

We want to know what will make Traralgon East a healthier place to live so, we're asking someone who lives there!

The best people to ask what makes
a neighbourhood healthier and stronger
are those who live there.

We have been asked to help make sure Traralgon East community members
are really heard when it comes to the things you want to see happen to improve
your health and wellbeing.

To do this, **we are looking for people to come along to a 'Community-Up'
discussion meeting so that we can hear firsthand what really matters to the
health of residents here in Traralgon East.**

The meeting will be held over a couple of hours in the early evening
and we'll provide a feed.

If you're interested in having a say, either call or text Margie on **0475 358 188** or send
her an email on **communityuplatrobevalley@gmail.com** and register your interest
before Monday 12 December.

You will need to leave us some contact details so we can let you know what's
happening and when.

We're looking forward to meeting you,

Margie

The Primary Agency

The Community-Up discussion is an initiative of the Department of Health and Human Services.
The Primary Agency has been employed as an independent facilitator to ensure Traralgon East
community's views are heard.
