Careers Administration

Ms Stacey Miriklis
VET Coordinator/
Careers Practitioner

Ms Karen Hallam
Careers Practitioner

Ms Sharelene Hetherington
Work Experience
Coordinator

Welcome back to Ringwood Secondary College in 2019. The careers team would firstly like to extend our best wishes to all of our year 12 students. We wish students much success for your final year at the college, and look forward to supporting you with your career decisions. Parents with students in year 12 should note that a careers bulletin will be emailed to students every fortnight. This bulletin contains crucial information about Universities, TAFE's, work options and career advice. Parents have also been emailed a link a careers information site.

Currently the careers team is beginning the process of booking in Year 12s for Career Education Interviews. All students from years 10 – 12 will be participating interviews. Career interviews with students in years 10, 11 and 12 will begin in term one. The focus of the interviews will be to discuss student intended pathways and explore courses and careers. It is suggested that students who are unsure of their pathways undertake some interests test prior to these interviews. Information on undertaking interest tests can be found in the careers room.

Most Year 10 students will be undertaking work experience in the last week of term 2 between the 25th to 29th June.

Students attending the Central Australia Trip will have the opportunity to undertake work experience in the following week: 17th to 20th June. Students not attending the Central Australia Camp will have the opportunity for undertake two weeks of work experience.

As work experience placements are quite competitive, it is advisable that students organise their work as soon as possible to ensure a valuable experience. Students can visit the Careers Office to get assistance: Tuesday lunchtimes have been allocated to work experience students.

Update on Year 12 students of 2017

What an exciting time it's been over the past couple of weeks with the release of tertiary placements. 82% of our Year 12 students were offered positions at University or TAFE Colleges in the first round. Students selected a range of courses including Sports Management, Law, Education, Nursing, Engineering, Hospitality, Physiotherapy and Science. Most popular course areas include Society and Culture, Health Science, Creative Arts and Management & Commerce.

Several of our students have chosen to go onto apprenticeships, traineeships, to work and/or to travel. The College wishes all of our past students the very best in their chosen pathways and we welcome any students who would like advice to visit us throughout the year.

We hope that 2019 is a successful year for all of our students, and look forward to working with many of them in planning their future pathways.
