*EdgeView™ perfectly displays
the groundbreaking
edge design of the new
Presidential \$1 Coin series.*

The US Mint's hotly anticipated Presidential \$1 Coin series, with its groundbreaking edge-incused inscriptions of mint year, mint mark, and national motto, arrives in February. **And NGC's new EdgeView™ holder gives you the perfect way to inaugurate them.**

All Presidential \$1 coins submitted to NGC are automatically encapsulated in an EdgeView Holder.

EdgeView's unique pronged core insert allows you to view your coin's edge via four large surrounding windows, all while providing you with NGC's high standard of preservation and presentation. Think of it as getting the uniform size, attractive appearance, quality seal, and durable tamper-proof casing you expect from NGC — with an edge.
