Unit 1 & Unit 3 Head Start Lectures – Get Ahead & Reduce Stress in Term 1

Dear Teacher,

Please find enclosed some brochures relating to our forthcoming program, which is being held in **Ballarat** (Federation University), **Geelong** (Deakin University) and **Melbourne** (The University of Melbourne) in January 2017.

We would **greatly appreciate** it if you would make this program information available to the students studying Unit 1 and/or Unit 3 subjects next year in your **next school newsletter** and/or **school assembly**. Please don't hesitate to contact us on **9663 3311** should you have any questions regarding this program.

Wishing you a safe and relaxing holiday, and a prosperous New Year.

Kind Regards,

Irena Jaskula
Manager

Summer School Passes for VCE Teachers

STUDY DESIGN
changes

professional
development

- Take advantage of a **fast** and **effective way** to work through **new topics** before returning to school.
- Experience the quality and benefits of our programs, which have become widely recognised by teachers and students as **effective** and **powerful extensions** to the learning undertaken at school.

VCE Summer School – Unit 1 & Unit 3 Head Start Lectures

Benefits for Students

Students who **work through subject materials in advance** will quickly see the benefits when the same topics are covered at school. While other students may struggle to understand new concepts being presented in class, Summer School students will be hearing this information for the second time. As a result:

- ✓ Their understanding of examinable materials will increase.
- ✓ They'll write fewer notes in class, allowing them to direct their full attention to what their teachers are saying.
- ✓ Their ability to apply concepts will greatly improve.
- ✓ They won't get stuck on questions as frequently, reducing the time they'll need to spend on homework.
- ✓ They'll develop more confidence in their abilities.
- ✓ They'll be less likely to procrastinate their studies, reducing stress levels and study loads across the year.
- ✓ They'll achieve higher VCE marks.

benefits

“ This was an amazing lecture that filled me with confidence for the year to come. I feel very ready to attack the stress that is thrown my way. **Student – McKinnon Secondary College** ”

TSFX Lectures

- ✓ Detailed and **comprehensive programs**.
- ✓ Receive thorough A+ notes and save huge amounts in study time.
- ✓ Prepared and delivered by **qualified, practicing VCE teachers and exam assessors**.
- ✓ Victoria's **most trusted** and respected lecture program provider.

“ I would highly recommend TSFX to anyone who wants to get ahead and be prepared for the difficult VCE years. These lectures have been an awesome and worthwhile experience; it proves that you don't have to be born smart to obtain higher scores. **Student – Marian College** ”

Employment Opportunities

TSFX is seeking qualified, experienced VCE teachers to join our team of writers, vettors and lecturers. A variety of short-term and casual positions are available for teachers interested in additional work across the summer holidays, as well as throughout 2017.

The successful candidates are required to have a minimum of 3 years teaching experience in their subject area(s) at VCE level (in a registered VIC school), and display strong written and verbal communication skills. Teachers interested in the development of trial examination papers must be a current or recent exam assessor and/or have previous experience writing examination questions.

Please contact Carla Hodson at carla@tsfx.com.au for further information.

“ The quality of the TSFX lectures is clearly more superior than any other programs I have attended with other providers. **Student – Xavier College** ”
