Instructions:

If you'd like a **new replacement vaporizer**, fill out the "Vaporizer Trade-In Discount" section and payment info. Print and send this form filled out best you can with the vaporizer. **Save to your drive first** if you want to fill out and email this form to us. Turn around time is approx 1-2 weeks.

If you would like **your vaporizer fixed**, please mail it to us and we will have it back to you in about 2 weeks. Payment may be required. Include the form with the vaporizer, or save and email it to us. If you are in a hurry to get your vaporizer you may request Rushed Service on the form.

Please clean out your vaporizer thoroughly and don't include accessories like the glass Whip Handpiece. Pack safely in a small box (at least 8x5x5 inches) You are responsible for your package until it is delivered to our address. Read more important details about shipping below.

Important Mailing Details - What To Expect

Choose a small box (8x5x5 inch is OK) so that the packaging doesn't add to the weight. For shipping from US location, we recommend **US Priority Mail, charged by weight**. Avoid "Flat Rate" as the vaporizer is under 2 lbs and should only cost \$6 to \$13 depending on location. If you mail by another way, be sure the deal includes **at least \$100 insurance**.

Keep your shipping receipt so you can track the package. We assume responsibility of the vaporizer from when it is delivered to us until it is delivered back to you. If you have given us your contact email, we will let you know when we receive your vaporizer and give you return shipment

Typical repairs involve replacing all worn electronic components including the heater. Any old versions with metal heating elements will be upgraded to our latest ceramic heater. We thoroughly run test vaporizers so that they are good to last years more. All told it takes about 2 weeks to

What if my vaporizer is very old? Trade it in for a new vaporizer at 30% off!

Regardless of your vaporizer's age, your warranty specifies flat rate refurbishment or a trade-in discount on a brand new unit. We work on vaporizers as old as 14 years. Vaporizers built before July 2004 (Serial # 27440 or under) must be replaced with a new vaporizer as we no longer have the parts to fix them. While we call it a trade-in, you are **not** required to send in your old vaporizer- but if you do we will fix it up and donate it to a veteran or medical patient with serious conditions.

Do I qualify for repair service?

YES! Every Vaporbrothers vaporizer has a warranty, no matter how many times it's been sold, damaged, or dismantled. Refurbishment is charged at a flat rate as described in the warranty, or for unfixable vaporizers we will offer you a trade-in discount. We repair manufacturer defects for no charge up to 1 year from purchase. Failures after 1 year typically result from wear & tear, which are considered refurbishment. Don't worry about digging up your receipt- **No proof of purchase is required**.

Special offer to owners of non-Vaporbrothers branded vaporizers

We want you to try the original and get on the team! Our vaporizers are designed from the ground up with your health in mind, and we keep our product free of lead, BPA, and other toxic compounds and solvents. The vapor should be thicker and more tasty. You will notice the difference right away. Send us a picture of your old vaporizer (or include it with this form) and we will trade you a new Vaporbrothers at 30% off.

Include this page with your vaporizer, or save on to computer, fill out and email to us
