

## CAREER NEWS

Friday 4 August 2017

### Dates to Diarise in Term 3

- **University / TAFE Open Days 2016 – throughout August**  
*Saturday 5 August - Monash University Peninsula Open Day*  
*Sunday 6 August - Monash University Clayton & Caulfield Open Day*  
*Sunday 6 August - La Trobe University Melbourne (Bundoora) Open Day*
- **Year 12 VTAC applications – throughout August and September**

VTACmag 2018

ABC of Applying for 2018

There are a few reference copies of the *VTACmag* and *ABC of Applying* in the Careers Room.

**LA TROBE**  
UNIVERSITY

**50**  
YEARS

### Melbourne (Bundoora) Campus Open Day

<http://www.latrobe.edu.au/openday>

**OPEN DAY**

Saturday, 2 September  
11am - 1pm

Tuesday, 10 October  
9am - 1pm & 6pm - 9pm

**EASTERN COLLEGE AUSTRALIA**  
In partnership with La Trobe University

AT OUR NEW 2016 CAMPUS | 5 Surwood Place, Werribee VIC 3032

**MONASH**  
University

OPEN DAYS  
PENINSULA

Saturday 5 August 10am – 3pm

**CAULFIELD AND CLAYTON**

Sunday 6 August 10am – 4pm

<https://www.monash.edu/open-day>

**F A S T F A C T S A B O U T M O N A S H**

Monash offers the largest range of courses in Australia.

In 2016, 4166 of our students studied abroad as part of their degree.

Monash is in the top 1% of universities worldwide.

More than 10,000 of our students choose flexible study options (including online learning) for all or part of their course.

With a double degree, you can study towards two degrees at the same time.

***We have three Monash Open Days –***

***Saturday 5 August at our Peninsula campus, Sunday 6 August at the Caulfield and Clayton campuses and Sunday 20 August at our Parkville campus.***

**What's Open Day?** Open Day is your first glimpse into university life. You'll discover what it's like to be a Monash student, attend information sessions and demonstrations, and soak up the Monash atmosphere. Bring your family and friends and enjoy all the campus has to offer.

There are lots of activities and events to get involved in, and you'll also find:

- Current students who can answer your questions about studying at Monash
- Academics and staff who can answer in-depth questions about courses, study areas and careers
- Researchers sharing their most innovative and interesting research projects
- Student Services staff who can help with everything from enrolment to graduation
- Information about life on campus, accommodation, sports, clubs and support services
- Tours, food stalls and much more.

**Are all faculties at all Open Days?** All faculties will be represented at the Clayton campus. You'll find most faculties at most of the Open Days, but each campus will generally promote the courses they offer.

**How do I get to the campus?** There are lots of different ways to get our campuses. We'll also be running free shuttle buses between the Caulfield and Clayton campuses, Huntingdale station and Clayton campus, and between Frankston station and Peninsula campus.

**Is there free car parking on campus?** Yes, parking at university campuses is free on Open Day.

**Do I have to use the online planner?** No, you can organise your visit however you like. Just remember, there are more than 550 activities going on around Monash on Open Day, so you might like to prepare your visit and print off your plan.

**What are some good questions to ask at Open Day?** It's a good idea to have a list of questions with you, to make sure you get all the information you need. As well as asking about courses, you might be interested to know:

- How does Monash help me get a job when I finish studying?
- What's the benefit of a double degree?
- Can I travel and study at the same time?
- Are there leadership programs I can get involved with?
- What are my accommodation options?
- How much does university accommodation cost?
- What scholarships and support are offered? Do I qualify?
- What sports and other facilities does the university have? Are these free to use?
- What student clubs could I join?
- What are the deadlines for applications? Are there other dates I need to remember?
- Have I completed the right VCE subjects for the course I want to do?

St Andrews Overseas International students could ask the following questions:

- I'm an international student. How will my experience differ from a domestic student? Is there a different application process?
- What are the fees for international students?
- Are international students eligible for any scholarships or financial aid?
- Are international students guaranteed university accommodation?
- What tailored support services are available for international students?

**Do I have to come for the whole day?** You can come to as many Monash Open Days as you want, stay for as long as you like, and get involved wherever you're interested.

**Can I wander around the student facilities?** Open Day is all about discovering what life at Monash is like – so you can explore everything from the library and lecture theatres, to our cafes, gyms and accommodation services.

**Will I be able to connect to free WiFi on campus?** There is free WiFi available at all Monash University campuses. Visitors can simply connect to 'Monash Free WiFi' and agree to the acceptable usage policy to commence their session.

**Is there anywhere to eat on campus?** On Open Day, there's lots of free food and drinks on offer for visitors. And all our campuses have lots of other cafes and food options too.

**Can I bring family and friends to Open Day?** Yes! Bring anyone you'd like to involve in your study journey.

**How can I help my son or daughter find the right course?** This can be a really difficult time for students, as they try to navigate the huge range of courses available to them. To help them figure out what the best path might be, try asking them some open-ended questions that will encourage them to think about their passions, strengths and goals:

- "What do you love doing most?"
- "What are you best at?"
- "Which careers appeal to you?"

- "What would you like to achieve by the time you're 30?"
- "Do you know what's on offer? It's not just about courses – what about study abroad opportunities, leadership programs, and recreational activities."
- "Have you completed, or are you completing, the right prerequisite subjects?"

**Monash Christian Union exists to make, mature and mobilise disciples of Jesus Christ at Monash University for the glory of God.**

**Monash University > Clayton Christian Union** Website <http://claytoncu.org/>

**ABOUT THE CLUB** At Christian Union, we're all about Jesus and people. He came to seek and save everyone, including you! We are not affiliated to any particular church or branch of Christianity and everyone is welcome! We believe the Bible is the key to getting to know God. We run Christianity ministry training courses on Tuesday nights, and run small group Bible studies throughout the week. We also hang out together at social events.

**AIMS & OBJECTIVES** At Monash Christian Union we aim to:

- Present Christ Jesus to other students at Monash University, in order that by repentance of sin and faith in Him they may come to know Jesus Christ as Saviour, Lord and God.
- Deepen the spiritual lives of Christians through prayer and Bible study.
- Stimulate an active interest in evangelistic and other missionary work at home and abroad.
- Proclaim and defend the truths of Christianity as revealed in Holy **Scripture**.

**Monash University > MONASH CAULFIELD CHRISTIAN UNION (MCCU)** <http://caulfield.cu.org.au/>

Monash Caulfield Christian Union is an inter-denominational group of Christian students based at the Caulfield campus of Monash University. We run a variety of activities for people from different faculties and backgrounds.

We are a member of the Australian Fellowship of Evangelical Students (AFES) and are also affiliated with MONSU.

We run a variety of events every week and you can find up-to-date info on what we are doing via our Facebook group. During semesters we run bible studies, one-to-one discipling, social activities and training.

**CHRISTIAN CAMPS:** we have two or three camps each year.

On the 17<sup>th</sup> to the 19<sup>th</sup> March 2017 we joined up with Monash Clayton Christian Union to have fun and get to know our fellow students. In the middle of the year we joined with Deakin Burwood and Monash Clayton for Summit; we spent five days looking into God's word, investigating many interesting topics, making new friends and learning more about God. At the end of the year, December (2<sup>nd</sup> – 6<sup>th</sup> of December 2017) we will participate in the National Training Event in Canberra. We will join together with campuses from all over Australia to hear awesome speakers who will enlighten us on what a 'Gospel Shaped Life' is. We will gather in strand groups to look at how to understand the Bible at a deeper level. Also, there will be plenty of free time to check out Canberra and make new friends.

## What is VET in the VCE?

VET stands for *Vocational Education and Training*, and vocation refers to work or employment. **VET in the VCE** programs are designed to give students an exposure to practical skills and an understanding of what it is like to 'learn through doing'. So, students can opt to do a VET subject while completing their VCE and, in most cases, the VET qualification contributes towards the VCE and the ATAR.

Visit [VET in the VCE](#) or speak to Mrs. Irena Yevlahova.

**Ringwood Training**

# Open Night

Tuesday, August 8th  
7-8pm

## Higher Education Studies in the VCE

# What are Higher Education studies?

The Higher Education Studies Program is offered by higher education institutions (universities) and the VCAA. Two types of study, Extension and Advanced Standing are offered through this program.

Higher Education studies are designed for independent high achieving VCE students. More information <http://www.vcaa.vic.edu.au/Pages/vce/studies/studiesextension.aspx>

### 2018 The University of Melbourne

#### **EXTENSION PROGRAM INFORMATION EVENING**

**The Extension Program** offers an academic challenge and a taste of university life, as well as the opportunity to gain an ATAR increment and credit towards a subsequent undergraduate degree.

High achieving students have the opportunity to undertake first-year university study during Year 12.

Subjects offered through the Extension Program build on VCE studies and extend study to first-year university level.

Extension Program applicants can study one of 30 different humanities, language, mathematics, science and commerce subjects.

There are no University of Melbourne tuition fees for Extension Program students in 2018.

Students interested in the program should attend an information evening to find out more about what is involved, ask questions and meet staff who will be delivering the program.

Applications for the program will open late **August**.

When: **Wednesday 13 September 2017**

Time: **6.30pm—8.00pm**

Where: **Melbourne School of Design**, Singapore Theatre

**More information and register,**

<https://futurestudents.unimelb.edu.au/info/school-students/extension-program>

**News from RMIT University**

#### ➤ **Certificate III in Individual Support**

*Make a real difference to the lives of people in need and their families. Prepare for a career in aged care, disability, and home and community care.*

Students who choose to enrol in this 17-week course will be able to -

- ✓ build the right skills to support people with special care needs to live full lives and maintain connections with their communities
- ✓ focusing on person-centred care approaches, students will learn skills, techniques and procedures to meet the needs of individuals
- ✓ be guided by staff who have substantial professional experience in the care industry
- ✓ will have the opportunity to apply their learning through an extended work placement with an industry provider. This is a great opportunity to practise their skills under professional supervision and meet with a potential future employer

Employment outcomes for this program include:

- personal care assistant
- community care worker
- personal care assistant
- in-home respite support worker
- planned activity assistant
- home and community care worker.

Note: There is a growing demand for skilled carers. The introduction of the National Disability Insurance Scheme and the rise in Australia's ageing population has created a demand for more skilled carers in the workforce.

Students might like to seek employment after completion of this course, or choose to go on to further study.

Find out more at [Certificate III in Individual Support](#)

➤ **Diploma of Community Services (Case Management)**

*This program will equip you with the knowledge and skills necessary to work in a variety of roles in the community services sector.*

Students enrolling in this 1-year course will be prepared for careers in a range of organisations, including –

- ✓ performing case work
- ✓ providing client services
- ✓ supporting youth and families in a range of social, community and welfare organisations

Students may also seek employment in community education or development projects. There will be an opportunity to participate in site visits, and interact with individuals and groups within the community services sector. There will also be the opportunity to undertake a work placement throughout the program.

Find out more at [Diploma of Community Services \(Case Management\)](#)

➤ **Bachelor of Science (Biotechnology)/Bachelor of Biomedical Science**

*This double degree will give you an insight into human and animal biology as you explore ways to improve health and treat disease.*

Biomedical science courses allow students to understand how the human body functions, and the responses of the body to various diseases, exercise, diet, internal disturbances and environmental influences.

Students will learn how techniques in molecular biology and genetics are applied to problems including diagnosing genes that cause cancer, making crops and livestock less vulnerable to disease, and making food safer.

Students will complete studies in cell biology, physiology, microbiology and molecular biology including proteomics, and can also choose to study anatomy, neuroscience, cardiovascular biology, industrial microbiology and applied biochemistry, also gain skills to work in biotechnology and biomedical research.

Throughout the course, students will also be able to –

- ✓ have the opportunity to work on research projects and practical activities, often undertaken in collaboration with industry
- ✓ participate in a final-year Science Project involving either an industry placement or the opportunity to work on an industry-suggested project
- ✓ undertake either a work-placement or be assessed on professional or vocational work in a workplace setting (real or simulated) in the Practical Biomedical Sciences course, and receive feedback from those involved in the industry.

The VCE requirements are: Units 3 and 4: a study score of at least 30 in English (EAL) or at least 25 in English other than EAL; and a study score of at least 20 in Chemistry; and a study score of at least 20 in one of Maths: Mathematical Methods (any) or Maths: Specialist Mathematics.

The subject bonuses that may be awarded are: satisfactory completion in one but no more than three of Biology, Chemistry, Maths: Specialist Mathematics or Physics equals 2 aggregate points per study.

Find out more at [Bachelor of Science \(Biotechnology\)/Bachelor of Biomedical Science](#)

### **Gap Medics**

*Our programs offer students interested in healthcare a genuine insight into the hospital work of doctors and nurses in Tanzania, Zanzibar, Thailand and the Czech Republic.*

**Gap Medics** are offering an exciting project for students that are looking to apply for university courses in medicine, nursing, dentistry or midwifery. **Gap Medics** is a provider of *short-term healthcare work experience placements* abroad. Although based in the UK, its programs are open to students from all around the world. This organisation is dedicated to arranging hospital work experience placements for students who are applying to medical or nursing school in particular.

**So, what does the project involve?** During weekdays, students shadow highly skilled doctors in their day-to-day work on a fully-supervised hospital placement. Students will also have the benefit of clinical teaching, safe and secure accommodation, food, transfers in Tanzania or Thailand, local orientations, 24/7 support from **Gap Medics** support teams overseas and in the UK and lots of help with preparations for their trip too.

Visit [Gap Medics](#) to find out more!

## Career in Project Management

There are so many similar definitions or statements of what a project manager does, and one useful website\* states that project managers *ensure the project is completed on time and within budget, that the project's objectives are met and that everyone else is doing their job properly. Project managers oversee the project to ensure the desired result is achieved, the most efficient resources are used and the different interests involved are satisfied.*

The website goes on to mention the typical industries project managers work or are employed in –

- Construction companies
- Architects
- Software producers
- Commercial retailers
- Engineering firms
- Manufacturers
- Public sector organisations
- Aviation

\*[Target Jobs UK - Project Management](#)

There are several universities in Victoria that offer courses focused on equipping students with a qualification or specialisation in project management, and a some of these courses include –

INSTITUTION	COURSE	VCE PREREQUISITES	2017 ATAR
Charles Sturt University	Management	No VCE prerequisites but all applicants must submit the VTAC Personal Statement	R.C. (SC)
Deakin University	Construction Management	Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.	60.35 (WF)
	Information Systems	Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.	n/a (M)
	Management	Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.	60.80 (WF) 65.25 (M)
Federation University	Business Information Systems	Units 1 and 2: satisfactory completion in two units (any study combination) of Maths: General Mathematics or Maths: Mathematical Methods or Units 3 and 4: any Mathematics; and a study score of at least 15 in any English.	n/a (B) n/a (G) n/a (Mt. H)
La Trobe University	Information Technology (Professional)	Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL; and a study score of at least 20 in any Mathematics.	Min of 80 (Be) Min of 80 (M)
RMIT University	Aviation	Units 3 and 4: a study score of at least 30 in English (EAL) or at least 25 in English other than EAL; and a study score of at least 25 in any Mathematics.	n/a (C)
	Engineering Civil & Infrastructure	Units 3 and 4: a study score of at least 30 in English (EAL) or at least 25 in English other than EAL; and a study score of at least 20 in one of Maths: Mathematical Methods (any) or Maths: Specialist Mathematics.	92.60 (C/B)
	Project Management	Units 1 and 2: satisfactory completion in two units (any study combination) of any Mathematics or Units 3 and 4: any Mathematics; and a study score of at least 30 in English (EAL) or at least 25 in English other than EAL.	75.25 (C)
	Software Engineering	Units 3 and 4: a study score of at least 30 in English (EAL) or at least 25 in English other than EAL; and a study score of at least 25 in one of Maths: Mathematical Methods (any) or Maths: Specialist Mathematics.	90.25 (C)
Swinburne University	Aviation Management	Units 3 and 4: a study score of at least 30 in English (EAL) or at least 25 in English other than EAL; and a study score of at least 20 in any Mathematics.	n/a (H)
Victoria University	Engineering Civil	Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL; and a study score of at least 20 in any Mathematics.	n/a (FP)

Be – Bendigo, B – Berwick, C – City, C/B – City/Bundoora, FP – Footscray Park, G – Gippsland, H – Hawthorn, Mt. H – Mt. Helen, M – Melbourne, SC – CSU Study Centre Melbourne, WF – Geelong Waterfront

For a comprehensive list of all courses available, visit [VTAC](#)

## Science Degrees in Victoria

The Bachelor of Science is offered at the following universities and students are encouraged to visit [VTAC](http://www.vtac.edu.au) for more information on these and other courses – particularly the **majors** on offer – and/or browse each university link provided below.

UNIVERSITY	VCE PREREQUISITES	ATAR 2017
<b>ACU</b> M – Melbourne campus	Units 3 and 4: a study score of at least 30 in English (EAL) or at least 25 in English other than EAL; and a study score of at least 25 in any Mathematics; and a study score of at least 25 in any Science.	n/a (M)
<b>DEAKIN</b> M – Melbourne campus G – Waurin Ponds campus	Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL.	66.95 (M) 60.50 (G)
<b>FEDERATION</b> Gi – Gippsland campus Mt H – Mt Helen campus	Units 3 and 4: a study score of at least 20 in any English; and a study score of at least 20 in one of any Mathematics or any Science.	n/a (Gi) n/a (Mt H)
<b>LA TROBE</b> M – Melbourne campus B – Bendigo campus AW – Albury-Wodonga campus	Units 3 and 4: a study score of at least 25 in English (EAL) or at least 20 in English other than EAL; and a study score of at least 20 in any Mathematics.	60.00 (M) 50.05 (B) n/a (AW)
<b>MONASH</b> C – Clayton campus R.C. – Range of Criteria	Units 3 and 4: a study score of at least 30 in English (EAL) or at least 25 in English other than EAL; and a study score of at least 25 in one of Biology, Chemistry, Environmental Science, Geography, Maths: Mathematical Methods (any), Maths: Specialist Mathematics, Physics, or Psychology.	85.00 (C)
	Science Advanced – Global Challenges: Units 3 and 4: a study score of at least 35 in English (EAL) or at least 30 in English other than EAL; and a study score of at least 30 in one of Biology, Chemistry, Environmental Science, Geography, Maths: Mathematical Methods (any), Maths: Specialist Mathematics, Physics, or Psychology.	R.C. (C)
	Science Advanced – Research: Units 3 and 4: a study score of at least 35 in English (EAL) or at least 30 in English other than EAL; and a study score of at least 30 in Maths: Mathematical Methods (any); and a study score of at least 30 in two of Biology, Chemistry, Environmental Science, Geography, Maths: Specialist Mathematics, Physics, or Psychology.	95.05 (C)
<b>RMIT</b> C – City campus	Units 3 and 4: a study score of at least 30 in English (EAL) or at least 25 in English other than EAL; and a study score of at least 20 in one of Maths: Mathematical Methods (any) or Maths: Specialist Mathematics.	70.30 (C)
