

CULTURAL WORKSHOPS

Yaama.

Gomeroid Culture has been passed down between generations for thousands of years. Story-telling, dance, and other cultural practices such as weaving have been integral to the development of cultural identity and values for young people.

The GCA works to help support and inspire a generation of culturally strong leaders within our community. To achieve this, we aim to:

- ← Implement a culturally-driven Gomeroid self-development program that draws on the knowledge and strength of the community;
- ← Gives young people the skills, confidence and self-awareness needed to make decisions that will have a positive impact on their lives and the lives of people around them;
- ← Build participants' personal and cultural identity by providing them with a formal cultural learning experience to help them to better understand a variety of cultural skills, practices and techniques;
- ← Develop a network of like-minded young people within the community.

During Term 3 & 4 the GCA will be offering free

Cultural Immersion Workshops

to students currently in years 7 & 8 across Tamworth. These 4 hour workshops are flexible to suit the timetable of individual schools and delivered by our experienced team of cultural facilitators.

To ensure that students have a positive cultural learning experience workshop are filled with 15 students. We are available to deliver multiple workshops at the same schools if needed.

To host a GCA Immersion Workshop, we ask that schools:

- ← Fill workshop with 15 students (please contact us if you need more numbers);
- ← Provide an appropriate space for the workshop;
- ← Provide adequate supervision for workshops.
