

First, login to the AKC Store. <https://shop.akc.org/>

Then hover over “AKC Professional” and under the heading “Exhibitors” select “Competitor Reports”

Once on the Competitor Reports page you will go to the “AKC TOP DOGS By Sport” section and choose “AKC TopDogs – Rally”

When viewing the AKC Top Dog - AKC® Rally Report, you will be able to:

1. Choose how you want to rank your dog by the Breed, Group, or All AKC Recognized Breeds

3. Sort the report by the dog's Title, Points, Triple Q's, or the dog's "Score"
 - a. The SCORE is a calculation of the dog's (Triple Q's x 10) + Points.
 - b. SCORE will give a "total value" to the ranking utilizing both the points and triple Qs as a fair way to rank dogs overall, so that both the points and triple Qs are valued in a total score.

4. Choose to see the top 25, 50, or 100 dogs

NOTE: When pulling a Current Calendar Year or Previous Calendar Year report, the sort order of the report should be based on Points, Triple Q's or Score only, not titles.

The reason for this is because a title can be earned at any time during the dog's lifetime and adding the "Title" sort criteria to these reports will skew the data based on the title first then the points and triple Q's.

The lifetime report can be sorted by Titles, Points, Triple Q's or Score and will accurately rank the dogs over their lifetime.

AKC® TopDogs Rally Report

An AKC Top Dogs report ranks the top dogs in Rally events and is based on the total number of points dogs have earned from the Rally Master, Rally Excellent B, and Rally Advanced B classes. Dogs must have qualified and earned points in one of these classes to be eligible to be included on these reports. Dogs will begin to earn RACH points after they have earned the Rally Excellent (RE) title when scores of 91 or better are earned.

When viewing the AKC Top Dog - AKC® Rally Report, you may choose from the top 25, 50, or 100 dogs and sort the report by the dog's Title, Points, Triple Q's, or the dog's "Score" which is a calculation of the dog's (Triple Q's x 10) + Points. Select reports based on the dog's Breed, Group, or All AKC Recognized Breeds.

AKC suggests that when pulling a Current Calendar Year or Previous Calendar Year report, that you base the sort order of the report on Points, Triple Q's or Score only, not titles. The reason for this is because a title can be earned at any time during the dog's lifetime and adding the title sort criteria to these reports will skew the data based on the title first then the points and triple Q's. The lifetime report can be sorted by Titles, Points, Triple Q's or Score.

Report includes events processed through Thursday July 04, 2019.

Please Note: Your selection of 25, 50 or 100 is a maximum criteria, not a minimum. We cannot guarantee that your report will contain exactly 25, 50 or 100 dogs. If, for example, only 14 dogs of a certain breed are participating in an event assuming they meet the other qualifications for the report selected, there will only be 14 dogs on any TopDog report for that breed and event. We cannot issue refunds for reports that do not contain the maximum number, if the data is otherwise correct.

Please Note: This is an online-only report and will not be mailed, emailed or otherwise sent to you. For a permanent copy, save the report to your hard drive. We do not issue refunds for printing problems.
