental health or condition and related health care services. This notice also describes your rights with respect to the Personal Health Information and how you can exercise those rights.

Your protected health information may also be used and disclosed to pay your health care bills and to support the operation of the practice.

The following examples include types of uses and disclosures of your protected health care information that Dr. Sands's office is permitted to make. Treatment

Your protected health information will be used by us for providing, coordinating or managing your health care and any related services. This includes the coordination or management of your health care with a third party that has already obtained your permission to have access to your protected health information. For example, we would disclose your protected health information, as necessary, to a recovery facility that provides care to you. We will also disclose protected health information to other physicians who may be treating you when we have the necessary permission from you to disclose your protected health information. Payment

Your protected health information will be used, as needed, to obtain payment for your health care services. This may include certain activities that your health insurance plan may undertake before it approves or pays for the health care services we recommend for you such as; making a determination of eligibility or coverage for insurance benefits, reviewing services provided to you for medical necessity, and undertaking utilization review activities. For example, obtaining approval for a hospital stay may require that your relevant protected health information be disclosed to the health plan to obtain approval for the hospital admission.

Healthcare Operations

We may use or disclose, as needed, your protected health information in order to support the business activities of your physician's practice. These activities include, but are not limited to, quality assessment activities, employee review activities, training of medical students, licensing, marketing and fundraising activities, and conducting or arranging for other business activities.

We may also call you by name in the waiting room when Dr. Sands is ready to see you. We may use or disclose your protected health information, as necessary, to contact you to remind you of your appointment.

We will share your protected health information with third party "business associates" that perform various activities (e.g., billing, transcription services) for the practice. Whenever an arrangement between our office and a business associate involves the use or disclosure of your protected health information, we will have a written contract that contains terms that will protect the privacy of your protected health information.

We may use or disclose your protected health information, as necessary, to provide you with information about treatment alternatives or other health-related benefits and services that may be of interest to you. We may also use and disclose your protected health information for other marketing activities. For example, your name and address may be used to send you a newsletter about our practice and the services we offer. We may also send you information about products or services that we believe may be beneficial to you. You may contact our Privacy Contact to request that these materials not be sent to you.

We may use or disclose your demographic information and the dates that you received treatment from your physician, as necessary, in order to contact you for fundraising activities supported by our office. If you do not want to receive these materials, please contact our Privacy Contact and request that these fundraising materials not be sent to you.
