

LITERACY HELP REQUIRED!

Over the school term we find that our Junior take home book area is in desperate need of some TLC.

Parents and helpers, we **desperately need** your help to sort out books and create a tidy and organised space from which your child can borrow take home books.

We also require some help contacting new books throughout the year.

Any help you can offer would be so appreciated and will keep our books protected! Please write your name in the box of the activity you'd like to help with!

If you'd like to help please return the form below to Amanda Chetcuti in 2C's classroom (or to the front office) by Friday 15th March 2019

I would like to help sort out the take home readers in the new building.

Note: This task will be happening on a rotational basis throughout the year and involves looking through take home readers in the new building, where the F-2 classrooms are and making sure that the leveled books are in the right boxes. This happens at a time convenient for you! 😊

I would like to help contact books throughout 2019.

Note: During the year, as Literacy books are purchased you will receive a bag filled with new books and a roll of contact. The job is to simply cover the books with contact so that they will be protected from wear and tear. This job can be done at home and at your leisure!

NAME: _____

Child's name and class: _____

Thank you,

Amanda Chetcuti & Lou Tribolet
