

**Totally Smiles Mobile Dentistry will be visiting  
Moama Anglican Grammar School  
the week commencing  
Monday 25<sup>th</sup> February – Friday 1<sup>st</sup> March 2019**

Our innovative mobile dental service was created to meet the needs of the fast paced/time poor lifestyles of many parents. We are changing the game by bringing our dental team and equipment to **Moama Anglican Grammar School** to provide our onsite dental services to students.

**Service snapshot:**

**Children from families eligible for Family Tax Benefit A may be eligible for up to \$1000 of free dental over a 2-calendar year period.**

If not eligible, Totally Smiles Dentistry can provide:  
Oral examination, scale clean and fluoride for \$99.  
Oral examination, scale, clean, fluoride and 4 fissure seals\* \$179

**FISSURE SEALANTS**

**What is a fissure sealant?** Fissure sealants are a plastic coating applied to children's back teeth and are a safe and painless way of protecting your children's back teeth from tooth decay. Most tooth decay in children occurs in their back teeth.

**How are fissure sealants applied?** It is quick and straight forward, taking only a few minutes per tooth. Our Dentist will clean and prepare the tooth with a special solution. The tooth is dried with air. The liquid is then applied and set hard using a special light. It is pain free.

**How long do they last?** They can last for many years and the dentist may check them at each check-up. They can wear over time and your Dentist may add or replace some sealant.
