

Terms of use

Effective as of January 1st, 2018 (Awin Affiliated Publisher)

These Terms of Service describe your rights and responsibilities when using our Monotote e-commerce technology (the “Monotote System” as described below), and our responsibilities to you as a user of the Monotote System. These Terms of Service form a part of a binding contract between you (the on-line content publisher) and us the application provider (“Terms of Service” or “Agreement”). Please read this carefully. “We,” “our” and “us” refers to Shopping Cart Technologies, Inc. d/b/a “Monotote” or any of its affiliates, parents or subsidiaries, successors or assigns. “You” and “your” refers to the entity agreeing to the terms of this Agreement.

Here is what we promise to provide for you:

We will provide you access to unified shopping cart technology that allows publishers of content to enable content consumers to purchase goods and service featured or discussed on the website(s) offered by the publishers.

The solution (the “Monotote System”) comprises: (i) server side components to be embedded in the websites maintained by you, the content publisher (“Server Components”); (ii) a hosted shopping cart system operated and maintained by us (“Unified Cart”); (iii) an online dashboard that you may use to monitor shopping cart activity and add new shoppable products that can be linked to website content (“Publisher Dashboard”) via buy buttons.

When end users access publisher’s websites and hover over or click shoppable products, the Unified Cart can be used to complete the shopping experience. The Unified Cart completes the transaction through a single checkout procedure. In doing so, it automatically places corresponding orders on websites of third party retailer owners and retailers (“retailer’s”) utilizing “Checkout Engines” that are customized to operate with the retailer’s’ websites. As a result of the automatic order placement on the retailer’s website, the retailer charges the user’s credit card and fulfills the order.

Publisher must be approved by each retailer before products offered by those retailer’s may be purchased through the SCT System. **At the present time, for the purposes of this offer, Checkout Engines are available only for retailer’s that are part of the Awin affiliate marketing network.**

If it breaks, we will fix it:

2. **Scheduled Available Time:** We will use reasonable efforts to make the Monotote System available twenty-four (24) hours per day, seven (7) days a week, excluding: (a) Scheduled downtime for systems maintenance, including without limitation diagnostics, upgrades, and operations reconfiguration; and (b) Unscheduled downtime caused by other forces beyond the immediate control of Monotote, including software defects, hardware failures, or downtime caused by Customer's network or the Internet.

3. **Unscheduled Downtime:** In the event that Monotote's servers experience downtime, then you may choose to terminate this agreement with us, subject to the survival clause below. Termination of this agreement is your sole and exclusive remedy related to downtime.

4. [Intentionally Omitted]. Just making sure you are reading everything.

Here is the limited license that we give you:

5. Limited Licenses.

Subject to the terms of this Agreement, we hereby grant you a limited, temporary, non-exclusive, and fully revocable license through January 1st, 2020 to use the Monotote System in connection with retailer's that are part of the Awin affiliate marketing network at no cost to you during this trial period. Your license shall be the limited license expressly granted in this Section 5. We reserve all rights and licenses in and to the Monotote System not expressly granted to you under this Agreement.

License Restrictions. Unless otherwise provided for in this agreement, you may not, nor permit any third party to: (a) copy or use the Monotote System or its related technology or IP; (b) modify, translate or otherwise create derivative works of the Monotote System or its related technology or IP; (c) disassemble, decompile or reverse engineer the object code or source code of the Monotote System or its related technology or IP; (d) publish, or otherwise make available to any third party, any benchmark testing information or results; or (e) export or re-export Monotote System or its related technology or IP in violation of any United States law or regulation or law or regulation of any other jurisdiction.

Customer data:

7. Customer Data: All purchase transactions using Monotote System are between the purchaser and the retailer. The Monotote System does not store credit card data, but we do collect and maintain data on the names and addresses of each purchaser, the items purchased, and the dollar amount of each transaction. Data analytics are available through the Monotote System dashboard. Monotote also uses this information to provide reports to retailer's.

Nothing above will prevent either party from sharing Confidential Information with financial and legal advisors; provided, however, that the advisors are bound to confidentiality obligations at least as restrictive as those in the Agreement.

Compelled Access or Disclosure

The Receiving Party may access or disclose Confidential Information of the Disclosing Party if it is required by law; provided, however, that the Receiving Party gives the Disclosing Party prior notice of the compelled access or disclosure (to the extent legally permitted) and reasonable assistance, at the Disclosing Party’s cost, if the Disclosing Party wishes to contest the access or disclosure. Without limiting the foregoing, please review the Data Request Policy for details on how requests may be made for the disclosure of Customer Data and how we will handle those requests. If the Receiving Party is compelled by law to access or disclose the Disclosing Party’s Confidential Information, the Disclosing Party will reimburse the Receiving Party for its reasonable cost of compiling and providing access to such Confidential Information as well as the reasonable cost for any support provided in connection with the Disclosing Party seeking a protective order or confidential treatment for the Confidential Information to be produced.
