AKC RALLY® NATIONAL CHAMPIONSHIP FORMAT

The 2020 RNC will consist of six classes. Each Novice, Intermediate, Advanced, Excellent and Master entry will show twice, in two different rings, in the class entered. Each entry in the Rally Championship (formerly known as the RAE) class will show a total of four times in four different rings. The Rally Championship class will consist of two Master courses, one Excellent course, and one Advanced course.

Cumulative scores and times will be used to determine placements in all the classes. If there are ties for placements, each team will run once for score and time. In the case of ties for the Championship class, the team will run a Master course.

SCORING — For this National Event, scoring will be in accordance with the following AKC Rally® Regulations unless otherwise stated:

- A qualifying score is 70 points. Any score that falls below 70 points will be marked as an NQ (non-qualifying).
- In the event there is a timer malfunction, the team will be allowed to complete the course and be scored accordingly. The timer will notify the judge immediately after the dog and handler have finished running the course. At that time the handler will be allowed to choose one of these two options.
  - Rerun the course immediately in accordance with the AKC Rally® Regulations, Chapter 2, Section 29, Option 1; or
  - Accept a designated average course time. The time will be determined based on the average course time from the dogs competing in the class, after all dogs have completed the course.

The following scoring exceptions will be implemented:

The first attempt/performance of each sign in all the classes will be evaluated and scored accordingly. Failure to perform the principal parts of any sign on the first attempt/performance will result in an IP (Incorrectly Performed -10 points) penalty. The maximum penalty for each sign will remain at 10 points.
