NGC ADD-ON SERVICES	FEE (per coin)	REQUIREMENTS
Fast Track	Tier + \$15	Select this service with the Standard, Economy or Modern tiers to cut the turnaround time in half. Fast Track will also expedite Modern Conservation, if selected, for no additional charge. Fast Track submissions always receive priority turnaround times, but turnaround times are estimates only and are not guaranteed. The Fast Track fee is not refunded if the turnaround time is longer than estimated.
Early Releases® / First Releases®	Tier + \$18	Use this service to receive either the EARLY RELEASES or FIRST RELEASES designation for qualifying coins. Select only one. Visit <a href="https://www.ngccoin.com/cutoffdates">NGCcoin.com/cutoffdates</a> for a list of eligible coins and submission cutoff dates.
Special Label	Tier + \$8	Use this service to request a special NGC label. For a list of special NGC labels, visit <a href="https://www.ngccoin.com/labels">NGCcoin.com/labels</a> . <b>Note:</b> If you would like to have different special labels for the coins listed on the form, write "MIXED" on the Special Label line in Section 7 and list the desired Special Label Name and # on each line next to the coin in Section 11.
VarietyPlus®	Tier + \$20	Upon request, NGC examines coins for recognized varieties and assigns an appropriate attribution. Also choose a grading tier according to coin value and desired turnaround. If you would like a coin already graded by NGC to be reviewed for a variety, do not select a grading tier. See <a href="https://www.ngccoin.com/varietyplus">NGCcoin.com/varietyplus</a> for a complete list of varieties we recognize. The VarietyPlus fee applies when requested regardless of whether NGC determines the coin to be a recognized variety.
Mint Error	Tier + \$20	NGC examines mint errors and assigns an appropriate description. Also choose a grading tier according to coin value and desired turnaround. The Mint Error fee applies when requested regardless of whether NGC determines the coin to be a recognized mint error.
NGC Oversize Holder®	Tier + \$25	Coins over 45 mm in diameter or 9 mm in thickness are placed in an NGC Oversize Holder. Must be submitted on a separate submission form. There are two NGC Oversize Holder sizes available: medium (MSCH) and large (OSCH). By default, NGC will choose the NGC Oversize Holder size that it determines to be best for your coin or medal. See <a href="https://www.ngccoin.com/submit/services-fees/ngc">NGCcoin.com/submit/services-fees/ngc</a> for details.
NGC Thick Holder	Tier + \$5	High relief coins that do not fit in NGC's standard holder will be placed in an NGC Thick Holder. There are two NGC Thick Holder sizes: one for coins up to 7 mm in thickness and one for coins up to 9 mm in thickness. The default is the 7 mm holder.
Pedigree	Tier + \$5	A pedigree can be added to the certification label to indicate a coin's past or present ownership. NGC must receive sufficient evidence to confirm the requested pedigree. Examples of evidence include photographic records from an auction catalog or a sealed flip / holder from the original collection or auction house. Recognition of pedigrees is at NGC's sole discretion; the Pedigree fee applies when requested regardless of whether NGC determines the coin to have a recognized pedigree. To add a pedigree to a coin already encapsulated in an NGC holder, also select an applicable NGC ReHolder service. See <a href="https://www.ngccoin.com/pedigrees">NGCcoin.com/pedigrees</a> for complete information.
Tokens & Medals	Tier + \$5	US or world tokens and medals struck 1990 to present, both private and official, can be submitted under the Modern tier or higher. US or world tokens struck before 1990, both private and official, must go under the Economy tier or higher. Esoteric pieces, particularly those submitted without documentation, may not be encapsulated and instead returned as Ineligible Type. See <a href="https://www.ngccoin.com/news/article/2550">NGCcoin.com/news/article/2550</a> for complete list of accepted US and world types..
